Keyser
Facility ID No. 057-00057
Application No. R13-3363**

Magdi Hassanein,

Your application for a construction permit for the Keyser facility was received by this Division on March 27, 2017, and was assigned to Lee Martin. The following item was not included in the initial application submittal:

Original affidavit for Class I legal advertisement not submitted.

This item is necessary for the assigned permit writer to continue the 30-day completeness review.

Within 30 days, you should receive a letter from Lee stating the status of the permit application and, if complete, given an estimated time frame for the agency's final action on the permit.

Any determination of completeness shall not relieve the permit applicant of the requirement to subsequently submit, in a timely manner, any additional or corrected information deemed necessary for a final permit decision.

Should you have any questions, please contact the assigned engineer, Lee Martin, at 304-926-0499, extension 1212.
