Additional Grant Opportunity

WVDEP's Watershed Improvement Branch (WIB) is issuing an announcement of Additional Grant Opportunity (AGO) for projects that focus on nonpoint source issues. The amount available is \$100,000. WIB is only accepting projects that can be completed on/before **June 30, 2022**. To be considered, you must submit a letter of intent (LOI) using the [online form](https://dep.wv.gov/WWE/Programs/nonpointsource/submit/Pages/LOI.aspx) found at: <https://dep.wv.gov/WWE/Programs/nonpointsource/submit/Pages/LOI.aspx>.

Projects are reviewed and selected by the WIB team. We will ask for a full proposal (workplan) from those projects that best fit the goals and objectives of the Nonpoint Source Program's Management Plan. If your proposal is selected, you will be notified by e-mail. The project work plan must be submitted within **two weeks** of the email notification. Timely responses and submissions are critical given the short timeframe for this opportunity.

The submission deadline for the LOI is May 31, 2021. For more information visit the website below; here you will find an overview of our AGO process.
