

NOTICE OF PUBLIC COMMENT AND HEARING

West Virginia Department of Environmental Protection Second Maintenance Plan for the 1997 Ozone Nonattainment Areas Charleston, WV (Comprising Kanawha and Putnam Counties)

The West Virginia Department of Environmental Protection (DEP), Division of Air Quality (DAQ) is soliciting comment and will hold a public hearing on the proposed *West Virginia Department of Environmental Protection Second Maintenance Plan for the Charleston, WV 1997 Ozone NAAQS Maintenance Area (Comprising Kanawha and Putnam Counties)*.

The first Maintenance Plan for the Charleston area was approved by the United States Environmental Protection Agency (U.S. EPA) concurrent with the Charleston area redesignation to attainment with the 1997 Ozone National Ambient Air Quality Standard (NAAQS) effective August 10, 2006. Under Clean Air Act (CAA) section 175A(b), states must submit a revision to the first Maintenance Plan eight years after redesignation to attainment to provide for maintenance of the NAAQS for an additional ten years following the end of the first 10-year period. The second Maintenance Plan was delayed because the U.S. EPA's final implementation rule for the 2008 ozone NAAQS revoked the 1997 ozone NAAQS and removed the requirement for a second Maintenance Plan for areas that had been redesignated to attainment with the 1997 ozone NAAQS and were designated attainment with the 2008 ozone NAAQS. The D.C. Circuit (2018) in *South Coast Air Quality Management District v. EPA* vacated U.S. EPA's previous interpretation therefore, states must now submit Maintenance Plans for the second maintenance period.

Air quality monitoring data collected in this area continues to demonstrate attainment of the NAAQS. Historical and projected emissions show that existing state and federal requirements are sufficient to maintain the NAAQS in the Charleston area. The area has been designated attainment with both the 2008 and 2015 ozone NAAQS, which are more stringent than the 1997 ozone NAAQS.

The State of West Virginia is requesting that U.S. EPA approve a second 10-year Maintenance Plan for the Charleston area with respect to the 1997 8-hour ozone NAAQS. Once finalized the *Second Maintenance Plan for the Charleston, WV 1997 Ozone NAAQS Maintenance Area (Comprising Kanawha and Putnam Counties)* will be submitted to U.S. EPA for approval and incorporation as a revision to the State Implementation Plan (SIP).

A public hearing will be held at 6 PM, November 4th, 2019 at the following location:

West Virginia DEP Headquarters
Dolly Sods Conference Room (Room 1125)
601 57th Street, SE
Charleston, WV 25304

Written and oral comments will be accepted until the close of the hearing on November 4th, 2019 and will be made part of the formal record. Written comments will also be accepted for inclusion in the formal record by mail, facsimile, email or other delivery to the Division of Air Quality if postmarked or transmitted by 5:00 PM on November 4th, 2019. Please identify the document to which the comments apply, the commenter's name, address and telephone number. Send written comments to Laura M. Crowder, Director of the Division of Air Quality at the following address:
