

2009-2010 "Idle Free Zone"

# Art Contest School Calendar

# Congratulations to our winners!

Congratulations to the winners of the “Idle Free Zone” Art Contest! The artwork featured throughout this calendar was contributed by students in grades K-12 from Kanawha County in West Virginia.

Students were asked to base their drawings on one of the facts below and then incorporate their own ideas and slogans.

**Making small decisions every day can save the planet.** Saving 10 minutes of idling a day reduces Carbon Dioxide emissions by 550 pounds per year – the weight of a female polar bear! Carbon Dioxide is a greenhouse gas that leads to global climate change.

**Save your air.** Pollutants in vehicle exhaust affect not only our environment, they also affect our health.

**Save money.** Saving 10 minutes of idling per day saves almost 9 gallons of gas per year. That’s enough for five pizzas – yum!

**Ready, set, turn your engine off.** If you are going to be parked for more than 30 seconds, turn off your engine. Idling gets the worst gas mileage possible – zero!

**Drive-thrus are not as fast as you think.** When you go to a drive-thru and idle the car, unhealthy emissions are created that we breathe. Exercise your right to clean air by parking the car and walking inside.

**Let’s get together.** Encourage your school to set up an indoor area where parents and drivers can wait for students on cold days or very hot days.

A panel judged the entries and each winner received a \$50 gift certificate. The art teacher of each winning student received a \$25 gift certificate.

The purpose of this calendar is to create awareness and educate students that idling can be harmful to their young lungs, wastes money and hurts our environment. Our hope is that the students will in turn educate moms, dads, grandmas, grandpas, school bus drivers and delivery vehicles to “Please turn your engine off while you wait.”

For more information on Idle Free Zones around West Virginia, visit our website at [www.wvdep.org/daq](http://www.wvdep.org/daq) and click on the Idle Free Zone sign.
