Fact Sheet

For Final Renewal Permitting Action Under 45CSR30 and
Title V of the Clean Air Act

Permit Number: R30-09900080-2019
Application Received: September 18, 2018
Plant Identification Number: 03-54-099-00080
Permittee: Big Sandy Peaker Plant, LLC
Mailing Address: 1044 North 115th Street, Suite 400, Omaha, NE 68154

Physical Location: Kenova, Wayne County, West Virginia
UTM Coordinates: 360.9 km Easting • 4,245.0 km Northing • Zone 17
Directions: Site is located between the Big Sandy River and State Route 52 and borders the Kenova Water Authority Treatment Plant on the south and Sunoco Chemical Plant on the North.

Facility Description
The Big Sandy Peaker Plant, LLC operates a 330 Megawatt (MW) natural gas-fired electric generating peaking station. The Big Sandy Peaker Plant is covered by SIC Code of 4911 and NAICS Code of 221112. The facility consists of twelve (12) Pratt & Whitney FT8 Twin Pac jet turbine engines arranged so that there is one engine on each end of 6 gas turbine generators. The facility has the potential to operate twenty-four (24) hours a day for seven (7) days per week and fifty-two (52) weeks per years.

Emissions Summary

<table>
<thead>
<tr>
<th>Regulated Pollutants</th>
<th>Potential Emissions</th>
<th>2018 Actual Emissions</th>
</tr>
</thead>
<tbody>
<tr>
<td>Carbon Monoxide (CO)</td>
<td>157.18</td>
<td>11.52</td>
</tr>
<tr>
<td>Nitrogen Oxides (NOₓ)</td>
<td>247.60</td>
<td>152.83</td>
</tr>
<tr>
<td>Particulate Matter (PM₂.₅)</td>
<td>26.23</td>
<td>5.80</td>
</tr>
<tr>
<td>Regulated Pollutants</td>
<td>Potential Emissions</td>
<td>2018 Actual Emissions</td>

<tr>
<td>Total HAPs</td>
<td>0.30</td>
<td>0.18</td>
</tr>
</tbody>
</table>

Some of the above HAPs may be counted as PM or VOCs.

**Title V Program Applicability Basis**

This facility has the potential to emit 157.18 tons per year of CO and 247.60 tons per year of NO$_x$. Due to this facility's potential to emit over 100 tons per year of criteria pollutant, Big Sandy Peaker Plant is required to have an operating permit pursuant to Title V of the Federal Clean Air Act as amended and 45CSR30.

**Legal and Factual Basis for Permit Conditions**

The State and Federally-enforceable conditions of the Title V Operating Permits are based upon the requirements of the State of West Virginia Operating Permit Rule 45CSR30 for the purposes of Title V of the Federal Clean Air Act and the underlying applicable requirements in other state and federal rules.

This facility has been found to be subject to the following applicable rules:

**Federal and State:**

- **45CSR6**
  - Open burning prohibited.
- **45CSR11**
  - Standby plans for emergency episodes.
- **45CSR13**
- **45CSR16**
  - Standards of Performance for New Stationary Sources
- **WV Code § 22-5-4 (a) (14)**
  - Operating permit requirement.
- **45CSR30**

West Virginia Department of Environmental Protection • Division of Air Quality
45CSR33 Acid Rain Provisions and Permits
45CSR34 Emission Standard for Hazardous Air Pollutants
40 C.F.R. Part 60 Subpart GG Standards of Performance for Stationary Gas Turbines
40 C.F.R. Part 60 Subpart III Standards of Performance for Stationary Compression Ignition Internal Combustion Engines
40 C.F.R. Part 61 Subpart M Asbestos inspection and removal
40 C.F.R. Part 64 Compliance Assurance Monitoring Permits Regulations
40 C.F.R. Part 72 Sulfur Dioxide Allowance System Permits Regulation
40 C.F.R. Part 73 Sulfur Dioxide Opt-ins
40 C.F.R. Part 74 Continuous Emissions Monitoring
40 C.F.R. Part 75 Acid Rain Nitrogen Oxides Emissions Reduction Program
40 C.F.R. Part 76 Excess Emissions
40 C.F.R. Part 77 Appeals Procedure for Acid Rain Program
40 C.F.R. Part 78 Ozone depleting substances
40 C.F.R. Part 82, Subpart F TR NOx Annual Trading Program
40 C.F.R. Part 97, Subpart AAAAA TR NOx Ozone Season Trading Program
40 C.F.R. Part 97, Subpart EEEEEE TR SOx Group I Trading Program
40 C.F.R. Part 97, Subpart CCCCC

State Only:
45CSR4 No objectionable odors.
45CSR43 Cross-State Air Pollution Rule

Each State and Federally-enforceable condition of the Title V Operating Permit references the specific relevant requirements of 45CSR30 or the applicable requirement upon which it is based. Any condition of the Title V permit that is enforceable by the State but is not Federally-enforceable is identified in the Title V permit as such.

The Secretary's authority to require standards under 40 C.F.R. Part 60 (NSPS), 40 C.F.R. Part 61 (NESHAPs), and 40 C.F.R. Part 63 (NESHAPs MACT) is provided in West Virginia Code §§ 22-5-1 et seq., 45CSR16, 45CSR34 and 45CSR30.

### Active Permits/Consent Orders

</table>
Conditions from this facility’s Rule 13 permit(s) governing construction-related specifications and timing requirements will not be included in the Title V Operating Permit but will remain independently enforceable under the applicable Rule 13 permit(s). All other conditions from this facility’s Rule 13 permit(s) governing the source's operation and compliance have been incorporated into this Title V permit in accordance with the "General Requirement Comparison Table," which may be downloaded from DAQ’s website.

**Determinations and Justifications**

- Per company’s request on June 13, 2019 through email, the Emissions Unit Description was updated in the Emission Units Table.

- In the 2018 Title V permit renewal application, the company requested that the CAM plan be modified in regard to the accuracy of the thermocouple (part of the CAM Plan) in Sections 4.2.3 & 4.7 from "+/- 2 °F" to "+/- 0.75%" per new thermocouple supplier’s specifications. The specifications were submitted by the company on June 21, 2019 through email and this change was made in the permit.

- The Acid Rain Permit was added as Appendix C, 40 C.F.R. § 60.4209 (a) was added as condition 4.1.21 and 40 C.F.R. § 60.334 (g) was added in condition 4.2.2 of this permit.

- **Title V Boilerplate changes-**
  - **Condition 3.1.9.** - This condition contained the requirements of 45CSR39 (CAIR NOx Annual Trading Program). Since CAIR has been replaced with the Cross-State Air Pollution Rule (CSAPR) trading program, the CAIR requirements have been removed from the permit. This condition now contains requirements for the “Cross-State Air Pollution Rule (CSAPR) Trading Program” of 40 CFR §97.406. The requirements of CSAPR have been added in Appendix B of the permit.

  - **Condition 3.1.10.** - This condition contained requirements of 45CSR40 (CAIR NOx Ozone Season Trading Program). Since CAIR has been replaced with the Cross-State Air Pollution Rule (CSAPR) trading program, the CAIR requirements have been removed from the permit. This condition now contains requirements for the “Cross-State Air Pollution Rule (CSAPR)Trading Program” of 40 CFR §97.806. The requirements of the Transport Rule have been added in Appendix B of the permit.

  - **Condition 3.1.11.** - This condition contained requirements of 45CSR41 (CAIR SO2 Trading Program). Since CAIR has been replaced with the Cross-State Air Pollution Rule (CSAPR) trading program, the CAIR requirements have been removed from the permit. This condition now contains requirements for the “Cross-State Air Pollution Rule (CSAPR) Trading Program” of 40 CFR §97.606. The requirements of the Transport Rule have been added in Appendix B of the permit.

- **APPENDIX B** - The CAIR requirements have been replaced with the Cross-State Air Pollution Rule Requirements.

- **40 CFR Part 64** - Since CAM was addressed in the previous renewal and there were no modifications to the facility that would have triggered a CAM review subsequent to the previous renewal, a CAM evaluation was not made.

- **APPENDIX C** - This appendix which contains the Acid Rain Permit, has been added to the renewal permit.

**Non-Applicability Determinations**

The following requirements have been determined not to be applicable to the subject facility due to the following:
| 45CSR2 | To Prevent and Control Particulate Air Pollution from Combustion of Fuel in Indirect Heat Exchangers. According to R13-2383C the natural gas turbines are subject to 45CSR2. However, the turbines are not indirect heat exchangers and by definition are not fuel burning units. The turbines use the combustion gases to turn the turbine blades. Therefore, 45CSR2 is not listed as an applicable requirement for the turbines in the Title V permit. |
| 40 C.F.R. Part 60 Subpart KKKK | Standards of Performance for Equipment Leaks of VOC From Onshore Natural Gas Processing Plant. The Big Sandy Peaker Plant is not engaged in the extraction or fractionation of natural gas liquids from field gas, the fractionation of mixed natural gas liquids to natural gas products, or both. |
| 40 C.F.R. Part 60 Subpart KKKK | Standards of Performance for Stationary Combustion Turbines. The Big Sandy Peaker Plant’s turbines were installed in 2000. The Big Sandy Peaker Plant is not subject to 40 C.F.R. Part 60 Subpart KKKK, which is for turbines that commenced construction, modification or reconstruction after February 18, 2005. |
| 40 C.F.R. Part 63 Subpart HH | National Emission Standards for Hazardous Air Pollutants From Oil and Natural Gas Production Facilities. The Big Sandy Peaker Plant is not subject to Subpart HH since the Big Sandy Peaker Plant is not a natural gas production facility. |
| 40 C.F.R. Part 63 Subpart HHH | National Emission Standards for Hazardous Air Pollutants From Natural Gas Transmission and Storage Facilities. The Big Sandy Peaker Plant is not subject to Subpart HHH since the Big Sandy Peaker Plant is not a natural gas transmission and storage facility. |
| 40 C.F.R. Part 63 Subpart YYYY | National Emission Standards for Hazardous Air Pollutants for Stationary Combustion Turbines. The Big Sandy Peaker Plant is not subject to Subpart YYYY since it is not a major source of HAPs. |

**Request for Variances or Alternatives**
None

**Insignificant Activities**
Insufficient emission unit(s) and activities are identified in the Title V application.

**Comment Period**
Beginning Date: July 3, 2019
Ending Date: August 2, 2019

**Point of Contact**
All written comments should be addressed to the following individual and office:

Beena Modi
West Virginia Department of Environmental Protection

Procedure for Requesting Public Hearing

During the public comment period, any interested person may submit written comments on the draft permit and may request a public hearing, if no public hearing has already been scheduled. A request for public hearing shall be in writing and shall state the nature of the issues proposed to be raised in the hearing. The Secretary shall grant such a request for a hearing if he/she concludes that a public hearing is appropriate. Any public hearing shall be held in the general area in which the facility is located.

Response to Comments (Statement of Basis)
