Fact Sheet

For Final Renewal Permitting Action Under 45CSR30 and Title V of the Clean Air Act

Permit Number: R30-09900112-2019
Application Received: June 29, 2018
Plant Identification Number: 099-00112
Permittee: MPLX Terminal and Storage LLC
Facility Name: Butane Storage
Mailing Address: P.O. Box 1492; Catlettsburg, KY 41129

Physical Location: Kenova, Wayne County, West Virginia
UTM Coordinates: 360.647 km Easting • 4,247.173 km Northing • Zone 17
Directions: From I-64 East, take Exit 1 for US-52 S toward Kenova Ceredo. On US-52 S/W Virginia 75 E, turn right onto Co Hwy 1/16, turn left to stay on Co Hwy 1/16, turn left onto Novamount Rd, facility will be on the right.

Facility Description
This facility (SIC Code: 2869) and Catlettsburg Refining LLC’s Catlettsburg Refinery are considered a single source for Clean Air Act permitting purposes. The Catlettsburg Refinery produces butane all year. During summer operation, the refinery produces an excess of butane which is transferred by pipeline and stored in the cavern until winter when there is a higher demand to blend it into gasoline. The cavern also has the ability to store butane delivered by railcar. Historically, butane from the refinery was stored at this facility in railcars and/or other butane caverns.
Emissions Summary

Plantwide Emissions Summary [Tons per Year]

<table>
<thead>
<tr>
<th>Regulated Pollutants</th>
<th>Potential Emissions</th>
<th>2017 Actual Emissions</th>
</tr>
</thead>
<tbody>
<tr>
<td>Carbon Monoxide (CO)</td>
<td>0.00</td>
<td>0.00</td>
</tr>
<tr>
<td>Nitrogen Oxides (NOx)</td>
<td>0.00</td>
<td>0.00</td>
</tr>
<tr>
<td>Particulate Matter (PM$_{2.5}$)</td>
<td>0.00</td>
<td>0.00</td>
</tr>
<tr>
<td>Particulate Matter (PM$_{10}$)</td>
<td>0.00</td>
<td>0.00</td>
</tr>
<tr>
<td>Total Particulate Matter (TSP)</td>
<td>0.00</td>
<td>0.00</td>
</tr>
<tr>
<td>Sulfur Dioxide (SO$_2$)</td>
<td>0.00</td>
<td>0.00</td>
</tr>
<tr>
<td>Volatile Organic Compounds (VOC)</td>
<td>2.87</td>
<td>0.09</td>
</tr>
</tbody>
</table>

$PM_{10}$ is a component of TSP.

<table>
<thead>
<tr>
<th>Hazardous Air Pollutants</th>
<th>Potential Emissions</th>
<th>2017 Actual Emissions</th>
</tr>
</thead>
<tbody>
<tr>
<td>1,3-Butadiene</td>
<td>2.18E-04</td>
<td>0.00</td>
</tr>
<tr>
<td>Benzene</td>
<td>4.37E-04</td>
<td>0.00</td>
</tr>
</tbody>
</table>

Some of the above HAPs may be counted as PM or VOCs.

Title V Program Applicability Basis

This facility and Catlettsburg Refining, LLC’s Catlettsburg Refinery are considered a single source for Clean Air Act permitting purposes. The combined facility has the potential to emit 458.8 TPY of PM$_{10}$, 2,657.4 TPY of SO$_2$, 2,536.6 TPY of NOx, 4,312.2 TPY of CO, 7,322.5 TPY of VOC, 169.8 TPY of Benzene, 160.7 TPY of Cumene and 338.3 TPY of total HAPs. Due to the combined facility’s potential to emit over 100 tons per year of criteria pollutant, over 10 tons per year of a single HAP and over 25 tons per year of aggregate HAPs, MPLX Terminal and Storage LLC is required to have an operating permit pursuant to Title V of the Federal Clean Air Act as amended and 45CSR30.

Legal and Factual Basis for Permit Conditions

The State and Federally-enforceable conditions of the Title V Operating Permits are based upon the requirements of the State of West Virginia Operating Permit Rule 45CSR30 for the purposes of Title V of the Federal Clean Air Act and the underlying applicable requirements in other state and federal rules.

This facility has been found to be subject to the following applicable rules:

Federal and State: 45CSR6
                  45CSR11
                  45CSR16
                  WV Code § 22-5-4 (a) (14)
                  45CSR30
                  40 C.F.R. Part 60, Subpart VVa
                  40 C.F.R. Part 60, Subpart GGGa
                  40 C.F.R. Part 61

- Open burning prohibited.
- Standby plans for emergency episodes.
- NSPS
- The Secretary can request any pertinent information such as annual emission inventory reporting.
- Operating permit requirement.
- Equipment leaks in synthetics industry.
- Equipment leaks in petroleum refineries.
- Asbestos inspection and removal.
40 C.F.R. Part 82, Subpart F | Ozone depleting substances
---|---
State Only: | 
45CSR4 | No objectionable odors. 
45CSR17 | Fugitive particulate matter.

Each State and Federally-enforceable condition of the Title V Operating Permit references the specific relevant requirements of 45CSR30 or the applicable requirement upon which it is based. Any condition of the Title V permit that is enforceable by the State but is not Federally-enforceable is identified in the Title V permit as such.

The Secretary's authority to require standards under 40 C.F.R. Part 60 (NSPS), 40 C.F.R. Part 61 (NESHAPs), and 40 C.F.R. Part 63 (NESHAPs MACT) is provided in West Virginia Code §§ 22-5-1 et seq., 45CSR16, 45CSR34 and 45CSR30.

### Active Permits/Consent Orders

</tr>
</tbody>
</table>

Conditions from this facility's Rule 13 permit(s) governing construction-related specifications and timing requirements will not be included in the Title V Operating Permit but will remain independently enforceable under the applicable Rule 13 permit(s). All other conditions from this facility's Rule 13 permit(s) governing the source's operation and compliance have been incorporated into this Title V permit in accordance with the "General Requirement Comparison Table," which may be downloaded from DAQ's website.

### Determinations and Justifications

There have been no equipment changes nor changes to the regulatory requirements at this facility since the issuance of R30-09900112-2014.

### Non-Applicability Determinations

The following requirements have been determined not to be applicable to the subject facility due to the following:

**45CSR7—To Prevent and Control Particulate Matter Air Pollution from Manufacturing Processes and Associated Operations:** This rule does not apply since this facility does not emit smoke, particulate matter, or other gaseous matter. Also, this facility does not meet the definition of a manufacturing process in 45CSR§7-2.20.

**45CSR21—To Prevent and Control Air Pollution from the Emission of Volatile Organic Compounds:** The only potentially applicable sections of this regulation are 45CSR§21-26 for Leaks from Petroleum Refinery Equipment and 45CSR§21-40 for Other Facilities that Emit Volatile Organic Compounds. The butane cavern does not meet the definition of a petroleum refinery in 45CSR§21-2.55, since this facility is not engaged in producing gasoline, kerosene, distillate fuel oils, residual fuel oils, lubricants, or other products through distillation of petroleum or through the redistillation, cracking, or reforming of unfinished petroleum derivatives; so 45CSR§21-26 does not apply. The butane cavern’s aggregate maximum theoretical VOC emissions are below 100 TPY, so 45CSR§21-40 does not apply.

**45CSR27—To Prevent and Control the Emissions of Toxic Air Pollutants:** This facility does not meet the definition of “chemical processing unit” in 45CSR§27-2.4 since the butane stored in the cavern is below 5% benzene by weight, thus this rule does not apply.
40 CFR 64—Compliance Assurance Monitoring: This facility does not have any pollutant-specific emission units that satisfy the requirements of 40CFR§64.2(a), thus CAM does not apply.

Request for Variances or Alternatives

None

Insignificant Activities

Insignificant emission unit(s) and activities are identified in the Title V application.

Comment Period

Beginning Date: Monday, March 6, 2019
Ending Date: Friday, April 5, 2019

Point of Contact

All written comments should be addressed to the following individual and office:

Beena Modi
West Virginia Department of Environmental Protection
Division of Air Quality
601 57th Street SE
Charleston, WV 25304
Phone: 304/926-0499 ext. 1228 • Fax: 304/926-0478
Beena.j.modi@wv.gov

Procedure for Requesting Public Hearing

During the public comment period, any interested person may submit written comments on the draft permit and may request a public hearing, if no public hearing has already been scheduled. A request for public hearing shall be in writing and shall state the nature of the issues proposed to be raised in the hearing. The Secretary shall grant such a request for a hearing if he/she concludes that a public hearing is appropriate. Any public hearing shall be held in the general area in which the facility is located.

Response to Comments (Statement of Basis)

During the comment period of the permit, the contact information for EPA in condition 3.5.3 was updated.
