

7/7/2023

The Department of Health and Human Resources (DHHR) has provided updated mapping information to WVDEP concerning changes in the Zones of Critical Concern (ZCCs), Zones of Peripheral Concern (ZPCs), and Wellhead Protection Areas (WPAs) which includes the conjunctive delineation as defined in 64 CSR 3. This information is utilized in the assignment of "levels" to regulated ASTs. Specific public water intake changes are included in Table 1 of this document.

The 2023 source water coverage update for ASTs may result in a change to the "level" classification that WVDEP previously assigned to your tank(s) and / or the public utility and local municipality to which you are required to give notice as described in §22-30-10

WVDEP will incorporate these changes into the AST database and notify AST owners via email of their new AST level, as applicable. The level changes will be effective on January 1, 2024. Prior to the level changes becoming effective, you may view a map of the new coverage areas (see directions below).

This information is intended to assist AST owners as they make AST management decisions. However, it is not final and is considered "draft" information prior to January 1, 2024. The information is subject to change and may be incomplete.

WVDEP anticipates annual updates to ZCCs, ZPCs and WPAs will continue as water intakes and wells are installed or closed.

Directions to view a map of the draft zone changes.

1. Click on or copy and paste the following link into your web browser:  
<http://tagis.dep.wv.gov/WVWaterPlan>
2. Agree to the disclaimer.
3. Click GIS Layers list found in the upper left corner of the webpage.
4. Check DHHR Source Water Protection Areas and click on the triangle to the left reveal the sublayers.
5. Check the 2023 Source Water Coverage Update for ASTs layer to view only the changes. Additionally, you can check the SB423 layers to view currently active zones.

Should you have any questions regarding your affected ASTs, please contact Joshua Hamrick at (304) 926-0499, ext. 49758, or by email at [Joshua.R.Hamrick@wv.gov](mailto:Joshua.R.Hamrick@wv.gov)

Information regarding public water systems can be obtained by contacting the DHHR Source Water Assessment & Wellhead Protection Program. Contact information can be found at <https://oehs.wvdhhr.org/eed/staff/>

**Table 1***2023 Source Water Coverage Update for ASTs*

<b>Public Water Source Name</b>	<b>County</b>	<b>Type</b>	<b>Comments</b>
PINEVILLE MUNICIPAL WATER	WYOMING	ZCC	Zone Added
