

AIR QUALITY PERMIT NOTICE

Notice of Open Comment Period

On October 3, 2022, Roxul USA, Inc. applied to the WV Department of Environmental Protection, Division of Air Quality (DAQ) for a permit to modify a mineral wool manufacturing facility located at 665 Northport Ave., Ranson, Jefferson County, WV at latitude 39.3775 and longitude -77.8744. A preliminary evaluation has determined that all State and Federal air quality requirements will be met by the proposed facility. The DAQ is providing notice to the public of an open comment period for permit application R14-0037A.

The following **DECREASES** in potential emissions will be authorized by this permit action: Particulate Matter, -192.73 tons per year (TPY); Particulate Matter less than 10 microns, -99.49 tpy; Particulate Matter less than 2.5 microns, -83.59 tpy; Carbon Monoxide, -11.30 tpy; Oxides of Nitrogen, -70.39 tpy; Sulfur Oxides, -6.12 tpy; Volatile Organic Compounds, -274.78; Hazardous Air Pollutants, -131.11 tpy.

Written comments must be received by the DAQ before 5:00 p.m. on October 06, 2023. A public meeting regarding this modification will be held on September 19, 2023 at Pendleton Hall, located at 119 E. Washington St. Charles Town, WV at 6:00 PM. This meeting will involve both a presentation by DAQ and a question and answer session. Additionally, a virtual meeting will be held at 6:00 PM on September 26, 2023 to take public comments. To participate in the virtual meeting, online or by telephone, registration is required by 5:00 pm on September 26, 2023. To register, please complete the registration form at <https://forms.gle/CwmDmb43MuqvbuC89>. Please indicate "yes" if you want to provide oral comments on the record, when you register. A confirmation email will be sent with information on how to join the virtual public meeting. If you do not have internet access and want to register to participate via telephone, please contact Nicole Ernest at (304) 926-0499 x41256. Oral comments are limited to five (5) minutes. Video demonstrations and screen sharing by commenters is not permitted.

The purpose of the DAQ's permitting process is to make a preliminary determination if the proposed modification will meet all State and Federal air quality requirements. The purpose of the public review process is to accept public comments on air quality issues relevant to this determination. Only written comments received at the address noted below within the specified time frame, or comments presented orally at a scheduled public meeting, will be considered prior to final action on the permit. All such comments will become part of the public record.
