On-site inspections measure compliance with release detection and release prevention measures of the significant operational compliance requirements described in EPA's September 30, 2003 Memorandum. Sources of release may total more than the number of confirmed releases due to some sites having multiple sources of releases. Specific information on underground storage tank release prevention is available through WVDEP's Office of Environmental Enforcement/UST Unit at 304-926-0470. Specific information on releases from underground storage tanks is available through WVDEP's Office of Environmental Remediation at 304-238-1220. The total number of USTs reflects tanks that are Temporarily out of service and currently in use, but does not reflect the number of abandoned USTs (409).
