That is not correct. Any one has until 5:00 pm of September 26, 2024, to request a public meeting or make any comment before the DAQ takes any action on REO Processing's application.

Should you or your members have any questions about their application, draft permit or the DAQ's process please contact me. Also, any one is welcome to submit comments for the record to me through this email address or by US Mail to the address in our notice.

Thanks for asking about it misunderstanding.

Ed

Hello Edward.

I had planned to mention that the public comment period would end on Thursday, September 26th 2024 at tonight's neighborhood meeting. I just happened to download the Notice of Open Comment Period just now and according to the information on it, we only had until August 30th to request a public hearing? I think we might have liked to vote on that, or at least make people aware that we could request a public meeting. So is the date for public comment/request for a meeting over with? -Linda

**AIR QUALITY  
PERMIT NOTICE**

**Notice of Open  
Consent Period**

On May 23, 2023, 100 Processing, Inc. applied to the WV Department of Environmental Protection, Division of Air Quality (DAQ) for a permit to construct and operate an activated carbon relogging and transferring operation located at 20 20th Street, Huntington, Cabell County, WV at latitude 38.427965 and longitude 80.402976. A site inventory evaluation has determined that an Open and Public Consent Period is required by the permit facility. The DAQ is providing notice to the public of an open consent period for permit application #133614.

The ambient air quality from point sources will be addressed by the permit action and the facility shall not emit 2.5 pounds per year (PPY) particulate matter, 2.5 tons per year (TPY) particulate matter, and 10 tons per year (TPY) particulate matter. The DAQ is providing notice to the public of an open consent period for permit application #133614.

Written comments or requests for a public meeting shall be received by the DAQ before 5:00 p.m. on Thursday, September 28, 2023. A public meeting may be held by the Director of the DAQ whenever that agency can provide notice to the public.

The Director of the DAQ is providing notice to the public of the proposed construction, start of construction, and other requirements. The Director of the DAQ is providing notice to the public of the proposed construction, start of construction, and other requirements. The Director of the DAQ is providing notice to the public of the proposed construction, start of construction, and other requirements.

## AIR QUALITY PERMIT NOTICE

### Notice of Open Comment Period

On May 23, 2023, REO Processing, Inc. applied to the WV Department of Environmental Protection, Division of Air Quality (DAQ) for a permit to construct and operate an activated carbon re-bagging and transferring operation located at 20 26th Street, Huntington, Cabell County, WV at latitude 38.432938 and longitude -82.40976. A preliminary evaluation has determined that all State and Federal air quality requirements will be met by the proposed facility. The DAQ is providing notice to the public of an open comment period for permit application R13-3614.

The potential emissions from point sources will be authorized by this permit action are: Particulate Matter less than 2.5 microns, 21.24 tons per year (TPY); Particulate Matter less than 10 microns, 23.55 tons per

-----

year (TPY); and Particulate Matter, 45.21 TPY; Oxides of Nitrogen, 0.20 TPY; Carbon Monoxide, 0.06 TPY; Volatile Organic Compounds, 0.01 TPY; and Total Hazardous Air Pollutants, 0.01 TPY.

Written comments or requests for a public meeting must be received by the DAQ before 5:00 p.m. on Thursday, September 26, 2024. A public meeting may be held if the Director of the DAQ determines that significant public interest has been expressed, in writing, or when the Director deems it appropriate.

The purpose of the DAQ's permitting process is to make a preliminary determination if the proposed construction will meet all state and federal air quality requirements. The purpose of the public review process is to accept public comments on air quality issues relevant to this determination. Only written comments received at the address noted below within the specified time frame, or comments presented orally at a scheduled public meeting, will be considered prior to final action on the permit. All such comments will become part of the public record.
