(B) Each CSAPR NO\textsubscript{X} Annual allowance that the owners and operators fail to hold for such control period in accordance with paragraphs (c)(2)(i) through (iii) of this section and each day of such control period shall constitute a separate violation of this subpart and the Clean Air Act.

(3) Compliance periods. (i) A CSAPR NO\textsubscript{X} Annual unit shall be subject to the requirements under paragraph (c)(1) of this section for the control period starting on the later of January 1, 2015 or the deadline for meeting the unit's monitor certification requirements under §97.430(b) and for each control period thereafter.

(ii) A CSAPR NO\textsubscript{X} Annual unit shall be subject to the requirements under paragraph (c)(2) of this section for the control period starting on the later of January 1, 2017 or the deadline for meeting the unit's monitor certification requirements under §97.430(b) and for each control period thereafter.

(4) Vintage of CSAPR NO\textsubscript{X} Annual allowances held for compliance. (i) A CSAPR NO\textsubscript{X} Annual allowance held for compliance with the requirements under paragraph (c)(1)(i) of this section for a control period in a given year must be a CSAPR NO\textsubscript{X} Annual allowance that was allocated or auctioned for such control period or a control period in a prior year.

(ii) A CSAPR NO\textsubscript{X} Annual allowance held for compliance with the requirements under paragraphs (c)(1)(ii)(A) and (2)(i) through (iii) of this section for a control period in a given year must be a CSAPR NO\textsubscript{X} Annual allowance that was allocated or auctioned for a control period in a prior year or the control period in the given year or in the immediately following year.

(5) Allowance Management System requirements. Each CSAPR NO\textsubscript{X} Annual allowance shall be held in, deducted from, or transferred into, out of, or between Allowance Management System accounts in accordance with this subpart.

(6) Limited authorization. A CSAPR NO\textsubscript{X} Annual allowance is a limited authorization to emit one ton of NO\textsubscript{X} during the control period in one year. Such authorization is limited in its use and duration as follows:

(i) Such authorization shall only be used in accordance with the CSAPR NO\textsubscript{X} Annual Trading Program; and
(ii) Notwithstanding any other provision of this subpart, the Administrator has the authority to terminate or limit the use and duration of such authorization to the extent the Administrator determines is necessary or appropriate to implement any provision of the Clean Air Act.

(7) Property right. A CSAPR NOX Annual allowance does not constitute a property right.

(d) Title V permit requirements. (1) No title V permit revision shall be required for any allocation, holding, deduction, or transfer of CSAPR NOX Annual allowances in accordance with this subpart.

(2) A description of whether a unit is required to monitor and report NOX emissions using a continuous emission monitoring system (under subpart H of part 75 of this chapter), an excepted monitoring system (under appendices D and E to part 75 of this chapter), a low mass emissions excepted monitoring methodology (under §75.19 of this chapter), or an alternative monitoring system (under subpart E of part 75 of this chapter) in accordance with §§97.430 through 97.435 may be added to, or changed in, a title V permit using minor permit modification procedures in accordance with §§70.7(e)(2) and 71.7(e)(1) of this chapter, provided that the requirements applicable to the described monitoring and reporting (as added or changed, respectively) are already incorporated in such permit. This paragraph explicitly provides that the addition of, or change to, a unit's description as described in the prior sentence is eligible for minor permit modification procedures in accordance with §§70.7(e)(2)(i)(B) and 71.7(e)(1)(i)(B) of this chapter.

(e) Additional recordkeeping and reporting requirements. (1) Unless otherwise provided, the owners and operators of each CSAPR NOX Annual source and each CSAPR NOX Annual unit at the source shall keep on site at the source each of the following documents (in hardcopy or electronic format) for a period of 5 years from the date the document is created. This period may be extended for cause, at any time before the end of 5 years, in writing by the Administrator.

(i) The certificate of representation under §97.416 for the designated representative for the source and each CSAPR NOX Annual unit at the source and all documents that demonstrate the truth of the statements in the certificate of representation; provided that the certificate and documents shall be retained on site at the source beyond such 5-year period until such certificate of representation and documents are superseded because of the submission of a new certificate of representation under §97.416 changing the designated representative.

(ii) All emissions monitoring information, in accordance with this subpart.

(iii) Copies of all reports, compliance certifications, and other submissions and all records made or required under, or to demonstrate compliance with the requirements of, the CSAPR NOX Annual Trading Program.

(2) The designated representative of a CSAPR NOX Annual source and each CSAPR NOX Annual unit at the source shall make all submissions required under the CSAPR NOX Annual Trading Program, except as provided in §97.418. This requirement does not change, create an exemption from, or otherwise affect the responsible official submission requirements under a title V operating permit program in parts 70 and 71 of this chapter.

(f) Liability. (1) Any provision of the CSAPR NOX Annual Trading Program that applies to a CSAPR NOX Annual source or the designated representative of a CSAPR NOX Annual source shall also apply to the owners and operators of such source and of the CSAPR NOX Annual units at the source.

(2) Any provision of the CSAPR NOX Annual Trading Program that applies to a CSAPR NOX Annual unit or the designated representative of a CSAPR NOX Annual unit shall also apply to the owners and operators of such unit.

(g) Effect on other authorities. No provision of the CSAPR NOX Annual Trading Program or exemption under §97.405 shall be construed as exempting or excluding the owners and operators, and the designated representative, of a CSAPR NOX Annual source or CSAPR NOX Annual unit from compliance with any other provision of the applicable, approved State implementation plan, a federally enforceable permit, or the Clean Air Act.

(c) Unless otherwise stated, if the final day of any time period, under the CSAPR NO\textsubscript{X} Annual Trading Program, is not a business day, the time period shall be extended to the next business day.

§97.411 Timing requirements for CSAPR NO\textsubscript{X} Annual allowance allocations.

(a) Existing units. (1) CSAPR NO\textsubscript{X} Annual allowances are allocated, for the control periods in 2015 and each year thereafter, as provided in a notice of data availability issued by the Administrator. Providing an allocation to a unit in such notice does not constitute a determination that the unit is a CSAPR NO\textsubscript{X} Annual unit, and not providing an allocation to a unit in such notice does not constitute a determination that the unit is not a CSAPR NO\textsubscript{X} Annual unit.

(2) Notwithstanding paragraph (a)(1) of this section, if a unit provided an allocation in the notice of data availability issued under paragraph (a)(1) of this section does not operate, starting after 2014, during the control period in two consecutive years, such unit will not be allocated the CSAPR NO\textsubscript{X} Annual allowances provided in such notice for the unit for the control periods in the fifth year after the first such year and in each year after that fifth year. All CSAPR NO\textsubscript{X} Annual allowances that would otherwise have been allocated to such unit will be allocated to the new unit set-aside for the State where such unit is located and for the respective years involved. If such unit resumes operation, the Administrator will allocate CSAPR NO\textsubscript{X} Annual allowances to the unit in accordance with paragraph (b) of this section.

(b) New units—(1) New unit set-asides. (i) By June 1, 2015 and June 1 of each year thereafter, the Administrator will calculate the CSAPR NO\textsubscript{X} Annual allowance allocation to each CSAPR NO\textsubscript{X} Annual unit in a State, in accordance with §97.412(a)(2) through (7) and (12), for the control period in the year of the applicable calculation deadline under this paragraph and will promulgate a notice of data availability of the results of the calculations.

(ii) For each notice of data availability required in paragraph (b)(1)(i) of this section, the Administrator will provide an opportunity for submission of objections to the calculations referenced in such notice.

(A) Objections shall be submitted by the deadline specified in each notice of data availability required in paragraph (b)(1)(i) of this section and shall be limited to addressing whether the calculations (including the identification of the CSAPR NO\textsubscript{X} Annual units) are in accordance with §97.412(a)(2) through (7) and (12) and §§97.406(b)(2) and 97.430 through 97.435.

(B) The Administrator will adjust the calculations to the extent necessary to ensure that they are in accordance with the provisions referenced in paragraph (b)(1)(ii)(A) of this section. By August 1 immediately after the promulgation of each notice of data availability required in paragraph (b)(1)(i) of this section, the Administrator will promulgate a notice of data availability of any adjustments that the Administrator determines to be necessary with regard to allocations under §97.412(a)(2) through (7) and (12) and the reasons for accepting or rejecting any objections submitted in accordance with paragraph (b)(1)(ii)(A) of this section.

(iii) If the new unit set-aside for such control period contains any CSAPR NO\textsubscript{X} Annual allowances that have not been allocated in the applicable notice of data availability required in paragraph (b)(1)(ii) of this section, the Administrator will promulgate, by December 15 immediately after such notice, a notice of data availability that identifies any CSAPR NO\textsubscript{X} Annual units that commenced commercial operation during the period starting January 1 of the year before the year of such control period and ending November 30 of the year of such control period.

(iv) For each notice of data availability required in paragraph (b)(1)(iii) of this section, the Administrator will provide an opportunity for submission of objections to the identification of CSAPR NO\textsubscript{X} Annual units in such notice.
(A) Objections shall be submitted by the deadline specified in each notice of data availability required in paragraph (b)(1)(iii) of this section and shall be limited to addressing whether the identification of CSAPR NO\textsubscript{X} Annual units in such notice is in accordance with paragraph (b)(1)(iii) of this section.

(B) The Administrator will adjust the identification of CSAPR NO\textsubscript{X} Annual units in each notice of data availability required in paragraph (b)(1)(iii) of this section to the extent necessary to ensure that it is in accordance with paragraph (b)(1)(iii) of this section and will calculate the CSAPR NO\textsubscript{X} Annual allowance allocation to each CSAPR NO\textsubscript{X} Annual unit in accordance with §97.412(a)(9), (10), and (12) and §§97.406(b)(2) and 97.430 through 97.435. By February 15 immediately after the promulgation of each notice of data availability required in paragraph (b)(1)(iii) of this section, the Administrator will promulgate a notice of data availability of any adjustments of the identification of CSAPR NO\textsubscript{X} Annual units that the Administrator determines to be necessary, the reasons for accepting or rejecting any objections submitted in accordance with paragraph (b)(1)(iv)(A) of this section, and the results of such calculations.

(v) To the extent any CSAPR NO\textsubscript{X} Annual allowances are added to the new unit set-aside after promulgation of each notice of data availability required in paragraph (b)(1)(iv) of this section, the Administrator will promulgate additional notices of data availability, as deemed appropriate, of the allocation of such CSAPR NO\textsubscript{X} Annual allowances in accordance with §97.412(a)(10).

(2) Indian country new unit set-asides. 

(i) By June 1, 2015 and June 1 of each year thereafter, the Administrator will calculate the CSAPR NO\textsubscript{X} Annual allowance allocation to each CSAPR NO\textsubscript{X} Annual unit in Indian country within the borders of a State, in accordance with §97.412(b)(2) through (7) and (12), for the control period in the year of the applicable calculation deadline under this paragraph and will promulgate a notice of data availability of the results of the calculations.

(ii) For each notice of data availability required in paragraph (b)(2)(i) of this section, the Administrator will provide an opportunity for submission of objections to the calculations referenced in such notice.

(A) Objections shall be submitted by the deadline specified in each notice of data availability required in paragraph (b)(2)(i) of this section and shall be limited to addressing whether the calculations (including the identification of the CSAPR NO\textsubscript{X} Annual units) are in accordance with §97.412(b)(2) through (7) and (12) and §§97.406(b)(2) and 97.430 through 97.435.

(B) The Administrator will adjust the calculations to the extent necessary to ensure that they are in accordance with the provisions referenced in paragraph (b)(2)(i)(A) of this section. By August 1 immediately after the promulgation of each notice of data availability required in paragraph (b)(2)(i) of this section, the Administrator will promulgate a notice of data availability of any adjustments that the Administrator determines to be necessary with regard to allocations under §97.412(b)(2) through (7) and (12) and the reasons for accepting or rejecting any objections submitted in accordance with paragraph (b)(2)(i)(A) of this section.

(iii) If the Indian country new unit set-aside for such control period contains any CSAPR NO\textsubscript{X} Annual allowances that have not been allocated in the applicable notice of data availability required in paragraph (b)(2)(i) of this section, the Administrator will promulgate, by December 15 immediately after such notice, a notice of data availability that identifies any CSAPR NO\textsubscript{X} Annual units that commenced commercial operation during the period starting January 1 of the year before the year of such control period and ending November 30 of the year of such control period.

(iv) For each notice of data availability required in paragraph (b)(2)(iii) of this section, the Administrator will provide an opportunity for submission of objections to the identification of CSAPR NO\textsubscript{X} Annual units in such notice.

(A) Objections shall be submitted by the deadline specified in each notice of data availability required in paragraph (b)(2)(ii) of this section and shall be limited to addressing whether the identification of CSAPR NO\textsubscript{X} Annual units in such notice is in accordance with paragraph (b)(2)(iii) of this section.

(B) The Administrator will adjust the identification of CSAPR NO\textsubscript{X} Annual units in each notice of data availability required in paragraph (b)(2)(iii) of this section to the extent necessary to ensure that it is in accordance with paragraph (b)(2)(iii) of this section and will calculate the CSAPR NO\textsubscript{X} Annual allowance allocation to each CSAPR NO\textsubscript{X} Annual unit in accordance with §97.412(b)(9), (10), and (12) and §§97.406(b)(2) and 97.430 through 97.435. By February 15 immediately after the promulgation of each notice of data availability required in paragraph (b)(2)(iii) of this section, the Administrator will promulgate a notice of data availability of any adjustments of the identification of CSAPR NO\textsubscript{X} Annual units that the Administrator determines to be necessary, the reasons for accepting or rejecting any objections submitted in accordance with paragraph (b)(2)(iv)(A) of this section, and the results of such calculations.

(v) To the extent any CSAPR NO\textsubscript{X} Annual allowances are added to the Indian country new unit set-aside after promulgation of each notice of data availability required in paragraph (b)(2)(iv) of this section, the Administrator will promulgate additional notices of data availability, as deemed appropriate, of the allocation of such CSAPR NO\textsubscript{X} Annual allowances in accordance with §97.412(b)(10).
(c) Units incorrectly allocated CSAPR NOx Annual allowances. (1) For each control period in 2015 and thereafter, if the Administrator determines that CSAPR NOx Annual allowances were allocated under paragraph (a) of this section, or under a provision of a SIP revision approved under §52.38(a)(3), (4), or (5) of this chapter, where such control period and the recipient are covered by the provisions of paragraph (c)(1)(i) of this section or were allocated under §97.412(a)(2) through (7), (9), and (12) and (b)(2) through (7), (9), and (12), or under a provision of a SIP revision approved under §52.38(a)(4) or (5) of this chapter, where such control period and the recipient are covered by the provisions of paragraph (c)(1)(i) of this section, then the Administrator will notify the designated representative of the recipient and will act in accordance with the procedures set forth in paragraphs (c)(2) through (5) of this section:

(B) The recipient is not located as of January 1 of the control period in the State from whose NOx Annual trading budget the CSAPR NOx Annual allowances allocated under paragraph (a) of this section, or under a provision of a SIP revision approved under §52.38(a)(3), (4), or (5) of this chapter, were allocated for such control period.

(ii) The recipient is not actually a CSAPR NOx Annual unit under §97.404 as of January 1 of such control period and is allocated CSAPR NOx Annual allowances for such control period or, in the case of an allocation under a provision of a SIP revision approved under §52.38(a)(4) or (5) of this chapter, the recipient is not actually a CSAPR NOx Annual unit as of January 1 of such control period and is allocated CSAPR NOx Annual allowances for such control period that the SIP revision provides should be allocated only to recipients that are CSAPR NOx Annual units as of January 1 of such control period.

(2) Except as provided in paragraph (c)(3) or (4) of this section, the Administrator will not record such CSAPR NOx Annual allowances under §97.421.

(3) If the Administrator already recorded such CSAPR NOx Annual allowances under §97.421 and if the Administrator makes the determination under paragraph (c)(1) of this section before making deductions for the source that includes such recipient under §97.424(b) for such control period, then the Administrator will deduct from the account in which such CSAPR NOx Annual allowances were recorded an amount of CSAPR NOx Annual allowances allocated for the same or a prior control period equal to the amount of such already recorded CSAPR NOx Annual allowances. The authorized account representative shall ensure that there are sufficient CSAPR NOx Annual allowances in such account for completion of the deduction.

(4) If the Administrator already recorded such CSAPR NOx Annual allowances under §97.421 and if the Administrator makes the determination under paragraph (c)(1) of this section after making deductions for the source that includes such recipient under §97.424(b) for such control period, then the Administrator will not make any deduction to take account of such already recorded CSAPR NOx Annual allowances.

(5)(i) With regard to the CSAPR NOx Annual allowances that are not recorded, or that are deducted as an incorrect allocation, in accordance with paragraphs (c)(2) and (3) of this section for a recipient under paragraph (c)(1)(i) of this section, the Administrator will:

(A) Transfer such CSAPR NOx Annual allowances to the new unit set-aside for such control period for the State from whose NOx Annual trading budget the CSAPR NOx Annual allowances were allocated; or

(B) If the State has a SIP revision approved under §52.38(a)(4) or (5) of this chapter covering such control period, include such CSAPR NOx Annual allowances in the portion of the State NOx Annual trading budget that may be allocated for such control period in accordance with such SIP revision.

(B) If the State has a SIP revision approved under §52.38(a)(4) or (5) of this chapter covering such control period, include such CSAPR NOx Annual allowances in the portion of the State NOx Annual trading budget that may be allocated for such control period in accordance with such SIP revision.
(iii) With regard to the CSAPR NO\textsubscript{X} Annual allowances that were allocated from the Indian country new unit set-aside for such control period and that are not recorded, or that are deducted as an incorrect allocation, in accordance with paragraphs (c) (2) and (3) of this section for a recipient under paragraph (c)(1)(ii) of this section, the Administrator will transfer such CSAPR NO\textsubscript{X} Annual allowances to the Indian country new unit set-aside for such control period.

\section*{§97.412 CSAPR NO\textsubscript{X} Annual allowance allocations to new units.}

(a) For each control period in 2015 and thereafter and for the CSAPR NO\textsubscript{X} Annual units in each State, the Administrator will allocate CSAPR NO\textsubscript{X} Annual allowances to the CSAPR NO\textsubscript{X} Annual units as follows:

(1) The CSAPR NO\textsubscript{X} Annual allowances will be allocated to the following CSAPR NO\textsubscript{X} Annual units, except as provided in paragraph (a)(10) of this section:

(i) CSAPR NO\textsubscript{X} Annual units that are not allocated an amount of CSAPR NO\textsubscript{X} Annual allowances in the notice of data availability issued under §97.411(a)(1);

(ii) CSAPR NO\textsubscript{X} Annual units whose allocation of an amount of CSAPR NO\textsubscript{X} Annual allowances for such control period in the notice of data availability issued under §97.411(a)(1) is covered by §97.411(c)(2) or (3);

(iii) CSAPR NO\textsubscript{X} Annual units that are allocated an amount of CSAPR NO\textsubscript{X} Annual allowances for such control period in the notice of data availability issued under §97.411(a)(1), which allocation is terminated for such control period pursuant to §97.411(a)(2), and that operate during the control period immediately preceding such control period; or

(iv) For purposes of paragraph (a)(9) of this section, CSAPR NO\textsubscript{X} Annual units under §97.411(c)(1)(ii) whose allocation of an amount of CSAPR NO\textsubscript{X} Annual allowances for such control period in the notice of data availability issued under §97.411(b) (1)(ii)(B) is covered by §97.411(c)(2) or (3).

(2) The Administrator will establish a separate new unit set-aside for the State for each such control period. Each such new unit set-aside will be allocated CSAPR NO\textsubscript{X} Annual allowances in an amount equal to the applicable amount of tons of NO\textsubscript{X} emissions as set forth in §97.410(a) and will be allocated additional CSAPR NO\textsubscript{X} Annual allowances (if any) in accordance with §97.410(a) and (c)(5) and paragraph (b)(10) of this section.

(3) The Administrator will determine, for each CSAPR NO\textsubscript{X} Annual unit described in paragraph (a)(1) of this section, an allocation of CSAPR NO\textsubscript{X} Annual allowances for the later of the following control periods and for each subsequent control period:

(i) The control period in 2015;

(ii) The first control period after the control period in which the CSAPR NO\textsubscript{X} Annual unit commences commercial operation;

(iii) For a unit described in paragraph (a)(1)(ii) of this section, the first control period in which the CSAPR NO\textsubscript{X} Annual unit operates in the State after operating in another jurisdiction and for which the unit is not already allocated one or more CSAPR NO\textsubscript{X} Annual allowances; and

(iv) For a unit described in paragraph (a)(1)(iii) of this section, the first control period after the control period in which the unit resumes operation.

(4)(i) The allocation to each CSAPR NO\textsubscript{X} Annual unit described in paragraphs (a)(1)(i) through (iii) of this section and for each control period described in paragraph (a)(3) of this section will be an amount equal to the unit's total tons of NO\textsubscript{X} emissions during the immediately preceding control period.

(ii) The Administrator will adjust the allocation amount in paragraph (a)(4)(i) of this section in accordance with paragraphs (a)(5) through (7) and (12) of this section.

(5) The Administrator will calculate the sum of the CSAPR NO\textsubscript{X} Annual allowances determined for all such CSAPR NO\textsubscript{X} Annual units under paragraph (a)(4)(i) of this section in the State for such control period.

(6) If the amount of CSAPR NO\textsubscript{X} Annual allowances in the new unit set-aside for the State for such control period is greater than or equal to the sum under paragraph (a)(5) of this section, then the Administrator will allocate the amount of CSAPR NO\textsubscript{X} allowances determined for the new unit set-aside.
Annual allowances determined for each such CSAPR NO\textsubscript{X} Annual unit under paragraph (a)(4)(i) of this section.

(7) If the amount of CSAPR NO\textsubscript{X} Annual allowances in the new unit set-aside for the State for such control period is less than the sum under paragraph (a)(5) of this section, then the Administrator will allocate to each such CSAPR NO\textsubscript{X} Annual unit the amount of the CSAPR NO\textsubscript{X} Annual allowances determined under paragraph (a)(4)(i) of this section for the unit, multiplied by the amount of CSAPR NO\textsubscript{X} Annual allowances in the new unit set-aside for such control period, divided by the sum under paragraph (a)(5) of this section, and rounded to the nearest allowance.

(8) The Administrator will notify the public, through the promulgation of the notices of data availability described in §97.411(b)(1)(i) and (ii), of the amount of CSAPR NO\textsubscript{X} Annual allowances allocated under paragraphs (a)(2) through (7) and (12) of this section for such control period to each CSAPR NO\textsubscript{X} Annual unit eligible for such allocation.

(9) If, after completion of the procedures under paragraphs (a)(5) through (8) of this section for such control period, any unallocated CSAPR NO\textsubscript{X} Annual allowances remain in the new unit set-aside for the State for such control period, the Administrator will allocate such CSAPR NO\textsubscript{X} Annual allowances as follows—

(i) The Administrator will determine, for each unit described in paragraph (a)(1) of this section that commenced commercial operation during the period starting January 1 of the year before the year of such control period and ending November 30 of the year of such control period, the positive difference (if any) between the unit's emissions during such control period and the amount of CSAPR NO\textsubscript{X} Annual allowances referenced in the notice of data availability required under §97.411(b)(1)(ii) for the unit for such control period;

(ii) The Administrator will determine the sum of the positive differences determined under paragraph (a)(9)(i) of this section;

(iii) If the amount of unallocated CSAPR NO\textsubscript{X} Annual allowances remaining in the new unit set-aside for the State for such control period is greater than or equal to the sum determined under paragraph (a)(9)(ii) of this section, then the Administrator will allocate the amount of CSAPR NO\textsubscript{X} Annual allowances determined under paragraph (a)(9)(i) of this section, paragraphs (a)(6), (9)(iii), and (10) of this section, as applicable, and, in cases of equal allocation amounts, in alphabetical order of the relevant source's name and Annual units in descending order based on the amount of such units' allocations under paragraph (a)(7), (9)(iv), or (10) of this section, as applicable, by one CSAPR NO\textsubscript{X} Annual allowance (but not below zero) in the order in which the units are listed and will repeat this reduction process as necessary, until the total allocations of such new unit set-aside equal the total amount of such new unit set-aside.

(iv) If the amount of unallocated CSAPR NO\textsubscript{X} Annual allowances remaining in the new unit set-aside for the State for such control period is less than the sum under paragraph (a)(9)(ii) of this section, then the Administrator will allocate to each such CSAPR NO\textsubscript{X} Annual unit the amount of the CSAPR NO\textsubscript{X} Annual allowances determined under paragraph (a)(9)(i) of this section; and

(v) If the amount of unallocated CSAPR NO\textsubscript{X} Annual allowances remaining in the new unit set-aside for the State for such control period is less than the sum under paragraph (a)(9)(ii) of this section, then the Administrator will allocate to each such CSAPR NO\textsubscript{X} Annual unit the amount of the CSAPR NO\textsubscript{X} Annual allowances determined under paragraph (a)(9)(i) of this section, multiplied by the amount of unallocated CSAPR NO\textsubscript{X} Annual allowances remaining in the new unit set-aside for such control period, divided by the sum under paragraph (a)(9)(i) of this section, and rounded to the nearest allowance.

(10) If, after completion of the procedures under paragraphs (a)(9) and (12) of this section for such control period, any unallocated CSAPR NO\textsubscript{X} Annual allowances remain in the new unit set-aside for the State for such control period, the Administrator will allocate to each CSAPR NO\textsubscript{X} Annual unit that is in the State, is allocated an amount of CSAPR NO\textsubscript{X} Annual allowances in the notice of data availability issued under §97.411(a)(1), and continues to be allocated CSAPR NO\textsubscript{X} Annual allowances for such control period in accordance with §97.411(a)(2), an amount of CSAPR NO\textsubscript{X} Annual allowances equal to the following: The total amount of such remaining unallocated CSAPR NO\textsubscript{X} Annual allowances in each such new unit set-aside, multiplied by the amount of unallocated CSAPR NO\textsubscript{X} Annual allowances remaining in the new unit set-aside for such control period, divided by the sum under paragraph (a)(9)(i) of this section, and rounded to the nearest allowance.

(11) The Administrator will notify the public, through the promulgation of the notices of data availability described in §97.411(b)(1)(iii), (iv), and (v), of the amount of CSAPR NO\textsubscript{X} Annual allowances allocated under paragraphs (a)(9), (10), and (12) of this section for such control period to each CSAPR NO\textsubscript{X} Annual unit eligible for such allocation.

(12)(i) Notwithstanding the requirements of paragraphs (a)(2) through (11) of this section, if the calculations of allocations of a new unit set-aside for a control period in a given year under paragraph (a)(7) of this section, paragraphs (a)(6) and (9)(iv) of this section, or paragraphs (a)(6), (9)(iii), and (10) of this section would otherwise result in total allocations of such new unit set-aside exceeding the total amount of such new unit set-aside, then the Administrator will adjust the results of the calculations under paragraph (a)(7), (9)(iv), or (10) of this section, as applicable, as follows. The Administrator will list the CSAPR NO\textsubscript{X} Annual units in descending order based on the amount of such units' allocations under paragraph (a)(7), (9)(iv), or (10) of this section, as applicable, and, in cases of equal allocation amounts, in alphabetical order of the relevant source's name and numerical order of the relevant unit's identification number, and will reduce each unit's allocation under paragraph (a)(7), (9)(iv), or (10) of this section, as applicable, by one CSAPR NO\textsubscript{X} Annual allowance (but not below zero) in the order in which the units are listed and will repeat this reduction process as necessary, until the total allocations of such new unit set-aside equal the total amount of such new unit set-aside.

Notwithstanding the requirements of paragraphs (a)(10) and (11) of this section, if the calculations of allocations of a new unit set-aside for a control period in a given year under paragraphs (a)(6), (9)(iii), and (10) of this section would otherwise result in a total allocations of such new unit set-aside less than the total amount of such new unit set-aside, then the Administrator will adjust the results of the calculations under paragraph (a)(10) of this section, as follows. The Administrator will list the CSAPR NO\textsubscript{X} Annual units in descending order based on the amount of such units’ allocations under paragraph (a)(10) of this section and, in cases of equal allocation amounts, in alphabetical order of the relevant source’s name and numerical order of the relevant unit’s identification number, and will increase each unit’s allocation under paragraph (a)(10) of this section by one CSAPR NO\textsubscript{X} Annual allowance in the order in which the units are listed and will repeat this increase process as necessary, until the total allocations of such new unit set-aside equal the total amount of such new unit set-aside.

For each control period in 2015 and thereafter and for the CSAPR NO\textsubscript{X} Annual units located in Indian country within the borders of each State, the Administrator will allocate CSAPR NO\textsubscript{X} Annual allowances to the CSAPR NO\textsubscript{X} Annual units as follows:

1. The CSAPR NO\textsubscript{X} Annual allowances will be allocated to the following CSAPR NO\textsubscript{X} Annual units, except as provided in paragraph (b)(10) of this section:

   - CSAPR NO\textsubscript{X} Annual units that are not allocated an amount of CSAPR NO\textsubscript{X} Annual allowances in the notice of data availability issued under §97.411(a)(1); or

   - For purposes of paragraph (b)(9) of this section, CSAPR NO\textsubscript{X} Annual units under §97.411(c)(1)(ii) whose allocation of an amount of CSAPR NO\textsubscript{X} Annual allowances for such control period in the notice of data availability issued under §97.411(b)(2)(ii)(B) is covered by §97.411(c)(2) or (3).

2. The Administrator will establish a separate Indian country new unit set-aside for the State for each such control period. Each such Indian country new unit set-aside will be allocated CSAPR NO\textsubscript{X} Annual allowances in an amount equal to the applicable amount of tons of NO\textsubscript{X} emissions as set forth in §97.410(a) and will be allocated additional CSAPR NO\textsubscript{X} Annual allowances (if any) in accordance with §97.411(c)(5).

3. The Administrator will determine, for each CSAPR NO\textsubscript{X} Annual unit described in paragraph (b)(1) of this section, an allocation of CSAPR NO\textsubscript{X} Annual allowances for the later of the following control periods and for each subsequent control period:

   - The control period in 2015; and

   - The first control period after the control period in which the CSAPR NO\textsubscript{X} Annual unit commences commercial operation.

4. The allocation to each CSAPR NO\textsubscript{X} Annual unit described in paragraph (b)(1)(i) of this section and for each control period described in paragraph (b)(3) of this section will be an amount equal to the unit’s total tons of NO\textsubscript{X} emissions during the immediately preceding control period.

5. The Administrator will adjust the allocation amount in paragraph (b)(5) of this section in accordance with paragraphs (b)(5) through (12) of this section.

6. The Administrator will calculate the sum of the CSAPR NO\textsubscript{X} Annual allowances determined for all such CSAPR NO\textsubscript{X} Annual units under paragraph (b)(4)(i) of this section in Indian country within the borders of the State for such control period.

7. If the amount of CSAPR NO\textsubscript{X} Annual allowances in the Indian country new unit set-aside for the State for such control period is greater than or equal to the sum under paragraph (b)(5) of this section, then the Administrator will allocate the amount of CSAPR NO\textsubscript{X} Annual allowances determined for each such CSAPR NO\textsubscript{X} Annual unit under paragraph (b)(4)(i) of this section.

8. If the amount of CSAPR NO\textsubscript{X} Annual allowances in the Indian country new unit set-aside for the State for such control period is less than the sum under paragraph (b)(5) of this section, then the Administrator will allocate to each such CSAPR NO\textsubscript{X} Annual unit the amount of the CSAPR NO\textsubscript{X} Annual allowances determined under paragraph (b)(4)(i) of this section for the unit, multiplied by the amount of CSAPR NO\textsubscript{X} Annual allowances in the Indian country new unit set-aside for such control period, divided by the sum under paragraph (b)(5) of this section, and rounded to the nearest allowance.

9. The Administrator will notify the public, through the promulgation of the notices of data availability described in §97.411(b)(2)(i) and (ii), of the amount of CSAPR NO\textsubscript{X} Annual allowances allocated under paragraphs (b)(2) through (7) and (12) of this section for each control period for each CSAPR NO\textsubscript{X} Annual unit eligible for such allocation.
(9) If, after completion of the procedures under paragraphs (b)(5) through (8) of this section for such control period, any unallocated CSAPR NO\textsubscript{X} Annual allowances remain in the Indian country new unit set-aside for the State for such control period, the Administrator will allocate such CSAPR NO\textsubscript{X} Annual allowances as follows—

(i) The Administrator will determine, for each unit described in paragraph (b)(1) of this section that commenced commercial operation during the period starting January 1 of the year before the year of such control period and ending November 30 of the year of such control period, the positive difference (if any) between the unit's emissions during such control period and the amount of CSAPR NO\textsubscript{X} Annual allowances referenced in the notice of data availability required under §97.411(b)(2)(ii) for the unit for such control period;

(ii) The Administrator will determine the sum of the positive differences determined under paragraph (b)(9)(i) of this section;

(iii) If the amount of unallocated CSAPR NO\textsubscript{X} Annual allowances remaining in the Indian country new unit set-aside for the State for such control period is greater than or equal to the sum determined under paragraph (b)(9)(ii) of this section, then the Administrator will allocate the amount of CSAPR NO\textsubscript{X} Annual allowances determined for each such CSAPR NO\textsubscript{X} Annual unit under paragraph (b)(9)(i) of this section; and

(iv) If the amount of unallocated CSAPR NO\textsubscript{X} Annual allowances remaining in the Indian country new unit set-aside for the State for such control period is less than the sum under paragraph (b)(9)(ii) of this section, then the Administrator will allocate the amount of CSAPR NO\textsubscript{X} Annual allowances determined for each such CSAPR NO\textsubscript{X} Annual unit under paragraph (b)(9)(i) of this section, divided by the sum under paragraph (b)(9)(ii) of this section, and rounded to the nearest allowance.

(10) If, after completion of the procedures under paragraphs (b)(9) and (12) of this section for such control period, any unallocated CSAPR NO\textsubscript{X} Annual allowances remain in the Indian country new unit set-aside for the State for such control period, the Administrator will:

(i) Transfer such unallocated CSAPR NO\textsubscript{X} Annual allowances to the new unit set-aside for the State for such control period; or

(ii) If the State has a SIP revision approved under §52.38(a)(4) or (5) of this chapter covering such control period, include such unallocated CSAPR NO\textsubscript{X} Annual allowances in the portion of the State NO\textsubscript{X} Annual trading budget that may be allocated for such control period in accordance with such SIP revision.

(11) The Administrator will notify the public, through the promulgation of the notices of data availability described in §97.411(b)(2)(ii), (iv), and (v), of the amount of CSAPR NO\textsubscript{X} Annual allowances allocated under paragraphs (b)(9), (10), and (12) of this section for such control period to each CSAPR NO\textsubscript{X} Annual unit eligible for such allocation.

(ii) Notwithstanding the requirements of paragraphs (b)(2) through (11) of this section, if the calculations of allocations of an Indian country new unit set-aside for a control period in a given year under paragraph (b)(7) of this section, paragraphs (b)(6) and (9)(iv) of this section, or paragraphs (b)(6), (9)(iii), and (10) of this section would otherwise result in total allocations of such Indian country new unit set-aside exceeding the total amount of such Indian country new unit set-aside, then the Administrator will adjust the results of the calculations under paragraph (b)(7), (9)(iv), or (10) of this section, as applicable, as follows. The Administrator will list the CSAPR NO\textsubscript{X} Annual units in descending order based on the amount of such units' allocations under paragraph (b)(7), (9)(iv), or (10) of this section, as applicable, and, in cases of equal allocation amounts, in alphabetical order of the relevant source's name and numerical order of the relevant unit's identification number, and will reduce each unit's allocation under paragraph (b)(7), (9)(iv), or (10) of this section, as applicable, by one CSAPR NO\textsubscript{X} Annual allowance (but not below zero) in which the units are listed and will repeat this reduction process as necessary, until the total allocations of such Indian country new unit set-aside equal the total amount of such Indian country new unit set-aside.

(ii) Notwithstanding the requirements of paragraphs (b)(10) and (11) of this section, if the calculations of allocations of an Indian country new unit set-aside for a control period in a given year under paragraphs (b)(6), (9)(iii), and (10) of this section would otherwise result in total allocations of such Indian country new unit set-aside less than the total amount of such Indian country new unit set-aside, then the Administrator will adjust the results of the calculations under paragraph (b)(10) of this section, as follows. The Administrator will list the CSAPR NO\textsubscript{X} Annual units in descending order based on the amount of such units' allocations under paragraph (b)(10) of this section and, in cases of equal allocation amounts, in alphabetical order of the relevant source's name and numerical order of the relevant unit's identification number, and will increase each unit's allocation under paragraph (b)(10) of this section by one CSAPR NO\textsubscript{X} Annual allowance in the order in which the units are listed and will repeat this increase process as necessary, until the total allocations of such Indian country new unit set-aside equal the total amount of such Indian country new unit set-aside.

(a) Within 5 business days (except as provided in paragraph (b) of this section) of receiving a CSAPR NO\textsubscript{X} Annual allowance transfer that is correctly submitted under §97.422, the Administrator will record a CSAPR NO\textsubscript{X} Annual allowance transfer by moving each CSAPR NO\textsubscript{X} Annual allowance from the transferor account to the transferee account as specified in the transfer.

(b) A CSAPR NO\textsubscript{X} Annual allowance transfer to or from a compliance account that is submitted for recordation after the allowance transfer deadline for a control period and that includes any CSAPR NO\textsubscript{X} Annual allowances allocated or auctioned for any control period before such allowance transfer deadline will not be recorded until after the Administrator completes the deductions from such compliance account under §97.424 for the control period immediately before such allowance transfer deadline.

(c) Where a CSAPR NO\textsubscript{X} Annual allowance transfer is not correctly submitted under §97.422, the Administrator will not record such transfer.

(d) Within 5 business days of recordation of a CSAPR NO\textsubscript{X} Annual allowance transfer under paragraphs (a) and (b) of the section, the Administrator will notify the authorized account representatives of both the transferor and transferee accounts.

(e) Within 10 business days of receipt of a CSAPR NO\textsubscript{X} Annual allowance transfer that is not correctly submitted under §97.422, the Administrator will notify the authorized account representatives of both accounts subject to the transfer of:

(1) A decision not to record the transfer, and

(2) The reasons for such non-recordation.

§97.424 Compliance with CSAPR NO\textsubscript{X} Annual emissions limitation.

(a) Availability for deduction for compliance. CSAPR NO\textsubscript{X} Annual allowances are available to be deducted for compliance with a source’s CSAPR NO\textsubscript{X} Annual emissions limitation for a control period in a given year only if the CSAPR NO\textsubscript{X} Annual allowances:

(1) Were allocated or auctioned for such control period or a control period in a prior year; and

(2) Are held in the source's compliance account as of the allowance transfer deadline for such control period.

(b) Deductions for compliance. After the recordation, in accordance with §97.423, of CSAPR NO\textsubscript{X} Annual allowance transfers submitted by the allowance transfer deadline for a control period in a given year, the Administrator will deduct from each source's compliance account CSAPR NO\textsubscript{X} Annual allowances available under paragraph (a) of this section in order to determine whether the source meets the CSAPR NO\textsubscript{X} Annual emissions limitation for such control period, as follows:

(1) Until the amount of CSAPR NO\textsubscript{X} Annual allowances deducted equals the number of tons of total NO\textsubscript{X} emissions from all CSAPR NO\textsubscript{X} Annual units at the source for such control period; or

(2) If there are insufficient CSAPR NO\textsubscript{X} Annual allowances to complete the deductions in paragraph (b)(1) of this section, until no more CSAPR NO\textsubscript{X} Annual allowances available under paragraph (a) of this section remain in the compliance account.

(c)(1) Identification of CSAPR NO\textsubscript{X} Annual allowances by serial number. The authorized account representative for a source's compliance account may request that specific CSAPR NO\textsubscript{X} Annual allowances, identified by serial number, in the compliance account be deducted for emissions or excess emissions for a control period in a given year in accordance with paragraph (b) or (d) of this section. In order to be complete, such request shall be submitted to the Administrator by the allowance transfer deadline for such control period and include, in a format prescribed by the Administrator, the identification of the CSAPR NO\textsubscript{X} Annual source and the appropriate serial numbers.

(2) First-in, first-out. The Administrator will deduct CSAPR NO\textsubscript{X} Annual allowances under paragraph (b) or (d) of this section from the source's compliance account in accordance with a complete request under paragraph (c)(1) of this section or, in the absence of such request or in the case of identification of an insufficient amount of CSAPR NO\textsubscript{X} Annual allowances in such request, on a first-in, first-out accounting basis in the following order:

(i) Any CSAPR NO\textsubscript{X} Annual allowances that were recorded in the compliance account pursuant to §97.421 and not transferred out of the compliance account, in the order of recordation; and then

(ii) Any other CSAPR NO\textsubscript{X} Annual allowances that were transferred to and recorded in the compliance account pursuant to this subpart, in the order of recordation.

(d) Deductions for excess emissions. After making the deductions for compliance under paragraph (b) of this section for a control period in a year in which the CSAPR NO\textsubscript{X} Annual source has excess emissions, the Administrator will deduct from the source's compliance account an amount of CSAPR NO\textsubscript{X} Annual allowances, allocated or auctioned for a control period in a prior year or the control period in the year of the excess emissions or in the immediately following year, equal to two times the number of tons of the source's excess emissions.

(e) Recordation of deductions. The Administrator will record in the appropriate compliance account all deductions from such an account under paragraphs (b) and (d) of this section.

§97.425 Compliance with CSAPR NO\textsubscript{X} Annual assurance provisions.

(a) Availability for deduction. CSAPR NO\textsubscript{X} Annual allowances are available to be deducted for compliance with the CSAPR NO\textsubscript{X} Annual assurance provisions for a control period in a given year by the owners and operators of a group of one or more CSAPR NO\textsubscript{X} Annual sources and units in a State (and Indian country within the borders of such State) only if the CSAPR NO\textsubscript{X} Annual allowances:

(1) Were allocated or auctioned for a control period in a prior year or the control period in the given year or in the immediately following year; and

(2) Are held in the assurance account, established by the Administrator for such owners and operators of such group of CSAPR NO\textsubscript{X} Annual sources and units in such State (and Indian country within the borders of such State) under paragraph (b)(3) of this section, as of the deadline established in paragraph (b)(4) of this section.

(b) Deductions for compliance. The Administrator will deduct CSAPR NO\textsubscript{X} Annual allowances available under paragraph (a) of this section for compliance with the CSAPR NO\textsubscript{X} Annual assurance provisions for a State for a control period in a given year in accordance with the following procedures:
(1) By June 1, 2018 and June 1 of each year thereafter, the Administrator will:

(i) Calculate, for each State (and Indian country within the borders of such State), the total NO\textsubscript{x} emissions from all CSAPR NO\textsubscript{x} Annual units at CSAPR NO\textsubscript{x} Annual sources in the State (and Indian country within the borders of such State) during the control period in the year before the year of this calculation deadline and the amount, if any, by which such total NO\textsubscript{x} emissions exceed the State assurance level as described in §97.406(c)(2)(iii); and

(ii) Promulgate a notice of data availability of the results of the calculations required in paragraph (b)(1)(i) of this section, including separate calculations of the NO\textsubscript{x} emissions from each CSAPR NO\textsubscript{x} Annual source.

(2) For each notice of data availability required in paragraph (b)(1)(i) of this section and for any State (and Indian country within the borders of such State) identified in such notice as having CSAPR NO\textsubscript{x} Annual units with total NO\textsubscript{x} emissions exceeding the State assurance level for a control period in a given year, as described in §97.406(c)(2)(iii):

(i) By July 1 immediately after the promulgation of such notice, the designated representative of each CSAPR NO\textsubscript{x} Annual source in each such State (and Indian country within the borders of such State) shall submit a statement, in a format prescribed by the Administrator, providing for each CSAPR NO\textsubscript{x} Annual unit (if any) at the source that operates during, but is not allocated an amount of CSAPR NO\textsubscript{x} Annual allowances for, such control period, the unit's allowable NO\textsubscript{x} emission rate for such control period and, if such rate is expressed in lb per mmBtu, the unit's heat rate.

(ii) By August 1 immediately after the promulgation of such notice, the Administrator will calculate, for each such State (and Indian country within the borders of such State) and such control period and each common designated representative for such control period for a group of one or more CSAPR NO\textsubscript{x} Annual sources and units in the State (and Indian country within the borders of such State), the common designated representative's share of the total NO\textsubscript{x} emissions from all CSAPR NO\textsubscript{x} Annual units at CSAPR NO\textsubscript{x} Annual sources in the State (and Indian country within the borders of such State), the common designated representative's assurance level, and the amount (if any) of CSAPR NO\textsubscript{x} Annual allowances that the owners and operators of such group of sources and units must hold in accordance with the calculation formula in §97.406(c)(2)(i) and will promulgate a notice of data availability of the results of these calculations.

(iii) The Administrator will provide an opportunity for submission of objections to the calculations referenced by the notice of data availability required in paragraph (b)(1)(ii) of this section and the calculations referenced by the relevant notice of data availability required in paragraph (b)(1)(i) of this section.

(A) Objections shall be submitted by the deadline specified in such notice and shall be limited to addressing whether the calculations referenced in the relevant notice required under paragraph (b)(1)(i) of this section and referenced in the notice required under paragraph (b)(2)(ii) of this section are in accordance with §97.406(c)(2)(iii), §§97.406(b) and 97.430 through 97.435, the definitions of “common designated representative”, “common designated representative's assurance level”, and “common designated representative's share” in §97.402, and the calculation formula in §97.406(c)(2)(i).

(B) The Administrator will adjust the calculations to the extent necessary to ensure that they are in accordance with the provisions referenced in paragraph (b)(2)(iii)(A) of this section. By October 1 immediately after the promulgation of such notice, the Administrator will promulgate a notice of data availability of the calculations incorporating any adjustments that the Administrator determines to be necessary and the reasons for accepting or rejecting any objections submitted in accordance with paragraph (b)(2)(iii)(A) of this section.

(3) For any State (and Indian country within the borders of such State) referenced in each notice of data availability required in paragraph (b)(2)(iii)(B) of this section as having CSAPR NO\textsubscript{x} Annual units with total NO\textsubscript{x} emissions exceeding the State assurance level for a control period in a given year, the Administrator will establish one assurance account for each set of owners and operators referenced, in the notice of data availability required under paragraph (b)(2)(iii)(B) of this section, as all of the owners and operators of a group of CSAPR NO\textsubscript{x} Annual sources and units in the State (and Indian country within the borders of such State) having a common designated representative for such control period and as being required to hold CSAPR NO\textsubscript{x} Annual allowances.

(4)(i) As of midnight of November 1 immediately after the promulgation of each notice of data availability required in paragraph (b)(2)(iii)(B) of this section, the owners and operators described in paragraph (b)(3) of this section shall hold in the assurance account established for them and for the appropriate CSAPR NO\textsubscript{x} Annual sources, CSAPR NO\textsubscript{x} Annual units, and State (and Indian country within the borders of such State) under paragraph (b)(3) of such section a total amount of CSAPR NO\textsubscript{x} Annual allowances, available for deduction under paragraph (a) of this section, equal to the amount such owners and operators are required to hold with regard to such sources, units and State (and Indian country within the borders of such State) as calculated by the Administrator and referenced in such notice.

(ii) Notwithstanding the allowance-holding deadline specified in paragraph (b)(4)(i) of this section, if November 1 is not a business day, then such allowance-holding deadline shall be midnight of the first business day thereafter.
(5) After November 1 (or the date described in paragraph (b)(4)(ii) of this section) immediately after the promulgation of each notice of data availability required in paragraph (b)(2)(iii)(B) of this section and after the recordation, in accordance with §97.423, of CSAPR NO\textsubscript{X} Annual allowance transfers submitted by midnight of such date, the Administrator will determine whether the owners and operators described in paragraph (b)(3) of this section hold, in the assurance account for the appropriate CSAPR NO\textsubscript{X} Annual sources, CSAPR NO\textsubscript{X} Annual units, and State (and Indian country within the borders of such State) established under paragraph (b)(3) of this section, the amount of CSAPR NO\textsubscript{X} Annual allowances available under paragraph (a) of this section that the owners and operators are required to hold with regard to such sources, units, and State (and Indian country within the borders of such State) as calculated by the Administrator and referenced in the notice required in paragraph (b)(2)(iii)(B) of this section.

(6) Notwithstanding any other provision of this subpart and any revision, made by or submitted to the Administrator after the promulgation of the notice of data availability required in paragraph (b)(2)(iii)(B) of this section for a control period in a given year, of any data used in making the calculations referenced in such notice, the amounts of CSAPR NO\textsubscript{X} Annual allowances that the owners and operators are required to hold in accordance with §97.406(c)(2)(i) for such control period shall continue to be such amounts as calculated by the Administrator and referenced in such notice required in paragraph (b)(2)(iii)(B) of this section, except as follows:

(i) If any such data are revised by the Administrator as a result of a decision in or settlement of litigation concerning such data on appeal under part 78 of this chapter of such notice, or on appeal under section 307 of the Clean Air Act of a decision rendered under part 78 of this chapter on appeal of such notice, then the Administrator will use the data as so revised to recalculate the amounts of CSAPR NO\textsubscript{X} Annual allowances that owners and operators are required to hold in accordance with the calculation formula in §97.406(c)(2)(i) for such control period with regard to the CSAPR NO\textsubscript{X} Annual sources, CSAPR NO\textsubscript{X} Annual units, and State (and Indian country within the borders of such State) involved, provided that such litigation was initiated no later than 30 days after promulgation of such notice required in paragraph (b)(2)(iii)(B) of this section.

(ii) If any such data are revised by the owners and operators of a CSAPR NO\textsubscript{X} Annual source and CSAPR NO\textsubscript{X} Annual unit whose designated representative submitted such data under paragraph (b)(2)(i) of this section, as a result of a decision in or settlement of litigation concerning such submission, then the Administrator will use the data as so revised to recalculate the amounts of CSAPR NO\textsubscript{X} Annual allowances that owners and operators are required to hold in accordance with the calculation formula in §97.406(c)(2)(i) for such control period with regard to the CSAPR NO\textsubscript{X} Annual sources, CSAPR NO\textsubscript{X} Annual units, and State (and Indian country within the borders of such State) involved, provided that such litigation was initiated no later than 30 days after promulgation of such notice required in paragraph (b)(2)(iii)(B) of this section.

(iii) If the revised data are used to recalculate, in accordance with paragraphs (b)(6)(i) and (ii) of this section, the amount of CSAPR NO\textsubscript{X} Annual allowances that the owners and operators are required to hold for such control period with regard to the CSAPR NO\textsubscript{X} Annual sources, CSAPR NO\textsubscript{X} Annual units, and State (and Indian country within the borders of such State) involved—

(A) Where the amount of CSAPR NO\textsubscript{X} Annual allowances that the owners and operators are required to hold increases as a result of the use of all such revised data, the Administrator will establish a new, reasonable deadline on which the owners and operators shall hold the additional amount of CSAPR NO\textsubscript{X} Annual allowances in the assurance account established by the Administrator for the appropriate CSAPR NO\textsubscript{X} Annual sources, CSAPR NO\textsubscript{X} Annual units, and State (and Indian country within the borders of such State) under paragraph (b)(3) of this section. The owners' and operators' failure to hold such additional amount, as required, before the new deadline shall not be a violation of the Clean Air Act. The owners' and operators' failure to hold such additional amount, as required, as of the new deadline shall be a violation of the Clean Air Act. Each CSAPR NO\textsubscript{X} Annual allowance that the owners and operators fail to hold as required of the new deadline, and each day in such control period, shall be a separate violation of the Clean Air Act.

(B) For the owners and operators for which the amount of CSAPR NO\textsubscript{X} Annual allowances required to be held decreases as a result of the use of all such revised data, the Administrator will record, in all accounts from which CSAPR NO\textsubscript{X} Annual allowances were transferred by such owners and operators for such control period to the assurance account established by the Administrator for the appropriate CSAPR NO\textsubscript{X} Annual sources, CSAPR NO\textsubscript{X} Annual units, and State (and Indian country within the borders of such State) under paragraph (b)(3) of this section, a total amount of the CSAPR NO\textsubscript{X} Annual allowances held in such assurance account equal to the amount of the decrease. If CSAPR NO\textsubscript{X} Annual allowances were transferred to such assurance account from more than one account, the amount of CSAPR NO\textsubscript{X} Annual allowances recorded in each such transferor account will be in proportion to the percentage of the total amount of CSAPR NO\textsubscript{X} Annual allowances transferred to such assurance account for such control period from such transferor account.
(C) Each CSAPR NO\textsubscript{X} Annual allowance held under paragraph (b)(6)(iii)(A) of this section as a result of recalculation of requirements under the CSAPR NO\textsubscript{X} Annual assurance provisions for such control period must be a CSAPR NO\textsubscript{X} Annual allowance allocated for a control period in a year before or the year immediately following, or in the same year as, the year of such control period.

§97.426 Banking.

(a) A CSAPR NO\textsubscript{X} Annual allowance may be banked for future use or transfer in a compliance account or a general account in accordance with paragraph (b) of this section.

(b) Any CSAPR NO\textsubscript{X} Annual allowance that is held in a compliance account or a general account will remain in such account unless and until the CSAPR NO\textsubscript{X} Annual allowance is deducted or transferred under §97.411(c), §97.423, §97.424, §97.425, §97.427, or §97.428.

§97.427 Account error.

The Administrator may, at his or her sole discretion and on his or her own motion, correct any error in any Allowance Management System account. Within 10 business days of making such correction, the Administrator will notify the authorized account representative for the account.

§97.428 Administrator’s action on submissions.

(a) The Administrator may review and conduct independent audits concerning any submission under the CSAPR NO\textsubscript{X} Annual Trading Program and make appropriate adjustments of the information in the submission.

(b) The Administrator may deduct CSAPR NO\textsubscript{X} Annual allowances from or transfer CSAPR NO\textsubscript{X} Annual allowances to a compliance account or an assurance account, based on the information in a submission, as adjusted under paragraph (a) of this section, and record such deductions and transfers.

§97.429 [Reserved]

§97.430 General monitoring, recordkeeping, and reporting requirements.

The owners and operators, and to the extent applicable, the designated representative, of a CSAPR NO\textsubscript{X} Annual unit, shall comply with the monitoring, recordkeeping, and reporting requirements as provided in this subpart and subpart H of part 75 of this chapter. For purposes of applying such requirements, the definitions in §97.402 and in §72.2 of this chapter shall apply, the terms “affected unit,” “designated representative,” and “continuous emission monitoring system” (or “CEMS”) in part 75 of this chapter shall be deemed to refer to the terms “CSAPR NO\textsubscript{X} Annual unit,” “designated representative,” and “continuous emission monitoring system” (or “CEMS”) respectively as defined in §97.402, and the term “newly affected unit” shall be deemed to mean “newly affected CSAPR NO\textsubscript{X} Annual unit”. The owner or operator of a unit that is not a CSAPR NO\textsubscript{X} Annual unit but that is monitored under §75.72(b)(2)(ii) of this chapter shall comply with the same monitoring, recordkeeping, and reporting requirements as a CSAPR NO\textsubscript{X} Annual unit.

(a) Requirements for installation, certification, and data accounting. The owner or operator of each CSAPR NO\textsubscript{X} Annual unit shall:

(1) Install all monitoring systems required under this subpart for monitoring NO\textsubscript{X} mass emissions and individual unit heat input (including all systems required to monitor NO\textsubscript{X} emission rate, NO\textsubscript{X} concentration, stack gas moisture content, stack gas flow rate, CO\textsubscript{2} or O\textsubscript{2} concentration, and fuel flow rate, as applicable, in accordance with §§75.71 and 75.72 of this chapter);
(2) Successfully complete all certification tests required under §97.431 and meet all other requirements of this subpart and part 75 of this chapter applicable to the monitoring systems under paragraph (a)(1) of this section; and

(3) Record, report, and quality-assure the data from the monitoring systems under paragraph (a)(1) of this section.

(b) Compliance deadlines. Except as provided in paragraph (e) of this section, the owner or operator of a CSAPR NO\textsubscript{X} Annual unit shall meet the monitoring system certification and other requirements of paragraphs (a)(1) and (2) of this section on or before the later of the following dates and shall record, report, and quality-assure the data from the monitoring systems under paragraph (a)(1) of this section on and after the later of the following dates:

(1) January 1, 2015; or

(2) 180 calendar days after the date on which the unit commences commercial operation.

(3) The owner or operator of a CSAPR NO\textsubscript{X} Annual unit for which construction of a new stack or flue or installation of add-on NO\textsubscript{X} emission controls is completed after the applicable deadline under paragraph (b)(1) or (2) of this section shall meet the requirements of §75.4(e)(1) through (4) of this chapter, except that:

(i) Such requirements shall apply to the monitoring systems required under §97.430 through §97.435, rather than the monitoring systems required under part 75 of this chapter;

(ii) NO\textsubscript{X} emission rate, NO\textsubscript{X} concentration, stack gas moisture content, stack gas volumetric flow rate, and O\textsubscript{2} or CO\textsubscript{2} concentration data shall be determined and reported, rather than the data listed in §75.4(e)(2) of this chapter; and

(iii) Any petition for another procedure under §75.4(e)(2) of this chapter shall be submitted under §97.435, rather than §75.66 of this chapter.

(c) Reporting data. The owner or operator of a CSAPR NO\textsubscript{X} Annual unit that does not meet the applicable compliance date set forth in paragraph (b) of this section for any monitoring system under paragraph (a)(1) of this section shall, for each such monitoring system, determine, record, and report maximum potential (or, as appropriate, minimum potential) values for NO\textsubscript{X} concentration, NO\textsubscript{X} emission rate, stack gas flow rate, stack gas moisture content, fuel flow rate, and any other parameters required to determine NO\textsubscript{X} mass emissions and heat input in accordance with §75.31(b)(2) or (c)(3) of this chapter, section 2.4 of appendix D to part 75 of this chapter, or section 2.5 of appendix E to part 75 of this chapter, as applicable.

(d) Prohibitions. (1) No owner or operator of a CSAPR NO\textsubscript{X} Annual unit shall use any alternative monitoring system, alternative reference method, or any other alternative to any requirement of this subpart without having obtained prior written approval in accordance with §97.435.

(2) No owner or operator of a CSAPR NO\textsubscript{X} Annual unit shall operate the unit so as to discharge, or allow to be discharged, NO\textsubscript{X} to the atmosphere without accounting for all such NO\textsubscript{X} in accordance with the applicable provisions of this subpart and part 75 of this chapter.

(3) No owner or operator of a CSAPR NO\textsubscript{X} Annual unit shall disrupt the continuous emission monitoring system, any portion thereof, or any other approved emission monitoring method, and thereby avoid monitoring and recording NO\textsubscript{X} mass discharged into the atmosphere or heat input, except for periods of recertification or periods when calibration, quality assurance testing, or maintenance is performed in accordance with the applicable provisions of this subpart and part 75 of this chapter.

(4) No owner or operator of a CSAPR NO\textsubscript{X} Annual unit shall retire or permanently discontinue use of the continuous emission monitoring system, any component thereof, or any other approved monitoring system under this subpart, except under any one of the following circumstances:

(i) During the period that the unit is covered by an exemption under §97.405 that is in effect;

(ii) The owner or operator is monitoring emissions from the unit with another certified monitoring system approved, in accordance with the applicable provisions of this subpart and part 75 of this chapter, by the Administrator for use at that unit that provides emission data for the same pollutant or parameter as the retired or discontinued monitoring system; or

(iii) The designated representative submits notification of the date of certification testing of a replacement monitoring system for the retired or discontinued monitoring system in accordance with §97.431(d)(3)(i).

(e) Long-term cold storage. The owner or operator of a CSAPR NO\textsubscript{X} Annual unit is subject to the applicable provisions of §75.4(d) of this chapter concerning units in long-term cold storage.
§97.431 Initial monitoring system certification and recertification procedures.

(a) The owner or operator of a CSAPR NO\textsubscript{X} Annual unit shall be exempt from the initial certification requirements of this section for a monitoring system under §97.430(a)(1) if the following conditions are met:

(1) The monitoring system has been previously certified in accordance with part 75 of this chapter; and

(2) The applicable quality-assurance and quality-control requirements of §75.21 of this chapter and appendices B, D, and E to part 75 of this chapter are fully met for the certified monitoring system described in paragraph (a)(1) of this section.

(b) The recertification provisions of this section shall apply to a monitoring system under §97.430(a)(1) that is exempt from initial certification requirements under paragraph (a) of this section.

(c) If the Administrator has previously approved a petition under §75.17(a) or (b) of this chapter for apportioning the NO\textsubscript{X} emission rate measured in a common stack or a petition under §75.66 of this chapter for an alternative to a requirement in §75.12 or §75.17 of this chapter, the designated representative shall resubmit the petition to the Administrator under §97.435 to determine whether the approval applies under the CSAPR NO\textsubscript{X} Annual Trading Program.

(d) Except as provided in paragraph (a) of this section, the owner or operator of a CSAPR NO\textsubscript{X} Annual unit shall comply with the following initial certification and recertification procedures for a continuous monitoring system (i.e., a continuous emission monitoring system and an excepted monitoring system under appendices D and E to part 75 of this chapter) under §97.430(a)(1). The owner or operator of a unit that qualifies to use the low mass emissions excepted monitoring methodology under §75.19 of this chapter or that qualifies to use an alternative monitoring system under subpart E of part 75 of this chapter shall comply with the procedures in paragraph (e) or (f) of this section respectively.

(1) Requirements for initial certification. The owner or operator shall ensure that each continuous monitoring system under §97.430(a)(1) (including the automated data acquisition and handling system) successfully completes all of the initial certification testing required under §75.20 of this chapter by the applicable deadline in §97.430(b). In addition, whenever the owner or operator installs a monitoring system to meet the requirements of this subpart in a location where no such monitoring system was previously installed, initial certification in accordance with §75.20 of this chapter is required.

(2) Requirements for recertification. Whenever the owner or operator makes a replacement, modification, or change in any certified continuous emission monitoring system under §97.430(a)(1) that may significantly affect the ability of the system to accurately measure or record NO\textsubscript{X} mass emissions or heat input rate or to meet the quality-assurance and quality-control requirements of §75.21 of this chapter or appendix B to part 75 of this chapter, the owner or operator shall recertify the monitoring system in accordance with §75.20(b) of this chapter. Furthermore, whenever the owner or operator makes a replacement, modification, or change to the flue gas handling system or the unit’s operation that may significantly change the stack flow or concentration profile, the owner or operator shall recertify each continuous emission monitoring system whose accuracy is potentially affected by the change, in accordance with §75.20(b) of this chapter. Examples of changes to a continuous emission monitoring system that require recertification include replacement of the analyzer, complete replacement of an existing continuous emission monitoring system, or change in location or orientation of the sampling probe or site. Any fuel flowmeter system, and any excepted NO\textsubscript{X} monitoring system under appendix E to part 75 of this chapter, under §97.430(a)(1) are subject to the recertification requirements in §75.20(g)(6) of this chapter.

(3) Approval process for initial certification and recertification. For initial certification of a continuous monitoring system under §97.430(a)(1), paragraphs (d)(3)(i) through (v) of this section apply. For recertifications of such monitoring systems, paragraphs (d)(3)(i) through (iv) of this section and the procedures in §75.20(b)(5) and (g)(7) of this chapter (in lieu of the procedures in paragraph (d)(3)(v) of this section) apply, provided that in applying paragraphs (d)(3)(i) through (iv) of this section, the words “certification” and “initial certification” are replaced by the word “recertification” and the word “certified” is replaced by the word “recertified”.

(i) Notification of certification. The designated representative shall submit to the appropriate EPA Regional Office and the Administrator written notice of the dates of certification testing, in accordance with §97.433.

(ii) Certification application. The designated representative shall submit to the Administrator a certification application for each monitoring system. A complete certification application shall include the information specified in §75.63 of this chapter.

(iii) Provisional certification date. The provisional certification date for a monitoring system shall be determined in accordance with §75.20(a)(3) of this chapter. A provisionally certified monitoring system may be used under the CSAPR NO\textsubscript{X} Annual Trading Program for a period not to exceed 120 days after receipt by the Administrator of the complete certification application for the monitoring system under paragraph (d)(3)(ii) of this section. Data measured and recorded by the provisionally certified monitoring system, in accordance with the requirements of part 75 of this chapter, will be considered valid
quality-assured data (retroactive to the date and time of provisional certification), provided that the Administrator does not invalidate the provisional certification by issuing a notice of disapproval within 120 days of the date of receipt of the complete certification application by the Administrator.

(iv) Certification application approval process. The Administrator will issue a written notice of approval or disapproval of the certification application to the owner or operator within 120 days of receipt of the complete certification application under paragraph (d)(3)(ii) of this section. In the event the Administrator does not issue such a notice within such 120-day period, each monitoring system that meets the applicable performance requirements of part 75 of this chapter and is included in the certification application will be deemed certified for use under the CSAPR NO\textsubscript{X} Annual Trading Program.

(A) Approval notice. If the certification application is complete and shows that each monitoring system meets the applicable performance requirements of part 75 of this chapter, then the Administrator will issue a written notice of approval of the certification application within 120 days of receipt.

(B) Incomplete application notice. If the certification application is not complete, then the Administrator will issue a written notice of incompleteness that sets a reasonable date by which the designated representative must submit the additional information required to complete the certification application. If the designated representative does not comply with the notice of incompleteness by the specified date, then the Administrator may issue a notice of disapproval under paragraph (d)(3)(iv)(C) of this section.

(C) Disapproval notice. If the certification application shows that any monitoring system does not meet the performance requirements of part 75 of this chapter or if the certification application is incomplete and the requirement for disapproval under paragraph (d)(3)(iv)(B) of this section is met, then the Administrator will issue a written notice of disapproval of the certification application. Upon issuance of such notice of disapproval, the provisional certification is invalidated by the Administrator and the data measured and recorded by each uncertified monitoring system shall not be considered valid quality-assured data beginning with the date and hour of provisional certification (as defined under §75.20(a)(3) of this chapter).

(D) Audit decertification. The Administrator may issue a notice of disapproval of the certification status of a monitor in accordance with §97.432(b).

(v) Procedures for loss of certification. If the Administrator issues a notice of disapproval of a certification application under paragraph (d)(3)(iv)(C) of this section or a notice of disapproval of certification status under paragraph (d)(3)(iv)(D) of this section, then:

(A) The owner or operator shall substitute the following values, for each disapproved monitoring system, for each hour of unit operation during the period of invalid data specified under §75.20(a)(4)(iii), §75.20(g)(7), or §75.21(e) of this chapter and continuing until the applicable date and hour specified under §75.20(a)(5)(i) or (g)(7) of this chapter:

(1) For a disapproved NO\textsubscript{X} emission rate (i.e., NO\textsubscript{X}-diluent) system, the maximum potential NO\textsubscript{X} emission rate, as defined in §72.2 of this chapter.

(2) For a disapproved NO\textsubscript{X} pollutant concentration monitor and disapproved flow monitor, respectively, the maximum potential concentration of NO\textsubscript{X} and the maximum potential flow rate, as defined in sections 2.1.2.1 and 2.1.4.1 of appendix A to part 75 of this chapter.

(3) For a disapproved moisture monitoring system and disapproved diluent gas monitoring system, respectively, the minimum potential moisture percentage and either the maximum potential CO\textsubscript{2} concentration or the minimum potential O\textsubscript{2} concentration (as applicable), as defined in sections 2.1.5, 2.1.3.1, and 2.1.3.2 of appendix A to part 75 of this chapter.

(4) For a disapproved fuel flowmeter system, the maximum potential fuel flow rate, as defined in section 2.4.2.1 of appendix D to part 75 of this chapter.

(5) For a disapproved excepted NO\textsubscript{X} monitoring system under appendix E to part 75 of this chapter, the fuel-specific maximum potential NO\textsubscript{X} emission rate, as defined in §72.2 of this chapter.

(B) The designated representative shall submit a notification of certification retest dates and a new certification application in accordance with paragraphs (d)(3)(i) and (ii) of this section.

(C) The owner or operator shall repeat all certification tests or other requirements that were failed by the monitoring system, as indicated in the Administrator's notice of disapproval, no later than 30 unit operating days after the date of issuance of the notice of disapproval.

(e) The owner or operator of a unit qualified to use the low mass emissions (LME) excepted methodology under §75.19 of this chapter shall meet the applicable certification and recertification requirements in §§75.19(a)(2) and 75.20(h) of this chapter.
If the owner or operator of such a unit elects to certify a fuel flowmeter system for heat input determination, the owner or operator shall also meet the certification and recertification requirements in §75.20(g) of this chapter.

(f) The designated representative of each unit for which the owner or operator intends to use an alternative monitoring system approved by the Administrator under subpart E of part 75 of this chapter shall comply with the applicable notification and application procedures of §75.20(f) of this chapter.

§97.432 Monitoring system out-of-control periods.

(a) General provisions. Whenever any monitoring system fails to meet the quality-assurance and quality-control requirements or data validation requirements of part 75 of this chapter, data shall be substituted using the applicable missing data procedures in subpart D or subpart H of, or appendix D or appendix E to, part 75 of this chapter.

(b) Audit decertification. Whenever both an audit of a monitoring system and a review of the initial certification or recertification application reveal that any monitoring system should not have been certified or recertified because it did not meet a particular performance specification or other requirement under §97.431 or the applicable provisions of part 75 of this chapter, both at the time of the initial certification or recertification application submission and at the time of the audit, the Administrator will issue a notice of disapproval of the certification status of such monitoring system. For the purposes of this paragraph, an audit shall be either a field audit or an audit of any information submitted to the Administrator or any State or permitting authority. By issuing the notice of disapproval, the Administrator revokes prospectively the certification status of the monitoring system. The data measured and recorded by the monitoring system shall not be considered valid quality-assured data from the date of issuance of the notice of disapproval of the certification status until the date and time that the owner or operator completes subsequently approved initial certification or recertification tests for the monitoring system. The owner or operator shall follow the applicable initial certification or recertification procedures in §97.431 for each disapproved monitoring system.

§97.433 Notifications concerning monitoring.

The designated representative of a CSAPR NOx Annual unit shall submit written notice to the Administrator in accordance with §75.61 of this chapter.

§97.434 Recordkeeping and reporting.

(a) General provisions. The designated representative shall comply with all recordkeeping and reporting requirements in paragraphs (b) through (e) of this section, the applicable recordkeeping and reporting requirements under §75.73 of this chapter, and the requirements of §97.414(a).

(b) Monitoring plans. The owner or operator of a CSAPR NOx Annual unit shall comply with the requirements of §75.73(c) and (e) of this chapter.

(c) Certification applications. The designated representative shall submit an application to the Administrator within 45 days after completing all initial certification or recertification tests required under §97.431, including the information required under §75.63 of this chapter.

(d) Quarterly reports. The designated representative shall submit quarterly reports, as follows:

(1) The designated representative shall report the NOx mass emissions data and heat input data for a CSAPR NOx Annual unit, in an electronic quarterly report in a format prescribed by the Administrator, for each calendar quarter beginning with the later of:

(i) The calendar quarter covering January 1, 2015 through March 31, 2015; or

(ii) The calendar quarter corresponding to the earlier of the date of provisional certification or the applicable deadline for initial certification under §97.430(b).

(2) The designated representative shall submit each quarterly report to the Administrator within 30 days after the end of the calendar quarter covered by the report. Quarterly reports shall be submitted in the manner specified in §75.73(f) of this chapter.
(3) For CSAPR NO\textsubscript{X} Annual units that are also subject to the Acid Rain Program, CSAPR NO\textsubscript{X} Ozone Season Group 1 Trading Program, CSAPR NO\textsubscript{X} Ozone Season Group 2 Trading Program, CSAPR SO\textsubscript{2} Group 1 Trading Program, or CSAPR SO\textsubscript{2} Group 2 Trading Program, quarterly reports shall include the applicable data and information required by subparts F through H of part 75 of this chapter as applicable, in addition to the NO\textsubscript{X} mass emission data, heat input data, and other information required by this subpart.

(4) The Administrator may review and conduct independent audits of any quarterly report in order to determine whether the quarterly report meets the requirements of this subpart and part 75 of this chapter, including the requirement to use substitute data.

(i) The Administrator will notify the designated representative of any determination that the quarterly report fails to meet any such requirements and specify in such notification any corrections that the Administrator believes are necessary to make through resubmission of the quarterly report and a reasonable time period within which the designated representative must respond. Upon request by the designated representative, the Administrator may specify reasonable extensions of such time period. Within the time period (including any such extensions) specified by the Administrator, the designated representative shall resubmit the quarterly report with the corrections specified by the Administrator, except to the extent the designated representative provides information demonstrating that a specified correction is not necessary because the quarterly report already meets the requirements of this subpart and part 75 of this chapter that are relevant to the specified correction.

(ii) Any resubmission of a quarterly report shall meet the requirements applicable to the submission of a quarterly report under this subpart and part 75 of this chapter, except for the deadline set forth in paragraph (d)(2) of this section.

(e) **Compliance certification.** The designated representative shall submit to the Administrator a compliance certification (in a format prescribed by the Administrator) in support of each quarterly report based on reasonable inquiry of those persons with primary responsibility for ensuring that all of the unit's emissions are correctly and fully monitored. The certification shall state that:

1. The monitoring data submitted were recorded in accordance with the applicable requirements of this subpart and part 75 of this chapter, including the quality assurance procedures and specifications; and

2. §97.435 **Petitions for alternatives to monitoring, recordkeeping, or reporting requirements.**

(a) The designated representative of a CSAPR NO\textsubscript{X} Annual unit may submit a petition under §75.66 of this chapter to the Administrator, requesting approval to apply an alternative to any requirement of §§97.430 through 97.434.

(b) A petition submitted under paragraph (a) of this section shall include sufficient information for the evaluation of the petition, including, at a minimum, the following information:

1. Identification of each unit and source covered by the petition;

2. A detailed explanation of why the proposed alternative is being suggested in lieu of the requirement;

3. A description and diagram of any equipment and procedures used in the proposed alternative;

4. A demonstration that the proposed alternative is consistent with the purposes of the requirement for which the alternative is proposed and with the purposes of this subpart and part 75 of this chapter and that any adverse effect of approving the alternative will be de minimis; and

5. Any other relevant information that the Administrator may require.

(c) Use of an alternative to any requirement referenced in paragraph (a) of this section is in accordance with this subpart only to the extent that the petition is approved in writing by the Administrator and that such use is in accordance with such approval.

(A) The owners and operators shall pay any fine, penalty, or assessment or comply with any other remedy imposed under the Clean Air Act; and

(B) Each CSAPR SO\(_2\) Group 1 allowance that the owners and operators fail to hold for such control period in accordance with paragraphs (c)(2)(i) through (iii) of this section and each day of such control period shall constitute a separate violation of this subpart and the Clean Air Act.

(3) Compliance periods. (i) A CSAPR SO\(_2\) Group 1 unit shall be subject to the requirements under paragraph (c)(1) of this section for the control period starting on the later of January 1, 2015 or the deadline for meeting the unit's monitor certification requirements under §97.630(b) and for each control period thereafter.

(ii) A CSAPR SO\(_2\) Group 1 unit shall be subject to the requirements under paragraph (c)(2) of this section for the control period starting on the later of January 1, 2017 or the deadline for meeting the unit's monitor certification requirements under §97.630(b) and for each control period thereafter.

(i) A CSAPR SO\(_2\) Group 1 allowance held for compliance with the requirements under paragraph (c)(1)(i) of this section for a control period in a given year must be a CSAPR SO\(_2\) Group 1 allowance that was allocated or auctioned for such control period or a control period in a prior year.

(ii) A CSAPR SO\(_2\) Group 1 allowance held for compliance with the requirements under paragraphs (c)(1)(ii)(A) and (2)(i) through (iii) of this section for a control period in a given year must be a CSAPR SO\(_2\) Group 1 allowance that was allocated or auctioned for a control period in a prior year or the control period in the given year or in the immediately following year.

(5) Allowance Management System requirements. Each CSAPR SO\(_2\) Group 1 allowance shall be held in, deducted from, or transferred into, out of, or between Allowance Management System accounts in accordance with this subpart.

(6) Limited authorization. A CSAPR SO\(_2\) Group 1 allowance is a limited authorization to emit one ton of SO\(_2\) during the control period in one year. Such authorization is limited in its use and duration as follows:

(i) Such authorization shall only be used in accordance with the CSAPR SO\(_2\) Group 1 Trading Program; and

(ii) Notwithstanding any other provision of this subpart, the Administrator has the authority to terminate or limit the use and duration of such authorization to the extent the Administrator determines is necessary or appropriate to implement any provision of the Clean Air Act.

(7) Property right. A CSAPR SO\(_2\) Group 1 allowance does not constitute a property right.

(d) Title V permit requirements. (1) No title V permit revision shall be required for any allocation, holding, deduction, or transfer of CSAPR SO\(_2\) Group 1 allowances in accordance with this subpart.
(2) A description of whether a unit is required to monitor and report SO\textsubscript{2} emissions using a continuous emission monitoring system (under subpart B of part 75 of this chapter), an excepted monitoring system (under appendices D and E to part 75 of this chapter), a low mass emissions excepted monitoring methodology (under §75.19 of this chapter), or an alternative monitoring system (under subpart E of part 75 of this chapter) in accordance with §§97.630 through 97.635 may be added to, or changed in, a title V permit using minor permit modification procedures in accordance with §§70.7(e)(2) and 71.7(e)(1) of this chapter, provided that the requirements applicable to the described monitoring and reporting (as added or changed, respectively) are already incorporated in such permit. This paragraph explicitly provides that the addition of, or change to, a unit's description as described in the prior sentence is eligible for minor permit modification procedures in accordance with §§70.7(e)(2)(i)(B) and 71.7(e)(1)(i)(B) of this chapter.

(e) Additional recordkeeping and reporting requirements. (1) Unless otherwise provided, the owners and operators of each CSAPR SO\textsubscript{2} Group 1 source and each CSAPR SO\textsubscript{2} Group 1 unit at the source shall keep on site at the source each of the following documents (in hardcopy or electronic format) for a period of 5 years from the date the document is created. This period may be extended for cause, at any time before the end of 5 years, in writing by the Administrator.

(i) The certificate of representation under §97.616 for the designated representative for the source and each CSAPR SO\textsubscript{2} Group 1 unit at the source and all documents that demonstrate the truth of the statements in the certificate of representation; provided that the certificate and documents shall be retained on site at the source beyond such 5-year period until such certificate of representation and documents are superseded because of the submission of a new certificate of representation under §97.616 changing the designated representative.

(ii) All emissions monitoring information, in accordance with this subpart.

(iii) Copies of all reports, compliance certifications, and other submissions and all records made or required under, or to demonstrate compliance with the requirements of, the CSAPR SO\textsubscript{2} Group 1 Trading Program.

(2) The designated representative of a CSAPR SO\textsubscript{2} Group 1 source and each CSAPR SO\textsubscript{2} Group 1 unit at the source shall make all submissions required under the CSAPR SO\textsubscript{2} Group 1 Trading Program, except as provided in §97.618. This requirement does not change, create an exemption from, or otherwise affect the responsible official submission requirements under a title V operating permit program in parts 70 and 71 of this chapter.

(f) Liability. (1) Any provision of the CSAPR SO\textsubscript{2} Group 1 Trading Program that applies to a CSAPR SO\textsubscript{2} Group 1 source or the designated representative of a CSAPR SO\textsubscript{2} Group 1 source shall also apply to the owners and operators of such source and of the CSAPR SO\textsubscript{2} Group 1 units at the source.

(2) Any provision of the CSAPR SO\textsubscript{2} Group 1 Trading Program that applies to a CSAPR SO\textsubscript{2} Group 1 unit or the designated representative of a CSAPR SO\textsubscript{2} Group 1 unit shall also apply to the owners and operators of such unit.

(g) Effect on other authorities. No provision of the CSAPR SO\textsubscript{2} Group 1 Trading Program or exemption under §97.605 shall be construed as exempting or excluding the owners and operators, and the designated representative, of a CSAPR SO\textsubscript{2} Group 1 source or CSAPR SO\textsubscript{2} Group 1 unit from compliance with any other provision of the applicable, approved State implementation plan, a federally enforceable permit, or the Clean Air Act.

§97.611 Timing requirements for CSAPR SO\textsubscript{2} Group 1 allowance allocations.

(a) \textit{Existing units.} (1) CSAPR SO\textsubscript{2} Group 1 allowances are allocated, for the control periods in 2015 and each year thereafter, as provided in a notice of data availability issued by the Administrator. Providing an allocation to a unit in such notice does not constitute a determination that the unit is a CSAPR SO\textsubscript{2} Group 1 unit, and not providing an allocation to a unit in such notice does not constitute a determination that the unit is not a CSAPR SO\textsubscript{2} Group 1 unit.

(2) Notwithstanding paragraph (a)(1) of this section, if a unit provided an allocation in the notice of data availability issued under paragraph (a)(1) of this section does not operate, starting after 2014, during the control period in two consecutive years, such unit will not be allocated the CSAPR SO\textsubscript{2} Group 1 allowances provided in such notice for the unit for the control periods in the fifth year after the first such year and in each year after that fifth year. All CSAPR SO\textsubscript{2} Group 1 allowances that would otherwise have been allocated to such unit will be allocated to the new unit set-aside for the State where such unit is located and for the respective years involved. If such unit resumes operation, the Administrator will allocate CSAPR SO\textsubscript{2} Group 1 allowances to the unit in accordance with paragraph (b) of this section.

(b) \textit{New units—New unit set-asides.} (i) By June 1, 2015 and June 1 of each year thereafter, the Administrator will calculate the CSAPR SO\textsubscript{2} Group 1 allowance allocation to each CSAPR SO\textsubscript{2} Group 1 unit in a State, in accordance with §97.612(a)(2) through (7) and (12), for the control period in the year of the applicable calculation deadline under this paragraph and will promulgate a notice of data availability of the results of the calculations.

(ii) For each notice of data availability required in paragraph (b)(1)(i) of this section, the Administrator will provide an opportunity for submission of objections to the calculations referenced in such notice.
(A) Objections shall be submitted by the deadline specified in each notice of data availability required in paragraph (b)(1)(i) of this section and shall be limited to addressing whether the calculations (including the identification of the CSAPR SO\textsubscript{2} Group 1 units) are in accordance with §97.612(a)(2) through (7) and (12) and §§97.606(b)(2) and 97.630 through 97.635.

(B) The Administrator will adjust the calculations to the extent necessary to ensure that they are in accordance with the provisions referenced in paragraph (b)(1)(i)(A) of this section. By August 1 immediately after the promulgation of each notice of data availability required in paragraph (b)(1)(i) of this section, the Administrator will promulgate a notice of data availability of any adjustments that the Administrator determines to be necessary with regard to allocations under §97.612(a)(2) through (7) and (12) and the reasons for accepting or rejecting any objections submitted in accordance with paragraph (b)(1)(i)(A) of this section.

(iii) If the new unit set-aside for such control period contains any CSAPR SO\textsubscript{2} Group 1 allowances that have not been allocated in the applicable notice of data availability required in paragraph (b)(1)(ii) of this section, the Administrator will promulgate, by December 15 immediately after such notice, a notice of data availability that identifies any CSAPR SO\textsubscript{2} Group 1 units that commenced commercial operation during the period starting January 1 of the year before the year of such control period and ending November 30 of the year of such control period.

(iv) For each notice of data availability required in paragraph (b)(1)(i) of this section, the Administrator will provide an opportunity for submission of objections to the identification of CSAPR SO\textsubscript{2} annual units in such notice.

(A) Objections shall be submitted by the deadline specified in each notice of data availability required in paragraph (b)(1)(i) of this section and shall be limited to addressing whether the identification of CSAPR SO\textsubscript{2} annual units in such notice is in accordance with paragraph (b)(1)(i) of this section.

(B) The Administrator will adjust the identification of CSAPR SO\textsubscript{2} Group 1 units in each notice of data availability required in paragraph (b)(1)(i) of this section to the extent necessary to ensure that it is in accordance with paragraph (b)(1)(i) of this section and will calculate the CSAPR SO\textsubscript{2} Group 1 allowance allocation to each CSAPR SO\textsubscript{2} Group 1 unit in accordance with §97.612(a)(9), (10), and (12) and §§97.606(b)(2) and 97.630 through 97.635. By February 15 immediately after the promulgation of each notice of data availability required in paragraph (b)(1)(i) of this section, the Administrator will promulgate a notice of data availability of any adjustments of the identification of CSAPR SO\textsubscript{2} Group 1 units that the Administrator determines to be necessary, the reasons for accepting or rejecting any objections submitted in accordance with paragraph (b)(1)(i)(i)(A) of this section, and the results of such calculations.

(v) To the extent any CSAPR SO\textsubscript{2} Group 1 allowances are added to the new unit set-aside after promulgation of each notice of data availability required in paragraph (b)(1)(iv) of this section, the Administrator will promulgate additional notices of data availability, as deemed appropriate, of the allocation of such CSAPR SO\textsubscript{2} Group 1 allowances in accordance with §97.612(a)(10).

(2) Indian country new unit set-asides. (i) By June 1, 2015 and June 1 of each year thereafter, the Administrator will calculate the CSAPR SO\textsubscript{2} Group 1 allowance allocation to each CSAPR SO\textsubscript{2} Group 1 unit in Indian country within the borders of a State, in accordance with §97.612(b)(2) through (7) and (12), for the control period in the year of the applicable calculation deadline under this paragraph and will promulgate a notice of data availability of the results of the calculations.

(ii) For each notice of data availability required in paragraph (b)(2)(i) of this section, the Administrator will provide an opportunity for submission of objections to the calculations referenced in such notice.

(A) Objections shall be submitted by the deadline specified in each notice of data availability required in paragraph (b)(2)(i) of this section and shall be limited to addressing whether the calculations (including the identification of the CSAPR SO\textsubscript{2} Group 1 units) are in accordance with §97.612(b)(2) through (7) and (12) and §§97.606(b)(2) and 97.630 through 97.635.

(B) The Administrator will adjust the calculations to the extent necessary to ensure that they are in accordance with the provisions referenced in paragraph (b)(2)(ii)(A) of this section. By August 1 immediately after the promulgation of each notice of data availability required in paragraph (b)(2)(i) of this section, the Administrator will promulgate a notice of data availability of any adjustments that the Administrator determines to be necessary with regard to allocations under §97.612(b)(2) through (7) and (12) and the reasons for accepting or rejecting any objections submitted in accordance with paragraph (b)(2)(ii)(A) of this section.

(iii) If the Indian country new unit set-aside for such control period contains any CSAPR SO\textsubscript{2} Group 1 allowances that have not been allocated in the applicable notice of data availability required in paragraph (b)(2)(ii) of this section, the Administrator will promulgate, by December 15 immediately after such notice, a notice of data availability that identifies any CSAPR SO\textsubscript{2} Group 1 units that commenced commercial operation during the period starting January 1 of the year before the year of such control period and ending November 30 of the year of such control period.
iv) For each notice of data availability required in paragraph (b)(2)(iii) of this section, the Administrator will provide an opportunity for submission of objections to the identification of CSAPR SO₂ annual units in such notice.

(A) Objections shall be submitted by the deadline specified in each notice of data availability required in paragraph (b)(2)(iii) of this section and shall be limited to addressing whether the identification of CSAPR SO₂ annual units in such notice is in accordance with paragraph (b)(2)(iii) of this section.

(B) The Administrator will adjust the identification of CSAPR SO₂ Group 1 units in each notice of data availability required in paragraph (b)(2)(iii) of this section to the extent necessary to ensure that it is in accordance with paragraph (b)(2)(iii) of this section and will calculate the CSAPR SO₂ Group 1 allowance allocation to each CSAPR SO₂ Group 1 unit in accordance with §97.612(b)(9), (10), and (12) and §§97.606(b)(2) and 97.630 through 97.635. By February 15 immediately after the promulgation of each notice of data availability required in paragraph (b)(2)(iii) of this section, the Administrator will promulgate a notice of data availability of any adjustments of the identification of CSAPR SO₂ Group 1 units that the Administrator determines to be necessary, the reasons for accepting or rejecting any objections submitted in accordance with paragraph (b)(2)(iv)(A) of this section, and the results of such calculations.

(v) To the extent any CSAPR SO₂ Group 1 allowances are added to the Indian country new unit set-aside after promulgation of each notice of data availability required in paragraph (b)(2)(iv) of this section, the Administrator will promulgate additional notices of data availability, as deemed appropriate, of the allocation of such CSAPR SO₂ Group 1 allowances in accordance with §97.612(b)(10).

(c) Units incorrectly allocated CSAPR SO₂ Group 1 allowances. (1) For each control period in 2015 and thereafter, if the Administrator determines that CSAPR SO₂ Group 1 allowances were allocated under paragraph (a) of this section, or under a provision of a SIP revision approved under §52.39(d), (e), or (f) of this chapter, where such control period and the recipient are covered by the provisions of paragraph (c)(1)(i) of this section or were allocated under §97.612(a)(2) through (7), (9), and (12) and (b)(2) through (7), (9), and (12), or under a provision of a SIP revision approved under §52.39(e) or (f) of this chapter, where such control period and the recipient are covered by the provisions of paragraph (c)(1)(ii) of this section, then the Administrator will notify the designated representative of the recipient and will act in accordance with the procedures set forth in paragraphs (c)(2) through (5) of this section:

(i) (A) The recipient is not actually a CSAPR SO₂ Group 1 unit under §97.604 as of January 1, 2015 and is allocated CSAPR SO₂ Group 1 allowances for such control period or, in the case of an allocation under a provision of a SIP revision approved under §52.39(d), (e), or (f) of this chapter, the recipient is not actually a CSAPR SO₂ Group 1 unit as of January 1, 2015 and is allocated CSAPR SO₂ Group 1 allowances for such control period that the SIP revision provides should be allocated only to recipients that are CSAPR SO₂ Group 1 units as of January 1, 2015; or

(B) The recipient is not located as of January 1 of the control period in the State from whose SO₂ Group 1 trading budget the CSAPR SO₂ Group 1 allowances allocated under paragraph (a) of this section, or under a provision of a SIP revision approved under §52.39(d), (e), or (f) of this chapter, were allocated for such control period.

(ii) The recipient is not actually a CSAPR SO₂ Group 1 unit under §97.604 as of January 1 of such control period and is allocated CSAPR SO₂ Group 1 allowances for such control period or, in the case of an allocation under a provision of a SIP revision approved under §52.39(e) or (f) of this chapter, the recipient is not actually a CSAPR SO₂ Group 1 unit as of January 1 of such control period and is allocated CSAPR SO₂ Group 1 allowances for such control period that the SIP revision provides should be allocated only to recipients that are CSAPR SO₂ Group 1 units as of January 1 of such control period.

(2) Except as provided in paragraph (c)(3) or (4) of this section, the Administrator will not record such CSAPR SO₂ Group 1 allowances under §97.621.

(3) If the Administrator already recorded such CSAPR SO₂ Group 1 allowances under §97.621 and if the Administrator makes the determination under paragraph (c)(1) of this section before making deductions for the source that includes such recipient under §97.624(b) for such control period, then the Administrator will deduct from the account in which such CSAPR SO₂ Group 1 allowances were recorded an amount of CSAPR SO₂ Group 1 allowances allocated for the same or a prior control period equal to the amount of such already recorded CSAPR SO₂ Group 1 allowances. The authorized account representative shall ensure that there are sufficient CSAPR SO₂ Group 1 allowances in such account for completion of the deduction.

(4) If the Administrator already recorded such CSAPR SO₂ Group 1 allowances under §97.621 and if the Administrator makes the determination under paragraph (c)(1) of this section after making deductions for the source that includes such recipient under §97.624(b) for such control period, then the Administrator will not make any deduction to take account of such already recorded CSAPR SO₂ Group 1 allowances.
§97.612 CSAPR SO₂ Group 1 allowance allocations to new units.

(a) For each control period in 2015 and thereafter and for the CSAPR SO₂ Group 1 units in each State, the Administrator will allocate CSAPR SO₂ Group 1 allowances to the CSAPR SO₂ Group 1 units as follows:

(1) The CSAPR SO₂ Group 1 allowances will be allocated to the following CSAPR SO₂ Group 1 units, except as provided in paragraph (a)(10) of this section:

(i) CSAPR SO₂ Group 1 units that are not allocated an amount of CSAPR SO₂ Group 1 allowances in the notice of data availability issued under §97.611(a)(1);

(ii) CSAPR SO₂ Group 1 units whose allocation of an amount of CSAPR SO₂ Group 1 allowances for such control period in the notice of data availability issued under §97.611(a)(1) is covered by §97.611(c)(2) or (3);

(iii) CSAPR SO₂ Group 1 units that are allocated an amount of CSAPR SO₂ Group 1 allowances for such control period in the notice of data availability issued under §97.611(a)(1), which allocation is terminated for such control period pursuant to §97.611(a)(2), and that operate during the control period immediately preceding such control period; or

(iv) For purposes of paragraph (a)(9) of this section, CSAPR SO₂ Group 1 units under §97.611(c)(1)(ii) whose allocation of an amount of CSAPR SO₂ Group 1 allowances for such control period in the notice of data availability issued under §97.611(b)(1)(ii)(B) is covered by §97.611(c)(2) or (3).

(2) The Administrator will establish a separate new unit set-aside for the State for each such control period. Each such new unit set-aside will be allocated CSAPR SO₂ Group 1 allowances in an amount equal to the applicable amount of tons of SO₂ emissions as set forth in §97.610(a) and will be allocated additional CSAPR SO₂ Group 1 allowances (if any) in accordance with §97.611(a)(2) and (c)(5) and paragraph (b)(10) of this section.

(3) The Administrator will determine, for each CSAPR SO₂ Group 1 unit described in paragraph (a)(1) of this section, an allocation of CSAPR SO₂ Group 1 allowances for the later of the following control periods and for each subsequent control period:

(i) The control period in 2015;
(ii) The first control period after the control period in which the CSAPR SO\textsubscript{2} Group 1 unit commences commercial operation;

(iii) For a unit described in paragraph (a)(1)(ii) of this section, the first control period in which the CSAPR SO\textsubscript{2} Group 1 unit operates in the State after operating in another jurisdiction and for which the unit is not already allocated one or more CSAPR SO\textsubscript{2} Group 1 allowances; and

(iv) For a unit described in paragraph (a)(1)(iii) of this section, the first control period after the control period in which the unit resumes operation.

(4)(i) The allocation to each CSAPR SO\textsubscript{2} annual unit described in paragraphs (a)(1)(i) through (iii) of this section and for each control period described in paragraph (a)(3) of this section will be an amount equal to the unit's total tons of SO\textsubscript{2} emissions during the immediately preceding control period.

(ii) The Administrator will adjust the allocation amount in paragraph (a)(4)(i) of this section in accordance with paragraphs (a)(5) through (7) and (12) of this section.

(5) The Administrator will calculate the sum of the CSAPR SO\textsubscript{2} Group 1 allowances determined for all such CSAPR SO\textsubscript{2} Group 1 units under paragraph (a)(4)(i) of this section in the State for such control period.

(6) If the amount of CSAPR SO\textsubscript{2} Group 1 allowances in the new unit set-aside for the State for such control period is greater than or equal to the sum under paragraph (a)(5) of this section, then the Administrator will allocate the amount of CSAPR SO\textsubscript{2} Group 1 allowances determined for each such CSAPR SO\textsubscript{2} Group 1 unit under paragraph (a)(4)(i) of this section.

(7) If the amount of CSAPR SO\textsubscript{2} Group 1 allowances in the new unit set-aside for the State for such control period is less than the sum under paragraph (a)(5) of this section, then the Administrator will allocate to each such CSAPR SO\textsubscript{2} Group 1 unit the amount of the CSAPR SO\textsubscript{2} Group 1 allowances determined under paragraph (a)(4)(i) of this section for the unit, multiplied by the amount of CSAPR SO\textsubscript{2} Group 1 allowances in the new unit set-aside for such control period, divided by the sum under paragraph (a)(5) of this section, and rounded to the nearest allowance.

(8) The Administrator will notify the public, through the promulgation of the notices of data availability described in §97.611(b)(1)(i) and (ii), of the amount of CSAPR SO\textsubscript{2} Group 1 allowances allocated under paragraphs (a)(2) through (7) and (12) of this section for such control period to each CSAPR SO\textsubscript{2} Group 1 unit eligible for such allocation.

(9) If, after completion of the procedures under paragraphs (a)(5) through (8) of this section for such control period, any unallocated CSAPR SO\textsubscript{2} Group 1 allowances remain in the new unit set-aside for the State for such control period, the Administrator will allocate such CSAPR SO\textsubscript{2} Group 1 allowances as follows—

(i) The Administrator will determine, for each unit described in paragraph (a)(1) of this section that commenced commercial operation during the period starting January 1 of the year before the year of such control period and ending November 30 of the year of such control period, the positive difference (if any) between the unit's emissions during such control period and the unit's total tons of SO\textsubscript{2} emissions during the immediately preceding control period.

(ii) The Administrator will determine the sum of the positive differences determined under paragraph (a)(9)(i) of this section;

(iii) If the amount of unallocated CSAPR SO\textsubscript{2} Group 1 allowances remaining in the new unit set-aside for the State for such control period is greater than or equal to the sum determined under paragraph (a)(9)(ii) of this section, the Administrator will allocate the amount of CSAPR SO\textsubscript{2} Group 1 allowances determined for each such CSAPR SO\textsubscript{2} Group 1 unit under paragraph (a)(9)(i) of this section; and

(iv) If the amount of unallocated CSAPR SO\textsubscript{2} Group 1 allowances remaining in the new unit set-aside for the State for such control period is less than the sum under paragraph (a)(9)(ii) of this section, the Administrator will allocate to each such CSAPR SO\textsubscript{2} Group 1 unit the amount of the CSAPR SO\textsubscript{2} Group 1 allowances determined under paragraph (a)(9)(ii) of this section for the unit, multiplied by the amount of unallocated CSAPR SO\textsubscript{2} Group 1 allowances remaining in the new unit set-aside for such control period, divided by the sum under paragraph (a)(9)(ii) of this section, and rounded to the nearest allowance.

(10) If, after completion of the procedures under paragraphs (a)(9) and (12) of this section for such control period, any unallocated CSAPR SO\textsubscript{2} Group 1 allowances remain in the new unit set-aside for the State for such control period, the Administrator will allocate to each CSAPR SO\textsubscript{2} Group 1 unit that is in the State, is allocated an amount of CSAPR SO\textsubscript{2} Group 1 allowances in the notice of data availability issued under §97.611(a)(1), and continues to be allocated CSAPR SO\textsubscript{2} Group 1 allowances during the immediately preceding control period.
allowances for such control period in accordance with §97.611(a)(2), an amount of CSAPR SO₂ Group 1 allowances equal to
the following: The total amount of such remaining unallocated CSAPR SO₂ Group 1 allowances in such new unit set-aside,
multiplied by the unit's allocation under §97.611(a) for such control period, divided by the remainder of the amount of tons in the
applicable State SO₂ Group 1 trading budget minus the sum of the amounts of tons in such new unit set-aside and the Indian
country new unit set-aside for the State for such control period, and rounded to the nearest allowance.

(11) The Administrator will notify the public, through the promulgation of the notices of data availability described in
§97.611(b)(1)(iii), (iv), and (v), of the amount of CSAPR SO₂ Group 1 allowances allocated under paragraphs (a)(9), (10), and
(12) of this section for such control period to each CSAPR SO₂ Group 1 unit eligible for such allocation.

(12)(i) Notwithstanding the requirements of paragraphs (a)(2) through (11) of this section, if the calculations of allocations
of a new unit set-aside for a control period in a given year under paragraph (a)(7) of this section, paragraphs (a)(6) and (9)(iv)
of this section, or paragraphs (a)(6), (9)(iii), and (10) of this section would otherwise result in total allocations of such new unit set-
aside exceeding the total amount of such new unit set-aside, then the Administrator will adjust the results of the calculations
under paragraph (a)(7), (9)(iv), or (10) of this section, as applicable, as follows. The Administrator will list the CSAPR SO₂
Group 1 units in descending order based on the amount of such units' allocations under paragraph (a)(7), (9)(iv), or (10) of this
section, as applicable, and, in cases of equal allocation amounts, in alphabetical order of the relevant source's name and
numerical order of the relevant unit's identification number, and will reduce each unit's allocation under paragraph (a)(7), (9)(iv),
or (10) of this section, as applicable, by one CSAPR SO₂ Group 1 allowance (but not below zero) in the order in which the units
are listed and will repeat this reduction process as necessary, until the total allocations of such new unit set-aside equal the
total amount of such new unit set-aside.

(ii) Notwithstanding the requirements of paragraphs (a)(10) and (11) of this section, if the calculations of allocations of a
new unit set-aside for a control period in a given year under paragraphs (a)(6), (9)(iii), and (10) of this section would otherwise
result in a total allocations of such new unit set-aside less than the total amount of such new unit set-aside, then the
Administrator will adjust the results of the calculations under paragraph (a)(10) of this section, as follows. The Administrator will
list the CSAPR SO₂ Group 1 units in descending order based on the amount of such units' allocations under paragraph (a)(10)
of this section and, in cases of equal allocation amounts, in alphabetical order of the relevant source's name and numerical
order of the relevant unit's identification number, and will increase each unit's allocation under paragraph (a)(10) of this section
by one CSAPR SO₂ Group 1 allowance in the order in which the units are listed and will repeat this increase process as
necessary, until the total allocations of such new unit set-aside equal the total amount of such new unit set-aside.

(b) For each control period in 2015 and thereafter and for the CSAPR SO₂ Group 1 units located in Indian country
within the borders of each State, the Administrator will allocate CSAPR SO₂ Group 1 allowances to the CSAPR SO₂ Group 1 units as
follows:

(1) The CSAPR SO₂ Group 1 allowances will be allocated to the following CSAPR SO₂ Group 1 units, except as provided
in paragraph (b)(10) of this section:

(i) CSAPR SO₂ Group 1 units that are not allocated an amount of CSAPR SO₂ Group 1 allowances in the notice of data

an amount of CSAPR SO₂ Group 1 allowances for such control period in the notice of data availability issued under §97.611(b)
(2)(ii)(B) is covered by §97.611(c)(2) or (3).

(2) The Administrator will establish a separate Indian country new unit set-aside for the State for each such control period.
Each such Indian country new unit set-aside will be allocated CSAPR SO₂ Group 1 allowances in an amount equal to the
applicable amount of tons of SO₂ emissions as set forth in §97.610(a) and will be allocated additional CSAPR SO₂ Group 1
allowances (if any) in accordance with §97.611(c)(5).

(3) The Administrator will determine, for each CSAPR SO₂ Group 1 unit described in paragraph (b)(1) of this section, an
allocation of CSAPR SO₂ Group 1 allowances for the later of the following control periods and for each subsequent control
period:

(i) The control period in 2015; and

(ii) The first control period after the control period in which the CSAPR SO₂ Group 1 unit commences commercial
operation.

(4)(i) The allocation to each CSAPR SO₂ annual unit described in paragraph (b)(1)(i) of this section and for each control
period described in paragraph (b)(3) of this section will be an amount equal to the unit's total tons of SO₂ emissions during the
Administrator will allocate the amount of CSAPR SO2 Group 1 allowances determined for each such CSAPR SO2 Group 1 unit eligible for such allocation.

(5) The Administrator will calculate the sum of the CSAPR SO2 Group 1 allowances determined for all such CSAPR SO2 Group 1 units under paragraph (b)(4)(i) of this section in Indian country within the borders of the State for such control period.

(6) If the amount of CSAPR SO2 Group 1 allowances in the Indian country new unit set-aside for the State for such control period is greater than or equal to the sum under paragraph (b)(5) of this section, then the Administrator will allocate the amount of CSAPR SO2 Group 1 allowances determined for each such CSAPR SO2 Group 1 unit under paragraph (b)(4)(i) of this section.

(7) If the amount of CSAPR SO2 Group 1 allowances in the Indian country new unit set-aside for the State for such control period is less than the sum under paragraph (b)(5) of this section, then the Administrator will allocate to each such CSAPR SO2 Group 1 unit the amount of the CSAPR SO2 Group 1 allowances determined under paragraph (b)(4)(i) of this section for the unit, multiplied by the amount of CSAPR SO2 Group 1 allowances in the Indian country new unit set-aside for such control period, divided by the sum under paragraph (b)(5) of this section, and rounded to the nearest allowance.

(8) The Administrator will notify the public, through the promulgation of the notices of data availability described in §97.611(b)(2)(i) and (ii), of the amount of CSAPR SO2 Group 1 allowances allocated under paragraphs (b)(2) through (7) and (12) of this section for such control period to each CSAPR SO2 Group 1 unit eligible for such allocation.

(9) If, after completion of the procedures under paragraphs (b)(5) through (8) of this section for such control period, any unallocated CSAPR SO2 Group 1 allowances remain in the Indian country new unit set-aside for the State for such control period, the Administrator will allocate such CSAPR SO2 Group 1 allowances as follows—

(i) The Administrator will determine, for each unit described in paragraph (b)(1) of this section that commenced commercial operation during the period starting January 1 of the year before the year of such control period and ending November 30 of the year of such control period, the positive difference (if any) between the unit's emissions during such control period and the amount of CSAPR SO2 Group 1 allowances referenced in the notice of data availability required under §97.611(b)(2)(ii) for the unit for such control period;

(ii) The Administrator will determine the sum of the positive differences determined under paragraph (b)(9)(i) of this section; and

(iii) If the amount of unallocated CSAPR SO2 Group 1 allowances remaining in the Indian country new unit set-aside for the State for such control period is greater than or equal to the sum determined under paragraph (b)(9)(ii) of this section, then the Administrator will allocate the amount of CSAPR SO2 Group 1 allowances determined for each such CSAPR SO2 Group 1 unit under paragraph (b)(9)(i) of this section; and

(iv) If the amount of unallocated CSAPR SO2 Group 1 allowances remaining in the Indian country new unit set-aside for the State for such control period is less than the sum under paragraph (b)(9)(ii) of this section, then the Administrator will allocate to each such CSAPR SO2 Group 1 unit the amount of the CSAPR SO2 Group 1 allowances determined under paragraph (b)(9)(i) of this section for the unit, multiplied by the amount of unallocated CSAPR SO2 Group 1 allowances remaining in the Indian country new unit set-aside for such control period, divided by the sum under paragraph (b)(9)(ii) of this section, and rounded to the nearest allowance.

(10) If, after completion of the procedures under paragraphs (b)(9) and (12) of this section for such control period, any unallocated CSAPR SO2 Group 1 allowances remain in the Indian country new unit set-aside for the State for such control period, the Administrator will:

(i) Transfer such unallocated CSAPR SO2 Group 1 allowances to the new unit set-aside for the State for such control period; or

(ii) If the State has a SIP revision approved under §52.39(e) or (f) of this chapter covering such control period, include such unallocated CSAPR SO2 Group 1 allowances in the portion of the State SO2 Group 1 trading budget that may be allocated for such control period in accordance with such SIP revision.

(11) The Administrator will notify the public, through the promulgation of the notices of data availability described in §97.611(b)(2)(iii), (iv), and (v), of the amount of CSAPR SO2 Group 1 allowances allocated under paragraphs (b)(9), (10), and (12) of this section for such control period to each CSAPR SO2 Group 1 unit eligible for such allocation.
(12)(i) Notwithstanding the requirements of paragraphs (b)(2) through (11) of this section, if the calculations of allocations of an Indian country new unit set-aside for a control period in a given year under paragraph (b)(7) of this section, paragraphs (b)(6) and (9)(iv) of this section, or paragraphs (b)(6), (9)(iii), and (10) of this section would otherwise result in total allocations of such Indian country new unit set-aside exceeding the total amount of such Indian country new unit set-aside, then the Administrator will adjust the results of the calculations under paragraph (b)(7), (9)(iv), or (10) of this section, as applicable, as follows. The Administrator will list the CSAPR SO 2 Group 1 units in descending order based on the amount of such units' allocations under paragraph (b)(7), (9)(iv), or (10) of this section, as applicable, and, in cases of equal allocation amounts, in alphabetical order of the relevant source's name and numerical order of the relevant unit's identification number, and will reduce each unit's allocation under paragraph (b)(7), (9)(iv), or (10) of this section, as applicable, by one CSAPR SO 2 Group 1 allowance (but not below zero) in the order in which the units are listed and will repeat this reduction process as necessary, until the total allocations of such Indian country new unit set-aside equal the total amount of such Indian country new unit set-aside.

(ii) Notwithstanding the requirements of paragraphs (b)(10) and (11) of this section, if the calculations of allocations of an Indian country new unit set-aside for a control period in a given year under paragraphs (b)(6), (9)(iii), and (10) of this section would otherwise result in a total allocations of such Indian country new unit set-aside less than the total amount of such Indian country new unit set-aside, then the Administrator will adjust the results of the calculations under paragraph (b)(10) of this section, as follows. The Administrator will list the CSAPR SO 2 Group 1 units in descending order based on the amount of such units' allocations under paragraph (b)(10) of this section and, in cases of equal allocation amounts, in alphabetical order of the relevant source's name and numerical order of the relevant unit's identification number, and will increase each unit's allocation under paragraph (b)(10) of this section by one CSAPR SO 2 Group 1 allowance in the order in which the units are listed and will repeat this increase process as necessary, until the total allocations of such Indian country new unit set-aside equal the total amount of such Indian country new unit set-aside.

2. If there are insufficient CSAPR SO\textsubscript{2} Group 1 allowances to complete the deductions in paragraph (b)(1) of this section, until no more CSAPR SO\textsubscript{2} Group 1 allowances available under paragraph (a) of this section remain in the compliance account.

(c)(1) Identification of CSAPR SO\textsubscript{2} Group 1 allowances by serial number. The authorized account representative for a source’s compliance account may request that specific CSAPR SO\textsubscript{2} Group 1 allowances, identified by serial number, in the compliance account be deducted for emissions or excess emissions for a control period in a given year in accordance with paragraph (b) or (d) of this section. In order to be complete, such request shall be submitted to the Administrator by the allowance transfer deadline for such control period and include, in a format prescribed by the Administrator, the identification of the CSAPR SO\textsubscript{2} Group 1 source and the appropriate serial numbers.

2. First-in, first-out. The Administrator will deduct CSAPR SO\textsubscript{2} Group 1 allowances under paragraph (b) or (d) of this section from the source's compliance account in accordance with a complete request under paragraph (c)(1) of this section or, in the absence of such request or in the case of identification of an insufficient amount of CSAPR SO\textsubscript{2} Group 1 allowances in such request, on a first-in, first-out accounting basis in the following order:

(i) Any CSAPR SO\textsubscript{2} Group 1 allowances that were recorded in the compliance account pursuant to §97.621 and not transferred out of the compliance account, in the order of recordation; and then

(ii) Any other CSAPR SO\textsubscript{2} Group 1 allowances that were transferred to and recorded in the compliance account pursuant to this subpart, in the order of recordation.

(d) Deductions for excess emissions. After making the deductions for compliance under paragraph (b) of this section for a control period in a year in which the CSAPR SO\textsubscript{2} Group 1 source has excess emissions, the Administrator will deduct from the source's compliance account an amount of CSAPR SO\textsubscript{2} Group 1 allowances, allocated or auctioned for a control period in a prior year or the control period in the year of the excess emissions or in the immediately following year, equal to two times the number of tons of the source's excess emissions.

(e) Recordation of deductions. The Administrator will record in the appropriate compliance account all deductions from such an account under paragraphs (b) and (d) of this section.
§97.625 Compliance with CSAPR SO₂ Group 1 assurance provisions.

(a) Availability for deduction. CSAPR SO₂ Group 1 allowances are available to be deducted for compliance with the CSAPR SO₂ Group 1 assurance provisions for a control period in a given year by the owners and operators of a group of one or more CSAPR SO₂ Group 1 sources and units in a State (and Indian country within the borders of such State) only if the CSAPR SO₂ Group 1 allowances:

(1) Were allocated or auctioned for a control period in a prior year or the control period in the given year or in the immediately following year; and

(2) Are held in the assurance account, established by the Administrator for such owners and operators of such group of CSAPR SO₂ Group 1 sources and units in such State (and Indian country within the borders of such State) under paragraph (b) (3) of this section, as of the deadline established in paragraph (b)(4) of this section.

(b) Deductions for compliance. The Administrator will deduct CSAPR SO₂ Group 1 allowances available under paragraph (a) of this section for compliance with the CSAPR SO₂ Group 1 assurance provisions for a State for a control period in a given year in accordance with the following procedures:

(1) By June 1, 2018 and June 1 of each year thereafter, the Administrator will:

(i) Calculate, for each State (and Indian country within the borders of such State), the total SO₂ emissions from all CSAPR SO₂ Group 1 units at CSAPR SO₂ Group 1 sources in the State (and Indian country within the borders of such State) during the control period in the year before the year of this calculation deadline and the amount, if any, by which such total SO₂ emissions exceed the State assurance level as described in §97.606(c)(2)(iii); and

(ii) Promulgate a notice of data availability of the results of the calculations required in paragraph (b)(1)(i) of this section, including separate calculations of the SO₂ emissions from each CSAPR SO₂ Group 1 source.

(2) For each notice of data availability required in paragraph (b)(1)(ii) of this section and for any State (and Indian country within the borders of such State) identified in such notice as having CSAPR SO₂ Group 1 units with total SO₂ emissions exceeding the State assurance level for a control period in a given year, as described in §97.606(c)(2)(iii):

(i) By July 1 immediately after the promulgation of such notice, the designated representative of each CSAPR SO₂ Group 1 source in such State (and Indian country within the borders of such State) shall submit a statement, in a format prescribed by the Administrator, providing for each CSAPR SO₂ Group 1 unit (if any) at the source that operates during, but is not allocated an amount of CSAPR SO₂ Group 1 allowances for, such control period, the unit's allowable SO₂ emission rate for such control period and, if such rate is expressed in lb per mmBtu, the unit's heat rate.

(ii) By August 1 immediately after the promulgation of such notice, the Administrator will calculate, for each such State (and Indian country within the borders of such State) and such control period and each common designated representative for such control period for a group of one or more CSAPR SO₂ Group 1 sources and units in the State (and Indian country within the borders of such State), the common designated representative's share of the total SO₂ emissions from all CSAPR SO₂ Group 1 units at CSAPR SO₂ Group 1 sources in the State (and Indian country within the borders of such State), the common designated representative's assurance level, and the amount (if any) of CSAPR SO₂ Group 1 allowances that the owners and operators of such group of sources and units must hold in accordance with the calculation formula in §97.606(c)(2)(ii) and will promulgate a notice of data availability of the results of these calculations.

(iii) The Administrator will provide an opportunity for submission of objections to the calculations referenced by the notice of data availability required in paragraph (b)(2)(ii) of this section and the calculations referenced by the relevant notice of data availability required in paragraph (b)(1)(ii) of this section.

(A) Objections shall be submitted by the deadline specified in such notice and shall be limited to addressing whether the calculations referenced in the relevant notice required under paragraph (b)(1)(ii) of this section and referenced in the notice required under paragraph (b)(2)(ii) of this section are in accordance with §97.606(c)(2)(iii), §§97.606(b) and 97.630 through 97.635, the definitions of "common designated representative", "common designated representative's assurance level", and "common designated representative's share" in §97.602, and the calculation formula in §97.606(c)(2)(i).

(B) The Administrator will adjust the calculations to the extent necessary to ensure that they are in accordance with the provisions referenced in paragraph (b)(2)(iii)(A) of this section. By October 1 immediately after the promulgation of such notice, the Administrator will promulgate a notice of data availability of the calculations incorporating any adjustments that the
Administrator determines to be necessary and the reasons for accepting or rejecting any objections submitted in accordance with paragraph (b)(2)(iii)(A) of this section.

(3) For any State (and Indian country within the borders of such State) referenced in each notice of data availability required in paragraph (b)(2)(iii)(B) of this section as having CSAPR SO\textsubscript{2} Group 1 units with total SO\textsubscript{2} emissions exceeding the State assurance level for a control period in a given year, the Administrator will establish one assurance account for each set of owners and operators referenced, in the notice of data availability required under paragraph (b)(2)(iii)(B) of this section, as all of the owners and operators of a group of CSAPR SO\textsubscript{2} Group 1 sources and units in the State (and Indian country within the borders of such State) having a common designated representative for such control period and as being required to hold CSAPR SO\textsubscript{2} Group 1 allowances.

(4) (i) As of midnight of November 1 immediately after the promulgation of each notice of data availability required in paragraph (b)(2)(iii)(B) of this section, the owners and operators described in paragraph (b)(3) of this section shall hold in the assurance account established for them and for the appropriate CSAPR SO\textsubscript{2} Group 1 sources, CSAPR SO\textsubscript{2} Group 1 units, and State (and Indian country within the borders of such State) under paragraph (b)(3) of this section a total amount of CSAPR SO\textsubscript{2} Group 1 allowances available for deduction under paragraph (a) of this section, equal to the amount such owners and operators are required to hold with regard to such sources, units and State (and Indian country within the borders of such State) as calculated by the Administrator and referenced in such notice.

(ii) Notwithstanding the allowance-holding deadline specified in paragraph (b)(4)(i) of this section, if November 1 is not a business day, then such allowance-holding deadline shall be midnight of the first business day thereafter.

(5) After November 1 (or the date described in paragraph (b)(4)(ii) of this section) immediately after the promulgation of each notice of data availability required in paragraph (b)(2)(iii)(B) of this section and after the recordation, in accordance with §97.623, of CSAPR SO\textsubscript{2} Group 1 allowance transfers submitted by midnight of such date, the Administrator will determine whether the owners and operators described in paragraph (b)(3) of this section hold, in the assurance account for the appropriate CSAPR SO\textsubscript{2} Group 1 sources, CSAPR SO\textsubscript{2} Group 1 units, and State (and Indian country within the borders of such State) established under paragraph (b)(3) of this section, the amount of CSAPR SO\textsubscript{2} Group 1 allowances available under paragraph (a) of this section that the owners and operators are required to hold with regard to such sources, units, and State (and Indian country within the borders of such State) as calculated by the Administrator and referenced in the notice required in paragraph (b)(2)(iii)(B) of this section.

(6) Notwithstanding any other provision of this subpart and any revision, made by or submitted to the Administrator after the promulgation of the notice of data availability required in paragraph (b)(2)(iii)(B) of this section for a control period in a given year, of any data used in making the calculations referenced in such notice, the amounts of CSAPR SO\textsubscript{2} Group 1 allowances that the owners and operators are required to hold in accordance with §97.606(c)(2)(i) for such control period shall continue to be such amounts as calculated by the Administrator and referenced in such notice required in paragraph (b)(2)(iii)(B) of this section, except as follows:

(i) If any such data are revised by the Administrator as a result of a decision in or settlement of litigation concerning such data on appeal under part 78 of this chapter of such notice, or on appeal under section 307 of the Clean Air Act of a decision rendered under part 78 of this chapter on appeal of such notice, then the Administrator will use the data as so revised to recalculate the amounts of CSAPR SO\textsubscript{2} Group 1 allowances that owners and operators are required to hold in accordance with the calculation formula in §97.606(c)(2)(i) for such control period with regard to the CSAPR SO\textsubscript{2} Group 1 sources, CSAPR SO\textsubscript{2} Group 1 units, and State (and Indian country within the borders of such State) involved, provided that such litigation under part 78 of this chapter, or the proceeding under part 78 of this chapter that resulted in the decision appealed in such litigation under section 307 of the Clean Air Act, was initiated no later than 30 days after promulgation of such notice required in paragraph (b)(2)(iii)(B) of this section.

(ii) If any such data are revised by the owners and operators of a CSAPR SO\textsubscript{2} Group 1 source and CSAPR SO\textsubscript{2} Group 1 unit whose designated representative submitted such data under paragraph (b)(2)(i) of this section, as a result of a decision in or settlement of litigation concerning such submission, then the Administrator will use the data as so revised to recalculate the amounts of CSAPR SO\textsubscript{2} Group 1 allowances that owners and operators are required to hold in accordance with the calculation formula in §97.606(c)(2)(i) for such control period with regard to the CSAPR SO\textsubscript{2} Group 1 sources, CSAPR SO\textsubscript{2} Group 1 units, and State (and Indian country within the borders of such State) involved, provided that such litigation was initiated no later than 30 days after promulgation of such notice required in paragraph (b)(2)(iii)(B) of this section.

(iii) If the revised data are used to recalculate, in accordance with paragraphs (b)(6)(i) and (ii) of this section, the amount of CSAPR SO\textsubscript{2} Group 1 allowances that the owners and operators are required to hold for such control period with regard to the CSAPR SO\textsubscript{2} Group 1 sources, CSAPR SO\textsubscript{2} Group 1 units, and State (and Indian country within the borders of such State) involved—
(A) Where the amount of CSAPR SO\textsubscript{2} Group 1 allowances that the owners and operators are required to hold increases as a result of the use of all such revised data, the Administrator will establish a new, reasonable deadline on which the owners and operators shall hold the additional amount of CSAPR SO\textsubscript{2} Group 1 allowances in the assurance account established by the Administrator for the appropriate CSAPR SO\textsubscript{2} Group 1 sources, CSAPR SO\textsubscript{2} Group 1 units, and State (and Indian country within the borders of such State) under paragraph (b)(3) of this section. The owners' and operators' failure to hold such additional amount, as required, before the new deadline shall not be a violation of the Clean Air Act. The owners' and operators' failure to hold such additional amount, as required, of the new deadline shall be a violation of the Clean Air Act. Each CSAPR SO\textsubscript{2} Group 1 allowance that the owners and operators fail to hold as required as of the new deadline, and each day in such control period, shall be a separate violation of the Clean Air Act.

(B) For the owners and operators for which the amount of CSAPR SO\textsubscript{2} Group 1 allowances required to be held decreases as a result of the use of all such revised data, the Administrator will record, in all accounts from which CSAPR SO\textsubscript{2} Group 1 allowances were transferred by such owners and operators for such control period to the assurance account established by the Administrator for the appropriate CSAPR SO\textsubscript{2} Group 1 sources, CSAPR SO\textsubscript{2} Group 1 units, and State (and Indian country within the borders of such State) under paragraph (b)(3) of this section, a total amount of the CSAPR SO\textsubscript{2} Group 1 allowances held in such assurance account equal to the amount of the decrease. If CSAPR SO\textsubscript{2} Group 1 allowances were transferred to such assurance account from more than one account, the amount of CSAPR SO\textsubscript{2} Group 1 allowances recorded in each such transferor account will be in proportion to the percentage of the total amount of CSAPR SO\textsubscript{2} Group 1 allowances transferred to such assurance account for such control period from such transferor account.

(C) Each CSAPR SO\textsubscript{2} Group 1 allowance held under paragraph (b)(6)(iii)(A) of this section as a result of recalculation of requirements under the CSAPR SO\textsubscript{2} Group 1 assurance provisions for such control period must be a CSAPR SO\textsubscript{2} Group 1 allowance allocated for a control period in a year before or the year immediately following, or in the same year as, the year of such control period.

§97.626 Banking.

(a) A CSAPR SO\textsubscript{2} Group 1 allowance may be banked for future use or transfer in a compliance account or a general account in accordance with paragraph (b) of this section.

(b) Any CSAPR SO\textsubscript{2} Group 1 allowance that is held in a compliance account or a general account will remain in such account unless and until the CSAPR SO\textsubscript{2} Group 1 allowance is deducted or transferred under §97.611(c), §97.623, §97.624, §97.625, §97.627, or §97.628.

§97.627 Account error.

The Administrator may, at his or her sole discretion and on his or her own motion, correct any error in any Allowance Management System account. Within 10 business days of making such correction, the Administrator will notify the authorized account representative for the account.

§97.628 Administrator's action on submissions.

(a) The Administrator may review and conduct independent audits concerning any submission under the CSAPR SO\textsubscript{2} Group 1 Trading Program and make appropriate adjustments of the information in the submission.

(b) The Administrator may deduct CSAPR SO\textsubscript{2} Group 1 allowances from or transfer CSAPR SO\textsubscript{2} Group 1 allowances to a compliance account or an assurance account, based on the information in a submission, as adjusted under paragraph (a) of this section, and record such deductions and transfers.

§97.629 [Reserved]

§97.630 General monitoring, recordkeeping, and reporting requirements.
The owners and operators, and to the extent applicable, the designated representative, of a CSAPR SO₂ Group 1 unit, shall comply with the monitoring, recordkeeping, and reporting requirements as provided in this subpart and subparts F and G of part 75 of this chapter. For purposes of applying such requirements, the definitions in §97.602 and in §72.2 of this chapter shall apply, the terms “affected unit,” “designated representative,” and “continuous emission monitoring system” (or “CEMS”) in part 75 of this chapter shall be deemed to refer to the terms “CSAPR SO₂ Group 1 unit,” “designated representative,” and “continuous emission monitoring system” (or “CEMS”) respectively as defined in §97.602, and the term “newly affected unit” shall be deemed to mean “newly affected CSAPR SO₂ Group 1 unit”. The owner or operator of a unit that is not a CSAPR SO₂ Group 1 unit but that is monitored under §75.16(b)(2) of this chapter shall comply with the same monitoring, recordkeeping, and reporting requirements as a CSAPR SO₂ Group 1 unit.

(a) Requirements for installation, certification, and data accounting. The owner or operator of each CSAPR SO₂ Group 1 unit shall:

(1) Install all monitoring systems required under this subpart for monitoring SO₂ mass emissions and individual unit heat input (including all systems required to monitor SO₂ concentration, stack gas moisture content, stack gas flow rate, CO₂ or O₂ concentration, and fuel flow rate, as applicable, in accordance with §§75.11 and 75.16 of this chapter);

(2) Successfully complete all certification tests required under §97.631 and meet all other requirements of this subpart and part 75 of this chapter applicable to the monitoring systems under paragraph (a)(1) of this section; and

(3) Record, report, and quality-assure the data from the monitoring systems under paragraph (a)(1) of this section.

(b) Compliance deadlines. Except as provided in paragraph (e) of this section, the owner or operator of a CSAPR SO₂ Group 1 unit shall meet the monitoring system certification and other requirements of paragraphs (a)(1) and (2) of this section on or before the later of the following dates and shall record, report, and quality-assure the data from the monitoring systems under paragraph (a)(1) of this section on and after the later of the following dates:

(1) January 1, 2015; or

(2) 180 calendar days after the date on which the unit commences commercial operation.

(3) The owner or operator of a CSAPR SO₂ Group 1 unit for which construction of a new stack or flue or installation of add-on SO₂ emission controls is completed after the applicable deadline under paragraph (b)(1) or (2) of this section shall meet the requirements of §75.4(e)(1) through (4) of this chapter, except that:

(i) Such requirements shall apply to the monitoring systems required under §97.630 through §97.635, rather than the monitoring systems required under part 75 of this chapter;

(ii) SO₂ concentration, stack gas moisture content, stack gas volumetric flow rate, and O₂ or CO₂ concentration data shall be determined and reported, rather than the data listed in §75.4(e)(2) of this chapter; and

(iii) Any petition for another procedure under §75.4(e)(2) of this chapter shall be submitted under §97.635, rather than §75.66 of this chapter.

(c) Reporting data. The owner or operator of a CSAPR SO₂ Group 1 unit that does not meet the applicable compliance date set forth in paragraph (b) of this section for any monitoring system under paragraph (a)(1) of this section shall, for each such monitoring system, determine, record, and report maximum potential (or, as appropriate, minimum potential) values for SO₂ concentration, stack gas flow rate, stack gas moisture content, fuel flow rate, and any other parameters required to determine SO₂ mass emissions and heat input in accordance with §75.31(b)(2) or (c)(3) of this chapter or section 2.4 of appendix D to part 75 of this chapter, as applicable.

(d) Prohibitions. (1) No owner or operator of a CSAPR SO₂ Group 1 unit shall use any alternative monitoring system, alternative reference method, or any other alternative to any requirement of this subpart without having obtained prior written approval in accordance with §97.635.

(2) No owner or operator of a CSAPR SO₂ Group 1 unit shall operate the unit so as to discharge, or allow to be discharged, SO₂ to the atmosphere without accounting for all such SO₂ in accordance with the applicable provisions of this subpart and part 75 of this chapter.

(3) No owner or operator of a CSAPR SO₂ Group 1 unit shall disrupt the continuous emission monitoring system, any portion thereof, or any other approved emission monitoring method, and thereby avoid monitoring and recording SO₂ mass discharged into the atmosphere or heat input, except for periods of recertification or periods when calibration, quality assurance testing, or maintenance is performed in accordance with the applicable provisions of this subpart and part 75 of this chapter.
(4) No owner or operator of a CSAPR SO₂ Group 1 unit shall retire or permanently discontinue use of the continuous emission monitoring system, any component thereof, or any other approved monitoring system under this subpart, except under any one of the following circumstances:

(i) During the period that the unit is covered by an exemption under §97.605 that is in effect;

(ii) The owner or operator is monitoring emissions from the unit with another certified monitoring system approved, in accordance with the applicable provisions of this subpart and part 75 of this chapter, by the Administrator for use at that unit that provides emission data for the same pollutant or parameter as the retired or discontinued monitoring system; or

(iii) The designated representative submits notification of the date of certification testing of a replacement monitoring system for the retired or discontinued monitoring system in accordance with §97.631(d)(3)(i).

(e) Long-term cold storage. The owner or operator of a CSAPR SO₂ Group 1 unit is subject to the applicable provisions of §75.4(d) of this chapter concerning units in long-term cold storage.

§97.631 Initial monitoring system certification and recertification procedures.

(a) The owner or operator of a CSAPR SO₂ Group 1 unit shall be exempt from the initial certification requirements of this section for a monitoring system under §97.630(a)(1) if the following conditions are met:

(1) The monitoring system has been previously certified in accordance with part 75 of this chapter; and

(2) The applicable quality-assurance and quality-control requirements of §75.21 of this chapter and appendices B and D to part 75 of this chapter are fully met for the certified monitoring system described in paragraph (a)(1) of this section.

(b) The recertification provisions of this section shall apply to a monitoring system under §97.630(a)(1) that is exempt from initial certification requirements under paragraph (a) of this section.

(c) [Reserved]

(d) Except as provided in paragraph (a) of this section, the owner or operator of a CSAPR SO₂ Group 1 unit shall comply with the following initial certification and recertification procedures, for a continuous monitoring system (i.e., a continuous emission monitoring system and an excepted monitoring system under appendix D to part 75 of this chapter) under §97.630(a)(1). The owner or operator of a unit that qualifies to use the low mass emissions excepted monitoring methodology under §75.19 of this chapter or that qualifies to use an alternative monitoring system under subpart E of part 75 of this chapter shall comply with the procedures in paragraph (e) or (f) of this section respectively.

(1) Requirements for initial certification. The owner or operator shall ensure that each continuous monitoring system under §97.630(a)(1) (including the automated data acquisition and handling system) successfully completes all of the initial certification testing required under §75.20 of this chapter by the applicable deadline in §97.630(b). In addition, whenever the owner or operator installs a monitoring system to meet the requirements of this subpart in a location where no such monitoring system was previously installed, initial certification in accordance with §75.20 of this chapter is required.

(2) Requirements for recertification. Whenever the owner or operator makes a replacement, modification, or change in any certified continuous emission monitoring system under §97.630(a)(1) that may significantly affect the ability of the system to accurately measure or record SO₂ mass emissions or heat input rate or to meet the quality-assurance and quality-control requirements of §75.21 of this chapter or appendix B to part 75 of this chapter, the owner or operator shall recertify the monitoring system in accordance with §75.20(b) of this chapter. Furthermore, whenever the owner or operator makes a replacement, modification, or change to the flue gas handling system or the unit's operation that may significantly change the stack flow or concentration profile, the owner or operator shall recertify each continuous emission monitoring system whose accuracy is potentially affected by the change, in accordance with §75.20(b) of this chapter. Examples of changes to a continuous emission monitoring system that require recertification include replacement of the analyzer, complete replacement of an existing continuous emission monitoring system, or change in location or orientation of the sampling probe or site. Any fuel flowmeter system under §97.630(a)(1) is subject to the recertification requirements in §75.20(g)(6) of this chapter.

(3) Approval process for initial certification and recertification. For initial certification of a continuous monitoring system under §97.630(a)(1), paragraphs (d)(3)(i) through (v) of this section apply. For recertifications of such monitoring systems, paragraphs (d)(3)(i) through (iv) of this section and the procedures in §75.20(b)(5) and (g)(7) of this chapter (in lieu of the procedures in paragraph (d)(3)(v) of this section) apply, provided that in applying paragraphs (d)(3)(i) through (iv) of this section,
the words “certification” and “initial certification” are replaced by the word “recertification” and the word “certified” is replaced by
the word “recertified”.

(i) Notification of certification. The designated representative shall submit to the appropriate EPA Regional Office and the
Administrator written notice of the dates of certification testing, in accordance with §97.633.

(ii) Certification application. The designated representative shall submit to the Administrator a certification application for
each monitoring system. A complete certification application shall include the information specified in §75.63 of this chapter.

(iii) Provisional certification date. The provisional certification date for a monitoring system shall be determined in
accordance with §75.20(a)(3) of this chapter. A provisionally certified monitoring system may be used under the CSAPR SO
2
Group 1 Trading Program for a period not to exceed 120 days after receipt by the Administrator of the complete certification
application for the monitoring system under paragraph (d)(3)(ii) of this section. Data measured and recorded by the
 provisionally certified monitoring system, in accordance with the requirements of part 75 of this chapter, will be considered valid
quality-assured data (retroactive to the date and time of provisional certification), provided that the Administrator does not
invalidate the provisional certification by issuing a notice of disapproval within 120 days of the date of receipt of the complete
certification application by the Administrator.

(iv) Certification application approval process. The Administrator will issue a written notice of approval or disapproval of the
certification application to the owner or operator within 120 days of receipt of the complete certification application under
paragraph (d)(3)(ii) of this section. In the event the Administrator does not issue such a notice within such 120-day period, each
monitoring system that meets the applicable performance requirements of part 75 of this chapter and is included in the
certification application will be deemed certified for use under the CSAPR SO
2
Group 1 Trading Program.

(A) Approval notice. If the certification application is complete and shows that each monitoring system meets the applicable
performance requirements of part 75 of this chapter, then the Administrator will issue a written notice of approval of the
certification application within 120 days of receipt.

(B) Incomplete application notice. If the certification application is not complete, then the Administrator will issue a written
notice of incompleteness that sets a reasonable date by which the designated representative must submit the additional
information required to complete the certification application. If the designated representative does not comply with the notice
of incompleteness by the specified date, then the Administrator may issue a notice of disapproval under paragraph (d)(3)(iv)(C) of
this section.

(C) Disapproval notice. If the certification application shows that any monitoring system does not meet the performance
requirements of part 75 of this chapter or if the certification application is incomplete and the requirement for disapproval under
paragraph (d)(3)(iv)(B) of this section is met, then the Administrator will issue a written notice of disapproval of the certification
application. Upon issuance of such notice of disapproval, the provisional certification is invalidated by the Administrator and the
data measured and recorded by each uncertified monitoring system shall not be considered valid quality-assured data
beginning with the date and hour of provisional certification (as defined under §75.20(a)(3) of this chapter).

(D) Audit decertification. The Administrator may issue a notice of disapproval of the certification status of a monitor in
accordance with §97.632(b).

(v) Procedures for loss of certification. If the Administrator issues a notice of disapproval of a certification application under
paragraph (d)(3)(iv)(C) of this section or a notice of disapproval of certification status under paragraph (d)(3)(iv)(D) of this
section, then:

(A) The owner or operator shall substitute the following values, for each disapproved monitoring system, for each hour of
unit operation during the period of invalid data specified under §75.20(a)(4)(iii), §75.20(g)(7), or §75.21(e) of this chapter and
continuing until the applicable date and hour specified under §75.20(a)(5)(i) or (g)(7) of this chapter:

(1) For a disapproved SO
2
pollutant concentration monitor and disapproved flow monitor, respectively, the maximum
potential concentration of SO
2
and the maximum potential flow rate, as defined in sections 2.1.1.1 and 2.1.4.1 of appendix A to
part 75 of this chapter.

(2) For a disapproved moisture monitoring system and disapproved diluent gas monitoring system, respectively, the
minimum potential moisture percentage and either the maximum potential CO
2
concentration or the minimum potential O
2
concentration (as applicable), as defined in sections 2.1.5, 2.1.3.1, and 2.1.3.2 of appendix A to part 75 of this chapter.

(3) For a disapproved fuel flowmeter system, the maximum potential fuel flow rate, as defined in section 2.4.2.1 of
appendix D to part 75 of this chapter.
§75.63 of this chapter.

(C) The owner or operator shall repeat all certification tests or other requirements that were failed by the monitoring system, as indicated in the Administrator's notice of disapproval, no later than 30 unit operating days after the date of issuance of the notice of disapproval.

(e) The owner or operator of a unit qualified to use the low mass emissions (LME) excepted methodology under §75.19 of this chapter shall meet the applicable certification and recertification requirements in §§75.19(a)(2) and 75.20(h) of this chapter. If the owner or operator of such a unit elects to certify a fuel flowmeter system for heat input determination, the owner or operator shall also meet the certification and recertification requirements in §75.20(g) of this chapter.

§97.632 Monitoring system out-of-control periods.

(a) General provisions. Whenever any monitoring system fails to meet the quality-assurance and quality-control requirements or data validation requirements of part 75 of this chapter, data shall be substituted using the applicable missing data procedures in subpart D or appendix D to part 75 of this chapter.

(b) Audit decertification. Whenever both an audit of a monitoring system and a review of the initial certification or recertification application reveal that any monitoring system should not have been certified or recertified because it did not meet a particular performance specification or other requirement under §97.631 or the applicable provisions of part 75 of this chapter, both at the time of the initial certification or recertification application submission and at the time of the audit, the Administrator will issue a notice of disapproval of the certification status of such monitoring system. For the purposes of this paragraph, an audit shall be either a field audit or an audit of any information submitted to the Administrator or any State or permitting authority. By issuing the notice of disapproval, the Administrator revokes prospectively the certification status of the monitoring system. The data measured and recorded by the monitoring system shall not be considered valid quality-assured data from the date of issuance of the notification of the revoked certification status until the date and time that the owner or operator completes subsequently approved initial certification or recertification tests for the monitoring system. The owner or operator shall follow the applicable initial certification or recertification procedures in §97.631 for each disapproved monitoring system.

§97.633 Notifications concerning monitoring.

The designated representative of a CSAPR SO\textsubscript{2} Group 1 unit shall submit written notice to the Administrator in accordance with §75.61 of this chapter.

§97.634 Recordkeeping and reporting.

(a) General provisions. The designated representative shall comply with all recordkeeping and reporting requirements in paragraphs (b) through (e) of this section, the applicable recordkeeping and reporting requirements in subparts F and G of part 75 of this chapter, and the requirements of §97.614(a).

(b) Monitoring plans. The owner or operator of a CSAPR SO\textsubscript{2} Group 1 unit shall comply with the requirements of §75.62 of this chapter.

(c) Certification applications. The designated representative shall submit an application to the Administrator within 45 days after completing all initial certification or recertification tests required under §97.631, including the information required under §75.63 of this chapter.

(d) Quarterly reports. The designated representative shall submit quarterly reports, as follows:

(1) The designated representative shall report the SO\textsubscript{2} mass emissions data and heat input data for a CSAPR SO\textsubscript{2} Group 1 unit, in an electronic quarterly report in a format prescribed by the Administrator, for each calendar quarter beginning with the later of:
§97.635 Petitions for alternatives to monitoring, recordkeeping, or reporting requirements.

(a) The designated representative of a CSAPR SO2 Group 1 unit may submit a petition under §75.66 of this chapter to the Administrator, requesting approval to apply an alternative to any requirement of §§97.630 through 97.634.

(1) Identification of each unit and source covered by the petition;

(2) A detailed explanation of why the proposed alternative is being suggested in lieu of the requirement;

(3) A description and diagram of any equipment and procedures used in the proposed alternative;

(4) A demonstration that the proposed alternative is consistent with the purposes of the requirement for which the alternative is proposed and with the purposes of this subpart and part 75 of this chapter and that any adverse effect of approving the alternative will be de minimis; and

(5) Any other relevant information that the Administrator may require.

(i) The calendar quarter covering January 1, 2015 through March 31, 2015; or

(ii) The calendar quarter corresponding to the earlier of the date of provisional certification or the applicable deadline for initial certification under §97.630(b).

(2) The designated representative shall submit each quarterly report to the Administrator within 30 days after the end of the calendar quarter covered by the report. Quarterly reports shall be submitted in the manner specified in §75.64 of this chapter.

(4) The Administrator may review and conduct independent audits of any quarterly report in order to determine whether the quarterly report meets the requirements of this subpart and part 75 of this chapter, including the requirement to use substitute data.

(i) The Administrator will notify the designated representative of any determination that the quarterly report fails to meet any such requirements and specify in such notification any corrections that the Administrator believes are necessary to make through resubmission of the quarterly report and a reasonable time period within which the designated representative must respond. Upon request by the designated representative, the Administrator may specify reasonable extensions of such time period. Within the time period (including any such extensions) specified by the Administrator, the designated representative shall resubmit the quarterly report with the corrections specified by the Administrator, except to the extent the designated representative provides information demonstrating that a specified correction is not necessary because the quarterly report already meets the requirements of this subpart and part 75 of this chapter that are relevant to the specified correction.

(ii) Any resubmission of a quarterly report shall meet the requirements applicable to the submission of a quarterly report under this subpart and part 75 of this chapter, except for the deadline set forth in paragraph (d)(2) of this section.

(e) Compliance certification. The certification shall state that:

(1) The monitoring data submitted were recorded in accordance with the applicable requirements of this subpart and part 75 of this chapter, including the quality assurance procedures and specifications; and

(2) For a unit with add-on SO2 emission controls and for all hours where SO2 data are substituted in accordance with §75.34(a)(1) of this chapter, the add-on emission controls were operating within the range of parameters listed in the quality assurance/quality control program under appendix B to part 75 of this chapter and the substitute data values do not systematically underestimate SO2 emissions.

(c) Use of an alternative to any requirement referenced in paragraph (a) of this section is in accordance with this subpart only to the extent that the petition is approved in writing by the Administrator and that such use is in accordance with such approval.

(iii) Total NO\textsubscript{X} emissions from all base CSAPR NO\textsubscript{X} Ozone Season Group 2 units at base CSAPR NO\textsubscript{X} Ozone Season Group 2 sources in a State (and Indian country within the borders of such State) during a control period in a given year exceed the State assurance level if such total NO\textsubscript{X} emissions exceed the sum, for such control period, of the State NO\textsubscript{X} Ozone Season Group 2 trading budget under §97.810(a) and the State’s variability limit under §97.810(b).

(iv) It shall not be a violation of this subpart or of the Clean Air Act if total NO\textsubscript{X} emissions from all base CSAPR NO\textsubscript{X} Ozone Season Group 2 units at base CSAPR NO\textsubscript{X} Ozone Season Group 2 sources in a State (and Indian country within the borders of such State) during a control period exceed the State assurance level or if a common designated representative’s share of total NO\textsubscript{X} emissions from the base CSAPR NO\textsubscript{X} Ozone Season Group 2 units at base CSAPR NO\textsubscript{X} Ozone Season Group 2 sources in a State (and Indian country within the borders of such State) during a control period exceeds the common designated representative’s assurance level.

(v) To the extent the owners and operators fail to hold CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances for a control period in a given year in accordance with paragraphs (c)(2)(i) through (iii) of this section,

(A) The owners and operators shall pay any fine, penalty, or assessment or comply with any other remedy imposed under the Clean Air Act; and

(B) Each CSAPR NO\textsubscript{X} Ozone Season Group 2 allowance that the owners and operators fail to hold for such control period in accordance with paragraphs (c)(2)(i) through (iii) of this section and each day of such control period shall constitute a separate violation of this subpart and the Clean Air Act.

(3) Compliance periods. (i) A CSAPR NO\textsubscript{X} Ozone Season Group 2 unit shall be subject to the requirements under paragraph (c)(1) of this section for the control period starting on the later of May 1, 2017 or the deadline for meeting the unit’s monitor certification requirements under §97.830(b) and for each control period thereafter.

(ii) A base CSAPR NO\textsubscript{X} Ozone Season Group 2 unit shall be subject to the requirements under paragraph (c)(2) of this section for the control period starting on the later of May 1, 2017 or the deadline for meeting the unit’s monitor certification requirements under §97.830(b) and for each control period thereafter.

(6) Limited authorization. A CSAPR NO\textsubscript{X} Ozone Season Group 2 allowance is a limited authorization to emit one ton of NO\textsubscript{X} during the control period in one year. Such authorization is limited in its use and duration as follows:

(i) Such authorization shall only be used in accordance with the CSAPR NO\textsubscript{X} Ozone Season Group 2 Trading Program; and

(ii) Notwithstanding any other provision of this subpart, the Administrator has the authority to terminate or limit the use and duration of such authorization to the extent the Administrator determines is necessary or appropriate to implement any provision of the Clean Air Act.

This paragraph explicitly provides that the addition of, or change to, a unit's description as described in the prior sentence is eligible for minor permit modification procedures in accordance with §§70.7(e)(2)(i)(B) and 71.7(e)(1)(i)(B) of this chapter.

(e) Additional recordkeeping and reporting requirements. (1) Unless otherwise provided, the owners and operators of each CSAPR NO\textsubscript{X} Ozone Season Group 2 source or the designated representative of a CSAPR NO\textsubscript{X} Ozone Season Group 2 unit at the source shall keep on site at the source each of the following documents (in hardcopy or electronic format) for a period of 5 years from the date the document is created. (i) The certificate of representation under §97.816 for the designated representative for the source and each CSAPR NO\textsubscript{X} Ozone Season Group 2 unit at the source and all documents that demonstrate the truth of the statements in the certificate of representation; provided that the certificate and documents shall be retained on site at the source beyond such 5-year period until such certificate of representation and documents are superseded because of the submission of a new certificate of representation under §97.816 changing the designated representative.

(f) Liability. (1) Any provision of the CSAPR NO\textsubscript{X} Ozone Season Group 2 Trading Program that applies to a CSAPR NO\textsubscript{X} Ozone Season Group 2 source or the designated representative of a CSAPR NO\textsubscript{X} Ozone Season Group 2 source shall also apply to the owners and operators of such source and of the CSAPR NO\textsubscript{X} Ozone Season Group 2 units at the source.

§97.811 Timing requirements for CSAPR NO\textsubscript{X} Ozone Season Group 2 allowance allocations.

(a) Existing units. (1) CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances are allocated, for the control periods in 2017 and each year thereafter, as provided in a notice of data availability issued by the Administrator. Providing an allocation to a unit in such notice does not constitute a determination that the unit is a CSAPR NO\textsubscript{X} Ozone Season Group 2 unit, and not providing an allocation to a unit in such notice does not constitute a determination that the unit is not a CSAPR NO\textsubscript{X} Ozone Season Group 2 unit.

(2) Notwithstanding paragraph (a)(1) of this section, if a unit provided an allocation in the notice of data availability issued under paragraph (a)(1) of this section does not operate, starting after 2016, during the control period in two consecutive years, such unit will not be allocated the CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances provided in such notice for the unit for the control periods in the fifth year after the first such year and in each year after that fifth year. All CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances that would otherwise have been allocated to such unit will be allocated to the new unit set-aside for the State where such unit is located and for the respective years involved. If such unit resumes operation, the Administrator will allocate CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances to the unit in accordance with paragraph (b) of this section.

(b) New units—(1) New unit set-asides. (i) By June 1, 2017 and June 1 of each year thereafter, the Administrator will calculate the CSAPR NO\textsubscript{X} Ozone Season Group 2 allowance allocation to each CSAPR NO\textsubscript{X} Ozone Season Group 2 unit in a State, in accordance with §97.812(a)(2) through (7) and (12), for the control period in the year of the applicable calculation deadline under this paragraph and will promulgate a notice of data availability of the results of the calculations.

(ii) For each notice of data availability required in paragraph (b)(1)(i) of this section, the Administrator will provide an opportunity for submission of objections to the calculations referenced in such notice.

(A) Objections shall be submitted by the deadline specified in each notice of data availability required in paragraph (b)(1)(i) of this section and shall be limited to addressing whether the calculations (including the identification of the CSAPR NO\textsubscript{X} Ozone Season Group 2 units) are in accordance with §97.812(a)(2) through (7) and (12) and §§97.806(b)(2) and 97.830 through 97.835.

(B) The Administrator will adjust the calculations to the extent necessary to ensure that they are in accordance with the provisions referenced in paragraph (b)(1)(ii)(A) of this section. By August 1 immediately after the promulgation of each notice of data availability required in paragraph (b)(1)(i) of this section, the Administrator will promulgate a notice of data availability of any adjustments that the Administrator determines to be necessary with regard to allocations under §97.812(a)(2) through (7) and (12) and the reasons for accepting or rejecting any objections submitted in accordance with paragraph (b)(1)(ii)(A) of this section.

(iii) If the new unit set-aside for such control period contains any CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances that have not been allocated in the applicable notice of data availability required in paragraph (b)(1)(ii) of this section, the Administrator will promulgate, by December 15 immediately after such notice, a notice of data availability that identifies any CSAPR NO\textsubscript{X} Ozone Season Group 2 units that commenced commercial operation during the period starting January 1 of the year before the year of such control period and ending November 30 of the year of such control period.

(iv) For each notice of data availability required in paragraph (b)(1)(iii) of this section, the Administrator will provide an opportunity for submission of objections to the identification of CSAPR NO\textsubscript{X} Ozone Season Group 2 units in such notice.

(A) Objections shall be submitted by the deadline specified in each notice of data availability required in paragraph (b)(1)(iii) of this section and shall be limited to addressing whether the identification of CSAPR NO\textsubscript{X} Ozone Season Group 2 units in such notice is in accordance with paragraph (b)(1)(iii) of this section.

(B) The Administrator will adjust the identification of CSAPR NO\textsubscript{X} Ozone Season Group 2 units in each notice of data availability required in paragraph (b)(1)(iii) of this section to the extent necessary to ensure that it is in accordance with paragraph (b)(1)(iii) of this section and will calculate the CSAPR NO\textsubscript{X} Ozone Season Group 2 allowance allocation to each CSAPR NO\textsubscript{X} Ozone Season Group 2 unit in accordance with §97.812(a)(9), (10), and (12) and §§97.806(b)(2) and 97.830 through 97.835. By February 15 immediately after the promulgation of each notice of data availability required in paragraph (b)(1)(iii) of this section, the Administrator will promulgate a notice of data availability of any adjustments of the identification of CSAPR NO\textsubscript{X} Ozone Season Group 2 units that the Administrator determines to be necessary, the reasons for accepting or rejecting any objections submitted in accordance with paragraph (b)(1)(iv)(A) of this section, and the results of such calculations.
(v) To the extent any CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances are added to the new unit set-aside after promulgation of each notice of data availability required in paragraph (b)(1)(iv) of this section, the Administrator will promulgate additional notices of data availability, as deemed appropriate, of the allocation of such CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances in accordance with §97.812(a)(10).

(2) Indian country new unit set-asides. (i) By June 1, 2017 and June 1 of each year thereafter, the Administrator will calculate the CSAPR NO\textsubscript{X} Ozone Season Group 2 allowance allocation to each CSAPR NO\textsubscript{X} Ozone Season Group 2 unit in Indian country within the borders of a State, in accordance with §97.812(b)(2) through (7) and (12), for the control period in the year of the applicable calculation deadline under this paragraph and will promulgate a notice of data availability of the results of the calculations.

(ii) For each notice of data availability required in paragraph (b)(2)(i) of this section, the Administrator will provide an opportunity for submission of objections to the calculations referenced in such notice.

(A) Objections shall be submitted by the deadline specified in each notice of data availability required in paragraph (b)(2)(i) of this section and shall be limited to addressing whether the calculations (including the identification of the CSAPR NO\textsubscript{X} Ozone Season Group 2 units) are in accordance with §97.812(b)(2) through (7) and (12) and §§97.806(b)(2) and 97.830 through 97.835.

(B) The Administrator will adjust the calculations to the extent necessary to ensure that they are in accordance with the provisions referenced in paragraph (b)(2)(ii)(A) of this section. By August 1 immediately after the promulgation of each notice of data availability required in paragraph (b)(2)(i) of this section, the Administrator will promulgate a notice of data availability of any adjustments that the Administrator determines to be necessary with regard to allocations under §97.812(b)(2) through (7) and (12) and the reasons for accepting or rejecting any objections submitted in accordance with paragraph (b)(2)(ii)(A) of this section.

(iii) If the Indian country new unit set-aside for such control period contains any CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances that have not been allocated in the applicable notice of data availability required in paragraph (b)(2)(ii) of this section, the Administrator will promulgate, by December 15 immediately after such notice, a notice of data availability that identifies any CSAPR NO\textsubscript{X} Ozone Season Group 2 units that commenced commercial operation during the period starting January 1 of the year before the year of such control period and ending November 30 of the year of such control period.

(iv) For each notice of data availability required in paragraph (b)(2)(iii) of this section, the Administrator will provide an opportunity for submission of objections to the identification of CSAPR NO\textsubscript{X} Ozone Season Group 2 units in such notice.

(A) Objections shall be submitted by the deadline specified in each notice of data availability required in paragraph (b)(2)(iii) of this section and shall be limited to addressing whether the identification of CSAPR NO\textsubscript{X} Ozone Season Group 2 units in such notice is in accordance with paragraph (b)(2)(iii) of this section.

(B) The Administrator will adjust the identification of CSAPR NO\textsubscript{X} Ozone Season Group 2 units in each notice of data availability required in paragraph (b)(2)(iii) of this section to the extent necessary to ensure that it is in accordance with paragraph (b)(2)(ii)(i) of this section and will calculate the CSAPR NO\textsubscript{X} Ozone Season Group 2 allowance allocation to each CSAPR NO\textsubscript{X} Ozone Season Group 2 unit in accordance with §97.812(b)(9), (10), and (12) and §§97.806(b)(2) and 97.830 through 97.835. By February 15 immediately after the promulgation of each notice of data availability required in paragraph (b)(2)(iii) of this section, the Administrator will promulgate a notice of data availability of any adjustments of the identification of CSAPR NO\textsubscript{X} Ozone Season Group 2 units that the Administrator determines to be necessary, the reasons for accepting or rejecting any objections submitted in accordance with paragraph (b)(2)(iv)(A) of this section, and the results of such calculations.

(v) To the extent any CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances are added to the Indian country new unit set-aside after promulgation of each notice of data availability required in paragraph (b)(2)(iv) of this section, the Administrator will promulgate additional notices of data availability, as deemed appropriate, of the allocation of such CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances in accordance with §97.812(b)(10).

(a) For each control period in 2017 and thereafter and for the CSAPR NO\textsubscript{X} Ozone Season Group 2 units in each State, the Administrator will allocate CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances to the CSAPR NO\textsubscript{X} Ozone Season Group 2 units as follows:

(1) The CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances will be allocated to the following CSAPR NO\textsubscript{X} Ozone Season Group 2 units, except as provided in paragraph (a)(10) of this section:

(i) CSAPR NO\textsubscript{X} Ozone Season Group 2 units that are not allocated an amount of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances in the notice of data availability issued under §97.811(a)(1);

(ii) CSAPR NO\textsubscript{X} Ozone Season Group 2 units whose allocation of an amount of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances for such control period in the notice of data availability issued under §97.811(a)(1) is covered by §97.811(c)(2) or (3);

(iii) CSAPR NO\textsubscript{X} Ozone Season Group 2 units that are allocated an amount of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances for such control period in the notice of data availability issued under §97.811(a)(1), which allocation is terminated for such control period pursuant to §97.811(a)(2), and that operate during the control period immediately preceding such control period; or

(iv) For purposes of paragraph (a)(9) of this section, CSAPR NO\textsubscript{X} Ozone Season Group 2 units under §97.811(c)(1)(ii) whose allocation of an amount of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances for such control period in the notice of data availability issued under §97.811(b)(1)(iii)(B) is covered by §97.811(c)(2) or (3).

(2) The Administrator will establish a separate new unit set-aside for the State for each such control period. Each such new unit set-aside will be allocated CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances in an amount equal to the applicable amount of tons of NO\textsubscript{X} emissions as set forth in §97.810(a) and will be allocated additional CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances (if any) in accordance with §97.811(a)(2) and (c)(5) and paragraph (b)(10) of this section.

(3) The Administrator will determine, for each CSAPR NO\textsubscript{X} Ozone Season Group 2 unit described in paragraph (a)(1) of this section, an allocation of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances for the later of the following control periods and for each subsequent control period:

(i) The control period in 2017;

(ii) The first control period after the control period in which the CSAPR NO\textsubscript{X} Ozone Season Group 2 unit commences commercial operation;

(iv) For a unit described in paragraph (a)(1)(iii) of this section, the first control period after the control period in which the unit resumes operation.

(4)(i) The allocation to each CSAPR NO\textsubscript{X} Ozone Season Group 2 unit described in paragraphs (a)(1)(i) through (iii) of this section and for each control period described in paragraph (a)(3) of this section will be an amount equal to the unit’s total tons of NO\textsubscript{X} emissions during the immediately preceding control period.

(ii) The Administrator will adjust the allocation amount in paragraph (a)(4)(i) of this section in accordance with paragraphs (a)(5) through (7) and (12) of this section.

(5) The Administrator will calculate the sum of the CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances determined for all such CSAPR NO\textsubscript{X} Ozone Season Group 2 units under paragraph (a)(4)(i) of this section in the State for such control period.

(6) If the amount of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances in the new unit set-aside for the State for such control period is greater than or equal to the sum under paragraph (a)(5) of this section, then the Administrator will allocate the amount of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances determined for each such CSAPR NO\textsubscript{X} Ozone Season Group 2 unit under paragraph (a)(4)(i) of this section.

(7) If the amount of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances in the new unit set-aside for the State for such control period is less than the sum under paragraph (a)(5) of this section, then the Administrator will allocate to each such CSAPR NO\textsubscript{X}
Ozone Season Group 2 units the amount of the CSAPR NO\textsubscript{x} Ozone Season Group 2 allowances determined under paragraph (a)(4)(i) of this section for the unit, multiplied by the amount of CSAPR NO\textsubscript{x} Ozone Season Group 2 allowances in the new unit set-aside for such control period, divided by the sum under paragraph (a)(5) of this section, and rounded to the nearest allowance.

(8) The Administrator will notify the public, through the promulgation of the notices of data availability described in §97.811(b)(1)(i) and (ii), of the amount of CSAPR NO\textsubscript{x} Ozone Season Group 2 allowances allocated under paragraphs (a)(2) through (7) and (12) of this section for such control period to each CSAPR NO\textsubscript{x} Ozone Season Group 2 unit eligible for such allocation.

(9) If, after completion of the procedures under paragraphs (a)(5) through (8) of this section for such control period, any unallocated CSAPR NO\textsubscript{x} Ozone Season Group 2 allowances remain in the new unit set-aside for the State for such control period, the Administrator will allocate such CSAPR NO\textsubscript{x} Ozone Season Group 2 allowances as follows—

(i) The Administrator will determine, for each unit described in paragraph (a)(1) of this section that commenced commercial operation during the period starting January 1 of the year before the year of such control period and ending November 30 of the year of such control period, the positive difference (if any) between the unit's emissions during such control period and the amount of CSAPR NO\textsubscript{x} Ozone Season Group 2 allowances referenced in the notice of data availability required under §97.811(b)(1)(i) for the unit for such control period;

(ii) The Administrator will determine the sum of the positive differences determined under paragraph (a)(9)(i) of this section;

(iii) If the amount of unallocated CSAPR NO\textsubscript{x} Ozone Season Group 2 allowances remaining in the new unit set-aside for the State for such control period is greater than or equal to the sum determined under paragraph (a)(9)(ii) of this section, then the Administrator will allocate the amount of CSAPR NO\textsubscript{x} Ozone Season Group 2 allowances determined for each such CSAPR NO\textsubscript{x} Ozone Season Group 2 unit under paragraph (a)(9)(i) of this section; and

(iv) If the amount of unallocated CSAPR NO\textsubscript{x} Ozone Season Group 2 allowances remaining in the new unit set-aside for the State for such control period is less than the sum under paragraph (a)(9)(ii) of this section, then the Administrator will allocate to each such CSAPR NO\textsubscript{x} Ozone Season Group 2 unit the amount of the CSAPR NO\textsubscript{x} Ozone Season Group 2 allowances determined under paragraph (a)(9)(i) of this section for the unit, multiplied by the amount of unallocated CSAPR NO\textsubscript{x} Ozone Season Group 2 allowances remaining in the new unit set-aside for such control period, divided by the sum under paragraph (a)(9)(ii) of this section, and rounded to the nearest allowance.

(10) If, after completion of the procedures under paragraphs (a)(9) and (12) of this section for such control period, any unallocated CSAPR NO\textsubscript{x} Ozone Season Group 2 allowances remain in the new unit set-aside for the State for such control period, the Administrator will allocate to each CSAPR NO\textsubscript{x} Ozone Season Group 2 unit that is in the State, is allocated an amount of CSAPR NO\textsubscript{x} Ozone Season Group 2 allowances in the notice of data availability issued under §97.811(a)(1), and continues to be allocated CSAPR NO\textsubscript{x} Ozone Season Group 2 allowances for such control period in accordance with §97.811(a)(2), an amount of CSAPR NO\textsubscript{x} Ozone Season Group 2 allowances equal to the following: The total amount of such remaining unallocated CSAPR NO\textsubscript{x} Ozone Season Group 2 allowances in such new unit set-aside, multiplied by the unit's allocation under §97.811(a) for such control period, divided by the remainder of the amount of tons in the applicable State NO\textsubscript{x} Ozone Season Group 2 trading budget minus the sum of the amounts of tons in such new unit set-aside and the Indian country new unit set-aside for the State for such control period, and rounded to the nearest allowance.

(11) The Administrator will notify the public, through the promulgation of the notices of data availability described in §97.811(b)(1)(iii), (iv), and (v), of the amount of CSAPR NO\textsubscript{x} Ozone Season Group 2 allowances allocated under paragraphs (a)(9), (10), and (12) of this section for such control period to each CSAPR NO\textsubscript{x} Ozone Season Group 2 unit eligible for such allocation.

(12) (i) Notwithstanding the requirements of paragraphs (a)(2) through (11) of this section, if the calculations of allocations of a new unit set-aside for a control period in a given year under paragraph (a)(7) of this section, paragraphs (a)(6) and (a)(9) (iv) of this section, or paragraphs (a)(6), (a)(9)(iii), and (a)(10) of this section would otherwise result in total allocations of such new unit set-aside exceeding the total amount of such new unit set-aside, then the Administrator will adjust the results of the calculations under paragraph (a)(7), (a)(9)(iv), or (a)(10) of this section, as applicable, as follows. The Administrator will list the CSAPR NO\textsubscript{x} Ozone Season Group 2 units in descending order based on the amount of such units' allocations under paragraph (a)(7), (a)(9)(iv), or (a)(10) of this section, applicable, and, in cases of equal allocation amounts, in alphabetical order of the relevant source's name and numerical order of the relevant unit's identification number, and will reduce each unit's allocation under paragraph (a)(7), (a)(9)(iv), or (a)(10) of this section, applicable, by one CSAPR NO\textsubscript{x} Ozone Season Group 2 allowance (but not below zero) in the order in which the units are listed and will repeat this reduction process as necessary, until the total allocations of such new unit set-aside equal the total amount of such new unit set-aside.
(ii) Notwithstanding the requirements of paragraphs (a)(10) and (11) of this section, if the calculations of allocations of a new unit set-aside for a control period in a given year under paragraphs (a)(6), (a)(9)(iii), and (a)(10) of this section would otherwise result in a total allocation of such new unit set-aside less than the total amount of such new unit set-aside, then the Administrator will adjust the results of the calculations under paragraph (a)(10) of this section, as follows. The Administrator will list the CSAPR NO\textsubscript{X} Ozone Season Group 2 units in descending order based on the amount of such units’ allocations under paragraph (a)(10) of this section and, in cases of equal allocation amounts, in alphabetical order of the relevant source's name and numerical order of the relevant unit's identification number, and will increase each unit's allocation under paragraph (a)(10) of this section by one CSAPR NO\textsubscript{X} Ozone Season Group 2 allowance in the order in which the units are listed and will repeat this increase process as necessary, until the total allocations of such new unit set-aside equal the total amount of such new unit set-aside.

(b) For each control period in 2017 and thereafter and for the CSAPR NO\textsubscript{X} Ozone Season Group 2 units located in Indian country within the borders of each State, the Administrator will allocate CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances to the CSAPR NO\textsubscript{X} Ozone Season Group 2 units as follows:

(ii) The Administrator will adjust the allocation amount in paragraph (b)(4)(i) of this section in accordance with paragraphs (b)(5) through (7) and (12) of this section.

(5) The Administrator will calculate the sum of the CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances determined for all such CSAPR NO\textsubscript{X} Ozone Season Group 2 units under paragraph (b)(4)(i) of this section in Indian country within the borders of the State for such control period.

(6) If the amount of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances in the Indian country new unit set-aside for the State for such control period is greater than or equal to the sum under paragraph (b)(5) of this section, then the Administrator will allocate the amount of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances determined for each such CSAPR NO\textsubscript{X} Ozone Season Group 2 unit under paragraph (b)(4)(i) of this section.

(7) If the amount of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances in the Indian country new unit set-aside for the State for such control period is less than the sum under paragraph (b)(5) of this section, then the Administrator will allocate to each such CSAPR NO\textsubscript{X} Ozone Season Group 2 unit the amount of the CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances determined under paragraph (b)(4)(i) of this section for the unit, multiplied by the amount of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances in the Indian country new unit set-aside for such control period, divided by the sum under paragraph (b)(5) of this section, and rounded to the nearest allocation.
(8) The Administrator will notify the public, through the promulgation of the notices of data availability described in §97.811(b)(2)(i) and (ii), of the amount of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances allocated under paragraphs (b)(2) through (7) and (12) of this section for such control period to each CSAPR NO\textsubscript{X} Ozone Season Group 2 unit eligible for such allocation.

(k) By the date 15 days after the date on which any allocation or auction results, other than an allocation or auction results described in paragraphs (a) through (j) of this section, of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances to a recipient is made by or are submitted to the Administrator in accordance with §97.811 or §97.812 or with a SIP revision approved under §52.38(b)(6), (8), or (9) of this chapter, the Administrator will record such allocation or auction results in the appropriate Allowance Management System account.

(l) When recording the allocation or auction of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances to a CSAPR NO\textsubscript{X} Ozone Season Group 2 unit or other entity in an Allowance Management System account, the Administrator will assign each CSAPR NO\textsubscript{X} Ozone Season Group 2 allowance a unique identification number that will include digits identifying the year of the control period for which the CSAPR NO\textsubscript{X} Ozone Season Group 2 allowance is allocated or auctioned.
(2) When the Administrator attempts to record the transfer, the transferor account includes each CSAPR NO\textsubscript{X} Ozone Season Group 2 allowance identified by serial number in the transfer.

§97.823 Recordation of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowance transfers.

(a) Within 5 business days (except as provided in paragraph (b) of this section) of receiving a CSAPR NO\textsubscript{X} Ozone Season Group 2 allowance transfer that is correctly submitted under §97.822, the Administrator will record a CSAPR NO\textsubscript{X} Ozone Season Group 2 allowance transfer by moving each CSAPR NO\textsubscript{X} Ozone Season Group 2 allowance from the transferor account to the transferee account as specified in the transfer.

(b) A CSAPR NO\textsubscript{X} Ozone Season Group 2 allowance transfer to or from a compliance account that is submitted for recordation after the allowance transfer deadline for a control period and that includes any CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances allocated or auctioned for any control period before such allowance transfer deadline will not be recorded until after the Administrator completes the deductions from such compliance account under §97.824 for the control period immediately before such allowance transfer deadline.

(c) Where a CSAPR NO\textsubscript{X} Ozone Season Group 2 allowance transfer is not correctly submitted under §97.822, the Administrator will not record such transfer.

(d) Within 5 business days of recordation of a CSAPR NO\textsubscript{X} Ozone Season Group 2 allowance transfer under paragraphs (a) and (b) of the section, the Administrator will notify the authorized account representatives of both the transferor and transferee accounts.

(e) Within 10 business days of receipt of a CSAPR NO\textsubscript{X} Ozone Season Group 2 allowance transfer that is not correctly submitted under §97.822, the Administrator will notify the authorized account representatives of both accounts subject to the transfer of:

1. A decision not to record the transfer, and
2. The reasons for such non-recordation.

§97.824 Compliance with CSAPR NO\textsubscript{X} Ozone Season Group 2 emissions limitation.

(a) Availability for deduction for compliance. CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances are available to be deducted for compliance with a source's CSAPR NO\textsubscript{X} Ozone Season Group 2 emissions limitation for a control period in a given year only if the CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances:

1. Were allocated or auctioned for such control period or a control period in a prior year; and
2. Are held in the source's compliance account as of the allowance transfer deadline for such control period.

(b) Deductions for compliance. After the recordation, in accordance with §97.823, of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowance transfers submitted by the allowance transfer deadline for a control period in a given year, the Administrator will deduct from each source's compliance account CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances available under paragraph (a) of this section in order to determine whether the source meets the CSAPR NO\textsubscript{X} Ozone Season Group 2 emissions limitation for such control period, as follows:

1. Until the amount of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances deducted equals the number of tons of total NO\textsubscript{X} emissions from all CSAPR NO\textsubscript{X} Ozone Season Group 2 units at the source for such control period; or
2. If there are insufficient CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances to complete the deductions in paragraph (b)(1) of this section, until no more CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances available under paragraph (a) of this section remain in the compliance account.

(c) Identification of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances by serial number. The authorized account representative for a source's compliance account may request that specific CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances, identified by serial number, in the compliance account be deducted for emissions or excess emissions for a control period in a given year in accordance with paragraph (b) or (d) of this section. In order to be complete, such request shall be submitted to
the Administrator by the allowance transfer deadline for such control period and include, in a format prescribed by the Administrator, the identification of the CSAPR NO\textsubscript{X} Ozone Season Group 2 source and the appropriate serial numbers.

(2) **First-in, first-out.** The Administrator will deduct CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances under paragraph (b) or (d) of this section from the source's compliance account in accordance with a complete request under paragraph (c)(1) of this section or, in the absence of such request or in the case of identification of an insufficient amount of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances in such request, on a first-in, first-out accounting basis in the following order:

(i) Any CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances that were recorded in the compliance account pursuant to §97.821 and not transferred out of the compliance account, in the order of recordation; and then

(ii) Any other CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances that were transferred to and recorded in the compliance account pursuant to this subpart or that were recorded in the compliance account pursuant to §97.526(c), in the order of recordation.

(d) **Deductions for excess emissions.** After making the deductions for compliance under paragraph (b) of this section for a control period in a year in which the CSAPR NO\textsubscript{X} Ozone Season Group 2 source has excess emissions, the Administrator will deduct from the source's compliance account an amount of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances, allocated or auctioned for a control period in a prior year or the control period in the year of the excess emissions or in the immediately following year, equal to two times the number of tons of the source's excess emissions.

(e) **Recordation of deductions.** The Administrator will record in the appropriate compliance account all deductions from such an account under paragraphs (b) and (d) of this section.

§97.825 Compliance with CSAPR NO\textsubscript{X} Ozone Season Group 2 assurance provisions.

(a) **Availability for deduction.** CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances are available to be deducted for compliance with the CSAPR NO\textsubscript{X} Ozone Season Group 2 assurance provisions for a control period in a given year by the owners and operators of a group of one or more base CSAPR NO\textsubscript{X} Ozone Season Group 2 sources and units in a State (and Indian country within the borders of such State) only if the CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances:

(1) Were allocated or auctioned for a control period in a prior year or the control period in the given year or in the immediately following year; and

(2) Are held in the assurance account, established by the Administrator for such owners and operators of such group of base CSAPR NO\textsubscript{X} Ozone Season Group 2 sources and units in such State (and Indian country within the borders of such State) under paragraph (b)(3) of this section, as of the deadline established in paragraph (b)(4) of this section.

(b) **Deductions for compliance.** The Administrator will deduct CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances available under paragraph (a) of this section for compliance with the CSAPR NO\textsubscript{X} Ozone Season Group 2 assurance provisions for a State for a control period in a given year in accordance with the following procedures:

(1) By June 1, 2018 and June 1 of each year thereafter, the Administrator will:

(i) Calculate, for each State (and Indian country within the borders of such State), the total NO\textsubscript{X} emissions from all base CSAPR NO\textsubscript{X} Ozone Season Group 2 units at base CSAPR NO\textsubscript{X} Ozone Season Group 2 sources in the State (and Indian country within the borders of such State) during the control period in the year before the year of this calculation deadline and the amount, if any, by which such total NO\textsubscript{X} emissions exceed the State assurance level as described in §97.806(c)(2)(iii); and

(ii) Promulgate a notice of data availability of the results of the calculations required in paragraph (b)(1)(i) of this section, including separate calculations of the NO\textsubscript{X} emissions from each base CSAPR NO\textsubscript{X} Ozone Season Group 2 source.

(2) For each notice of data availability required in paragraph (b)(1)(ii) of this section and for any State (and Indian country within the borders of such State) identified in such notice as having base CSAPR NO\textsubscript{X} Ozone Season Group 2 units with total NO\textsubscript{X} emissions exceeding the State assurance level for a control period in a given year, as described in §97.806(c)(2)(iii):

(i) By July 1 immediately after the promulgation of such notice, the designated representative of each base CSAPR NO\textsubscript{X} Ozone Season Group 2 source in each such State (and Indian country within the borders of such State) shall submit a statement, in a format prescribed by the Administrator, providing for each base CSAPR NO\textsubscript{X} Ozone Season Group 2 unit (if any) at the source that operates during, but is not allocated an amount of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances for,
such control period, the unit's allowable NO\textsubscript{X} emission rate for such control period and, if such rate is expressed in lb per mmBtu, the unit's heat rate.

(ii) By August 1 immediately after the promulgation of such notice, the Administrator will calculate, for each such State (and Indian country within the borders of such State) and such control period and each common designated representative for such control period for a group of one or more base CSAPR NO\textsubscript{X} Ozone Season Group 2 sources and units in the State (and Indian country within the borders of such State), the common designated representative's share of the total NO\textsubscript{X} emissions from all base CSAPR NO\textsubscript{X} Ozone Season Group 2 units at base CSAPR NO\textsubscript{X} Ozone Season Group 2 sources in the State (and Indian country within the borders of such State), the common designated representative's assurance level, and the amount (if any) of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances that the owners and operators of such group of sources and units must hold in accordance with the calculation formula in §97.806(c)(2)(i) and will promulgate a notice of data availability of the results of these calculations.

(iii) The Administrator will provide an opportunity for submission of objections to the calculations referenced by the notice of data availability required in paragraph (b)(2)(ii) of this section and the calculations referenced by the relevant notice of data availability required in paragraph (b)(1)(ii) of this section.

(A) Objections shall be submitted by the deadline specified in such notice and shall be limited to addressing whether the calculations referenced in the relevant notice required under paragraph (b)(1)(ii) of this section and referenced in the notice required under paragraph (b)(2)(ii) of this section are in accordance with §97.806(c)(2)(iii), §§97.806(b) and 97.830 through 97.835, the definitions of “common designated representative”, “common designated representative's assurance level”, and “common designated representative's share” in §97.802, and the calculation formula in §97.806(c)(2)(i).

(B) The Administrator will adjust the calculations to the extent necessary to ensure that they are in accordance with the provisions referenced in paragraph (b)(2)(i)(A) of this section. By October 1 immediately after the promulgation of such notice, the Administrator will promulgate a notice of data availability of the calculations incorporating any adjustments that the Administrator determines to be necessary and the reasons for accepting or rejecting any objections submitted in accordance with paragraph (b)(2)(iii)(A) of this section.

(3) For any State (and Indian country within the borders of such State) referenced in each notice of data availability required in paragraph (b)(2)(iii)(B) of this section as having base CSAPR NO\textsubscript{X} Ozone Season Group 2 units with total NO\textsubscript{X} emissions exceeding the State assurance level for a control period in a given year, the Administrator will establish one assurance account for each set of owners and operators referenced, in the notice of data availability required under paragraph (b)(2)(iii)(B) of this section, as all of the owners and operators of a group of base CSAPR NO\textsubscript{X} Ozone Season Group 2 sources and units in the State (and Indian country within the borders of such State) having a common designated representative for such control period and as being required to hold CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances.

(4)(i) As of midnight of November 1 immediately after the promulgation of each notice of data availability required in paragraph (b)(2)(iii)(B) of this section, the owners and operators described in paragraph (b)(3) of this section shall hold in the assurance account established for them and for the appropriate base CSAPR NO\textsubscript{X} Ozone Season Group 2 sources, base CSAPR NO\textsubscript{X} Ozone Season Group 2 units, and State (and Indian country within the borders of such State) under paragraph (b)(3) of this section a total amount of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances, available for deduction under paragraph (a) of this section, equal to the amount such owners and operators are required to hold with regard to such sources, units and State (and Indian country within the borders of such State) as calculated by the Administrator and referenced in such notice.

(ii) Notwithstanding the allowance-holding deadline specified in paragraph (b)(4)(i) of this section, if November 1 is not a business day, then such allowance-holding deadline shall be midnight of the first business day thereafter.

(5) After November 1 (or the date described in paragraph (b)(4)(ii) of this section) immediately after the promulgation of each notice of data availability required in paragraph (b)(2)(iii)(B) of this section and after the recordation, in accordance with §97.823, of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowance transfers submitted by midnight of such date, the Administrator will determine whether the owners and operators described in paragraph (b)(3) of this section hold, in the assurance account for the appropriate base CSAPR NO\textsubscript{X} Ozone Season Group 2 sources, base CSAPR NO\textsubscript{X} Ozone Season Group 2 units, and State (and Indian country within the borders of such State) established under paragraph (b)(3) of this section, the amount of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances available under paragraph (a) of this section that the owners and operators are required to hold with regard to such sources, units, and State (and Indian country within the borders of such State) as calculated by the Administrator and referenced in the notice required in paragraph (b)(2)(iii)(B) of this section.

(6) Notwithstanding any other provision of this subpart and any revision, made by or submitted to the Administrator after the promulgation of the notice of data availability required in paragraph (b)(2)(iii)(B) of this section for a control period in a given year, of any data used in making the calculations referenced in such notice, the amounts of CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances that the owners and operators are required to hold in accordance with §97.806(c)(2)(i) for such control period

https://www.ecfr.gov/cgi-bin/text-idx?SID=d1186cbbd426e9a3b0cc092c359a7551fb&mc=true&node=sp40.23.97.eeeee&rgn=div6

shall continue to be such amounts as calculated by the Administrator and referenced in such notice required in paragraph (b)(2)(iii)(B) of this section, except as follows:

(i) If any such data are revised by the Administrator as a result of a decision in or settlement of litigation concerning such data on appeal under part 78 of this chapter of such notice, or on appeal under section 307 of the Clean Air Act of a decision rendered under part 78 of this chapter on appeal of such notice, then the Administrator will use the data as so revised to recalculate the amounts of CSAPR NOx Ozone Season Group 2 allowances that owners and operators are required to hold in accordance with the calculation formula in §97.806(c)(2)(i) for such control period with regard to the base CSAPR NOx Ozone Season Group 2 sources, base CSAPR NOx Ozone Season Group 2 units, and State (and Indian country within the borders of such State) involved, provided that such litigation was initiated no later than 30 days after promulgation of such notice required in paragraph (b)(2)(iii)(B) of this section.

(ii) If any such data are revised by the owners and operators of a base CSAPR NOx Ozone Season Group 2 source and base CSAPR NOx Ozone Season Group 2 unit whose designated representative submitted such data under paragraph (b)(2)(i) of this section, as a result of a decision in or settlement of litigation concerning such submission, then the Administrator will use the data as so revised to recalculate the amounts of CSAPR NOx Ozone Season Group 2 allowances that owners and operators are required to hold in accordance with the calculation formula in §97.806(c)(2)(i) for such control period with regard to the base CSAPR NOx Ozone Season Group 2 sources, base CSAPR NOx Ozone Season Group 2 units, and State (and Indian country within the borders of such State) involved, provided that such litigation was initiated no later than 30 days after promulgation of such notice required in paragraph (b)(2)(iii)(B) of this section.

(iii) If the revised data are used to recalculate, in accordance with paragraphs (b)(6)(i) and (ii) of this section, the amount of CSAPR NOx Ozone Season Group 2 allowances that the owners and operators are required to hold for such control period with regard to the base CSAPR NOx Ozone Season Group 2 sources, base CSAPR NOx Ozone Season Group 2 units, and State (and Indian country within the borders of such State) involved—

(A) Where the amount of CSAPR NOx Ozone Season Group 2 allowances that the owners and operators are required to hold increases as a result of the use of all such revised data, the Administrator will establish a new, reasonable deadline on which the owners and operators shall hold the additional amount of CSAPR NOx Ozone Season Group 2 allowances in the assurance account established by the Administrator for the appropriate base CSAPR NOx Ozone Season Group 2 sources, base CSAPR NOx Ozone Season Group 2 units, and State (and Indian country within the borders of such State) under paragraph (b)(3) of this section. The owners' and operators' failure to hold such additional amount, as required, before the new deadline shall not be a violation of the Clean Air Act. The owners' and operators' failure to hold such additional amount, as required, as of the new deadline shall be a violation of the Clean Air Act. Each CSAPR NOx Ozone Season Group 2 allowance that the owners and operators fail to hold as required as of the new deadline, and each day in such control period, shall be a separate violation of the Clean Air Act.

(B) For the owners and operators for which the amount of CSAPR NOx Ozone Season Group 2 allowances required to be held decreases as a result of the use of all such revised data, the Administrator will record, in all accounts from which CSAPR NOx Ozone Season Group 2 allowances were transferred by such owners and operators for such control period to the assurance account established by the Administrator for the appropriate base CSAPR NOx Ozone Season Group 2 sources, base CSAPR NOx Ozone Season Group 2 units, and State (and Indian country within the borders of such State) under paragraph (b)(3) of this section, a total amount of the CSAPR NOx Ozone Season Group 2 allowances held in such assurance account equal to the amount of the decrease. If CSAPR NOx Ozone Season Group 2 allowances were transferred to such assurance account from more than one account, the amount of CSAPR NOx Ozone Season Group 2 allowances recorded in each such transferor account will be in proportion to the percentage of the total amount of CSAPR NOx Ozone Season Group 2 allowances transferred to such assurance account for such control period from such transferor account.

(C) Each CSAPR NOx Ozone Season Group 2 allowance held under paragraph (b)(6)(iii)(A) of this section as a result of recalculation of requirements under the CSAPR NOx Ozone Season Group 2 assurance provisions for such control period must be a CSAPR NOx Ozone Season Group 2 allowance allocated for a control period in a year before or the year immediately following, or in the same year as, the year of such control period.

§97.826 Banking.

(a) A CSAPR NOx Ozone Season Group 2 allowance may be banked for future use or transfer in a compliance account or a general account in accordance with paragraph (b) of this section.
§97.827 Account error.

The Administrator may, at his or her sole discretion and on his or her own motion, correct any error in any Allowance Management System account. Within 10 business days of making such correction, the Administrator will notify the authorized account representative for the account.

§97.828 Administrator’s action on submissions.

(a) The Administrator may review and conduct independent audits concerning any submission under the CSAPR NO\textsubscript{X} Ozone Season Group 2 Trading Program and make appropriate adjustments of the information in the submission.

(b) The Administrator may deduct CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances from or transfer CSAPR NO\textsubscript{X} Ozone Season Group 2 allowances to a compliance account or an assurance account, based on the information in a submission, as adjusted under paragraph (a) of this section, and record such deductions and transfers.

§97.829 [Reserved]

§97.830 General monitoring, recordkeeping, and reporting requirements.

The owners and operators, and to the extent applicable, the designated representative, of a CSAPR NO\textsubscript{X} Ozone Season Group 2 unit, shall comply with the monitoring, recordkeeping, and reporting requirements as provided in this subpart and subpart H of part 75 of this chapter. For purposes of applying such requirements, the definitions in §97.802 and in §72.2 of this chapter shall apply, the terms “affected unit,” “designated representative,” and “continuous emission monitoring system” (or “CEMS”) respectively as defined in §97.802, and the term “newly affected unit” shall be deemed to mean “newly affected CSAPR NO\textsubscript{X} Ozone Season Group 2 unit”. The owner or operator of a unit that is not a CSAPR NO\textsubscript{X} Ozone Season Group 2 unit but that is monitored under §75.72(b)(2)(ii) of this chapter shall comply with the same monitoring, recordkeeping, and reporting requirements as a CSAPR NO\textsubscript{X} Ozone Season Group 2 unit.

(a) Requirements for installation, certification, and data accounting. The owner or operator of each CSAPR NO\textsubscript{X} Ozone Season Group 2 unit shall:

(1) Install all monitoring systems required under this subpart for monitoring NO\textsubscript{X} mass emissions and individual unit heat input (including all systems required to monitor NO\textsubscript{X} emission rate, NO\textsubscript{X} concentration, stack gas moisture content, stack gas flow rate, CO\textsubscript{2} or O\textsubscript{2} concentration, and fuel flow rate, as applicable, in accordance with §§75.71 and 75.72 of this chapter);

(2) Successfully complete all certification tests required under §97.831 and meet all other requirements of this subpart and part 75 of this chapter applicable to the monitoring systems under paragraph (a)(1) of this section; and

(3) Record, report, and quality-assure the data from the monitoring systems under paragraph (a)(1) of this section.

(b) Compliance deadlines. Except as provided in paragraph (e) of this section, the owner or operator of a CSAPR NO\textsubscript{X} Ozone Season Group 2 unit shall meet the monitoring system certification and other requirements of paragraphs (a)(1) and (2) of this section on or before the latest of the following dates and shall record, report, and quality-assure the data from the monitoring systems under paragraph (a)(1) of this section on and after the latest of the following dates:

(1) May 1, 2017;

(2) 180 calendar days after the date on which the unit commences commercial operation; or

(3) Where data for the unit are reported on a control period basis under §97.834(d)(1)(ii)(B), and where the compliance date under paragraph (b)(2) of this section is not in a month from May through September, May 1 immediately after the...
(4) The owner or operator of a CSAPR NOX Ozone Season Group 2 unit for which construction of a new stack or flue or installation of add-on NOX emission controls is completed after the applicable deadline under paragraph (b)(1), (2), or (3) of this section shall meet the requirements of §75.4(e)(1) through (4) of this chapter, except that:

(i) Such requirements shall apply to the monitoring systems required under §97.830 through §97.835, rather than the monitoring systems required under part 75 of this chapter;

(ii) NOX emission rate, NOX concentration, stack gas moisture content, stack gas volumetric flow rate, and O2 or CO2 concentration data shall be determined and reported, rather than the data listed in §75.4(e)(2) of this chapter; and

(iii) Any petition for another procedure under §75.4(e)(2) of this chapter shall be submitted under §97.835, rather than §75.66 of this chapter.

(c) Reporting data. The owner or operator of a CSAPR NOX Ozone Season Group 2 unit that does not meet the applicable compliance date set forth in paragraph (b) of this section for any monitoring system under paragraph (a)(1) of this section shall, for each such monitoring system, determine, record, and report maximum potential (or, as appropriate, minimum potential) values for NOX concentration, NOX emission rate, stack gas flow rate, stack gas moisture content, fuel flow rate, and any other parameters required to determine NOX mass emissions and heat input in accordance with §75.31(b)(2) or (c)(3) of this chapter, section 2.4 of appendix D to part 75 of this chapter, or section 2.5 of appendix E to part 75 of this chapter, as applicable.

(d) Prohibitions. (1) No owner or operator of a CSAPR NOX Ozone Season Group 2 unit shall use any alternative monitoring system, alternative reference method, or any other alternative to any requirement of this subpart without having obtained prior written approval in accordance with §97.835.

(2) No owner or operator of a CSAPR NOX Ozone Season Group 2 unit shall operate the unit so as to discharge, or allow to be discharged, NOX to the atmosphere without accounting for all such NOX in accordance with the applicable provisions of this subpart and part 75 of this chapter.

(3) No owner or operator of a CSAPR NOX Ozone Season Group 2 unit shall disrupt the continuous emission monitoring system, any portion thereof, or any other approved emission monitoring method, and thereby avoid monitoring and recording NOX mass discharged into the atmosphere or heat input, except for periods of recertification or periods when calibration, quality assurance testing, or maintenance is performed in accordance with the applicable provisions of this subpart and part 75 of this chapter.

(4) No owner or operator of a CSAPR NOX Ozone Season Group 2 unit shall retire or permanently discontinue use of the continuous emission monitoring system, any component thereof, or any other approved monitoring system under this subpart, except under any one of the following circumstances:

(i) During the period that the unit is covered by an exemption under §97.805 that is in effect;

(ii) The owner or operator is monitoring emissions from the unit with another certified monitoring system approved, in accordance with the applicable provisions of this subpart and part 75 of this chapter, by the Administrator for use at that unit that provides emission data for the same pollutant or parameter as the retired or discontinued monitoring system; or

(iii) The designated representative submits notification of the date of certification testing of a replacement monitoring system for the retired or discontinued monitoring system in accordance with §97.831(d)(3)(i).

(e) Long-term cold storage. The owner or operator of a CSAPR NOX Ozone Season Group 2 unit is subject to the applicable provisions of §75.4(d) of this chapter concerning units in long-term cold storage.

§97.831 Initial monitoring system certification and recertification procedures.

(a) The owner or operator of a CSAPR NOX Ozone Season Group 2 unit shall be exempt from the initial certification requirements of this section for a monitoring system under §97.830(a)(1) if the following conditions are met:

(1) The monitoring system has been previously certified in accordance with part 75 of this chapter; and

(2) The applicable quality-assurance and quality-control requirements of §75.21 of this chapter and appendices B, D, and E to part 75 of this chapter are fully met for the certified monitoring system described in paragraph (a)(1) of this section.
(b) The recertification provisions of this section shall apply to a monitoring system under §97.830(a)(1) that is exempt from initial certification requirements under paragraph (a) of this section.

(c) If the Administrator has previously approved a petition under §75.17(a) or (b) of this chapter for apportioning the NOX emission rate measured in a common stack or a petition under §75.66 of this chapter for an alternative to a requirement in §75.12 or §75.17 of this chapter, the designated representative shall resubmit the petition to the Administrator under §97.835 to determine whether the approval applies under the CSAPR NOX Ozone Season Group 2 Trading Program.

(d) Except as provided in paragraph (a) of this section, the owner or operator of a CSAPR NOX Ozone Season Group 2 unit shall comply with the following initial certification and recertification procedures for a continuous monitoring system (i.e., a continuous emission monitoring system and an excepted monitoring system under appendices D and E to part 75 of this chapter) under §97.830(a)(1). The owner or operator of a unit that qualifies to use the low mass emissions excepted monitoring methodology under §75.19 of this chapter or that qualifies to use an alternative monitoring system under subpart E of part 75 of this chapter shall comply with the procedures in paragraph (e) or (f) of this section respectively.

(1) Requirements for initial certification. The owner or operator shall ensure that each continuous monitoring system under §97.830(a)(1) (including the automated data acquisition and handling system) successfully completes all of the initial certification testing required under §75.20 of this chapter by the applicable deadline in §97.830(b). In addition, whenever the owner or operator installs a monitoring system to meet the requirements of this subpart in a location where no such monitoring system was previously installed, initial certification in accordance with §75.20 of this chapter is required.

(2) Requirements for recertification. Whenever the owner or operator makes a replacement, modification, or change in any certified continuous emission monitoring system under §97.830(a)(1) that may significantly affect the ability of the system to accurately measure or record NOX mass emissions or heat input rate or to meet the quality-assurance and quality-control requirements of §75.21 of this chapter or appendix B to part 75 of this chapter, the owner or operator shall recertify the monitoring system in accordance with §75.20(b) of this chapter. Furthermore, whenever the owner or operator makes a replacement, modification, or change to the flue gas handling system or the unit's operation that may significantly change the stack flow or concentration profile, the owner or operator shall recertify each continuous emission monitoring system whose accuracy is potentially affected by the change, in accordance with §75.20(b) of this chapter. Examples of changes to a continuous emission monitoring system that require recertification include replacement of the analyzer, complete replacement of an existing continuous emission monitoring system, or change in location or orientation of the sampling probe or site. Any fuel flowmeter system, and any excepted NOX monitoring system under appendix E to part 75 of this chapter, under §97.830(a)(1) are subject to the recertification requirements in §75.20(g)(6) of this chapter.

(3) Approval process for initial certification and recertification. For initial certification of a continuous monitoring system under §97.830(a)(1), paragraphs (d)(3)(i) through (v) of this section apply. For recertifications of such monitoring systems, paragraphs (d)(3)(i) through (iv) of this section and the procedures in §75.20(b)(5) and (g)(7) of this chapter (in lieu of the procedures in paragraph (d)(3)(v) of this section) apply, provided that in applying paragraphs (d)(3)(i) through (iv) of this section, the words "certification" and "initial certification" are replaced by the word "recertification" and the word "certified" is replaced by with the word "recertified".

(i) Notification of certification. The designated representative shall submit to the appropriate EPA Regional Office and the Administrator written notice of the dates of certification testing, in accordance with §97.833.

(ii) Certification application. The designated representative shall submit to the Administrator a certification application for each monitoring system. A complete certification application shall include the information specified in §75.63 of this chapter.

(iii) Provisional certification date. The provisional certification date for a monitoring system shall be determined in accordance with §75.20(a)(3) of this chapter. A provisionally certified monitoring system may be used under the CSAPR NOX Ozone Season Group 2 Trading Program for a period not to exceed 120 days after receipt by the Administrator of the complete certification application for the monitoring system under paragraph (d)(3)(ii) of this section. Data measured and recorded by the provisionally certified monitoring system, in accordance with the requirements of part 75 of this chapter, will be considered valid quality-assured data (retroactive to the date and time of provisional certification), provided that the Administrator does not invalidate the provisional certification by issuing a notice of disapproval within 120 days of the date of receipt of the complete certification application by the Administrator.

(iv) Certification application approval process. The Administrator will issue a written notice of approval or disapproval of the certification application to the owner or operator within 120 days of receipt of the complete certification application under paragraph (d)(3)(ii) of this section. In the event the Administrator does not issue such a notice within such 120-day period, each monitoring system that meets the applicable performance requirements of part 75 of this chapter and is included in the certification application will be deemed certified for use under the CSAPR NOX Ozone Season Group 2 Trading Program.
(A) Approval notice. If the certification application is complete and shows that each monitoring system meets the applicable performance requirements of part 75 of this chapter, then the Administrator will issue a written notice of approval of the certification application within 120 days of receipt.

(B) Incomplete application notice. If the certification application is not complete, then the Administrator will issue a written notice of incompleteness that sets a reasonable date by which the designated representative must submit the additional information required to complete the certification application. If the designated representative does not comply with the notice of incompleteness by the specified date, then the Administrator may issue a notice of disapproval under paragraph (d)(3)(iv)(C) of this section.

(C) Disapproval notice. If the certification application shows that any monitoring system does not meet the performance requirements of part 75 of this chapter or if the certification application is incomplete and the requirement for disapproval under paragraph (d)(3)(iv)(B) of this section is met, then the Administrator will issue a written notice of disapproval of the certification application. Upon issuance of such notice of disapproval, the provisional certification is invalidated by the Administrator and the data measured and recorded by each uncertified monitoring system shall not be considered valid quality-assured data beginning with the date and hour of provisional certification (as defined under §75.20(a)(3) of this chapter).

(D) Audit decertification. The Administrator may issue a notice of disapproval of the certification status of a monitor in accordance with §97.832(b).

(v) Procedures for loss of certification. If the Administrator issues a notice of disapproval of a certification application under paragraph (d)(3)(iv)(C) of this section or a notice of disapproval of certification status under paragraph (d)(3)(iv)(D) of this section, then:

(A) The owner or operator shall substitute the following values, for each disapproved monitoring system, for each hour of unit operation during the period of invalid data specified under §75.20(a)(4)(iii), §75.20(g)(7), or §75.21(e) of this chapter and continuing until the applicable date and hour specified under §75.20(a)(5)(i) or (g)(7) of this chapter:

1. For a disapproved NO\textsubscript{X} emission rate (i.e., NO\textsubscript{X}-diluent) system, the maximum potential NO\textsubscript{X} emission rate, as defined in §72.2 of this chapter.

2. For a disapproved NO\textsubscript{X} pollutant concentration monitor and disapproved flow monitor, respectively, the maximum potential concentration of NO\textsubscript{X} and the maximum potential flow rate, as defined in sections 2.1.2.1 and 2.1.4.1 of appendix A to part 75 of this chapter.

3. For a disapproved moisture monitoring system and disapproved diluent gas monitoring system, respectively, the minimum potential moisture percentage and either the maximum potential CO\textsubscript{2} concentration or the minimum potential O\textsubscript{2} concentration (as applicable), as defined in sections 2.1.5, 2.1.3.1, and 2.1.3.2 of appendix A to part 75 of this chapter.

4. For a disapproved fuel flowmeter system, the maximum potential fuel flow rate, as defined in section 2.4.2.1 of appendix D to part 75 of this chapter.

5. For a disapproved excepted NO\textsubscript{X} monitoring system under appendix E to part 75 of this chapter, the fuel-specific maximum potential NO\textsubscript{X} emission rate, as defined in §72.2 of this chapter.

(B) The designated representative shall submit a notification of certification retest dates and a new certification application in accordance with paragraphs (d)(3)(i) and (ii) of this section.

(C) The owner or operator shall repeat all certification tests or other requirements that were failed by the monitoring system, as indicated in the Administrator's notice of disapproval, no later than 30 unit operating days after the date of issuance of the notice of disapproval.

(e) The owner or operator of a unit qualified to use the low mass emissions (LME) excepted methodology under §75.19 of this chapter shall meet the applicable certification and recertification requirements in §§75.19(a)(2) and 75.20(h) of this chapter. If the owner or operator of such a unit elects to certify a fuel flowmeter system for heat input determination, the owner or operator shall also meet the certification and recertification requirements in §75.20(g) of this chapter.

(f) The designated representative of each unit for which the owner or operator intends to use an alternative monitoring system approved by the Administrator under subpart E of part 75 of this chapter shall comply with the applicable notification and application procedures of §75.20(f) of this chapter.
(a) General provisions. Whenever any monitoring system fails to meet the quality-assurance and quality-control requirements or data validation requirements of part 75 of this chapter, data shall be substituted using the applicable missing data procedures in subpart D or subpart H of, or appendix D or appendix E to, part 75 of this chapter.

(b) Audit decertification. Whenever both an audit of a monitoring system and a review of the initial certification or recertification application reveal that any monitoring system should not have been certified or recertified because it did not meet a particular performance specification or other requirement under §97.831 or the applicable provisions of part 75 of this chapter, both at the time of the initial certification or recertification application submission and at the time of the audit, the Administrator will issue a notice of disapproval of the certification status of such monitoring system. For the purposes of this paragraph, an audit shall be either a field audit or an audit of any information submitted to the Administrator or any State or permitting authority. By issuing the notice of disapproval, the Administrator revokes prospectively the certification status of the monitoring system. The data measured and recorded by the monitoring system shall not be considered valid quality-assured data from the date of issuance of the notification of the revoked certification status until the date and time that the owner or operator completes subsequently approved initial certification or recertification tests for the monitoring system. The owner or operator shall follow the applicable initial certification or recertification procedures in §97.831 for each disapproved monitoring system.

§97.833 Notifications concerning monitoring.

The designated representative of a CSAPR NO\textsubscript{x} Ozone Season Group 2 unit shall submit written notice to the Administrator in accordance with §75.61 of this chapter.

§97.834 Recordkeeping and reporting.

(a) General provisions. The designated representative shall comply with all recordkeeping and reporting requirements in paragraphs (b) through (e) of this section, the applicable recordkeeping and reporting requirements under §75.73 of this chapter, and the requirements of §97.814(a).

(b) Monitoring plans. The owner or operator of a CSAPR NO\textsubscript{x} Ozone Season Group 2 unit shall comply with the requirements of §75.73(c) and (e) of this chapter.

(c) Certification applications. The designated representative shall submit an application to the Administrator within 45 days after completing all initial certification or recertification tests required under §97.831, including the information required under §75.63 of this chapter.

(d) Quarterly reports. The designated representative shall submit quarterly reports, as follows:

(1)(i) If a CSAPR NO\textsubscript{x} Ozone Season Group 2 unit is subject to the Acid Rain Program or the CSAPR NO\textsubscript{x} Annual Trading Program or if the owner or operator of such unit chooses to report on an annual basis under this subpart, then the designated representative shall meet the requirements of subpart H of part 75 of this chapter (concerning monitoring of NO\textsubscript{x} mass emissions) for such unit for the entire year and report the NO\textsubscript{x} mass emissions data and heat input data for such unit for the entire year.

(ii) If a CSAPR NO\textsubscript{x} Ozone Season Group 2 unit is not subject to the Acid Rain Program or the CSAPR NO\textsubscript{x} Annual Trading Program, then the designated representative shall either:

(A) Meet the requirements of subpart H of part 75 of this chapter for such unit for the entire year and report the NO\textsubscript{x} mass emissions data and heat input data for such unit for the entire year in accordance with paragraph (d)(1)(i) of this section; or

(B) Meet the requirements of subpart H of part 75 of this chapter (including the requirements in §75.74(c) of this chapter) for such unit for the control period and report the NO\textsubscript{x} mass emissions data and heat input data (including the data described in §75.74(c)(6) of this chapter) for such unit only for the control period of each year.

(2) The designated representative shall report the NO\textsubscript{x} mass emissions data and heat input data for a CSAPR NO\textsubscript{x} Ozone Season Group 2 unit, in an electronic quarterly report in a format prescribed by the Administrator, for each calendar quarter indicated under paragraph (d)(1) of this section beginning by the latest of:

(i) The calendar quarter covering May 1, 2017 through June 30, 2017;

(ii) The calendar quarter corresponding to the earlier of the date of provisional certification or the applicable deadline for initial certification under §97.830(b); or
(iii) For a unit that reports on a control period basis under paragraph (d)(1)(ii)(B) of this section, if the calendar quarter under paragraph (d)(2)(ii) of this section does not include a month from May through September, the calendar quarter covering May 1 through June 30 immediately after the calendar quarter under paragraph (d)(2)(ii) of this section.

(3) The designated representative shall submit each quarterly report to the Administrator within 30 days after the end of the calendar quarter covered by the report. Quarterly reports shall be submitted in the manner specified in §75.73(f) of this chapter.

(4) For CSAPR NO\textsubscript{X} Ozone Season Group 2 units that are also subject to the Acid Rain Program, CSAPR NO\textsubscript{X} Annual Trading Program, CSAPR SO\textsubscript{2} Group 1 Trading Program, or CSAPR SO\textsubscript{2} Group 2 Trading Program, quarterly reports shall include the applicable data and information required by subparts F through H of part 75 of this chapter as applicable, in addition to the NO\textsubscript{X} mass emission data, heat input data, and other information required by this subpart.

(5) The Administrator may review and conduct independent audits of any quarterly report in order to determine whether the quarterly report meets the requirements of this subpart and part 75 of this chapter, including the requirement to use substitute data.

(i) The Administrator will notify the designated representative of any determination that the quarterly report fails to meet any such requirements and specify in such notification any corrections that the Administrator believes are necessary to make through resubmission of the quarterly report and a reasonable time period within which the designated representative must respond. Upon request by the designated representative, the Administrator may specify reasonable extensions of such time period. Within the time period (including any such extensions) specified by the Administrator, the designated representative shall resubmit the quarterly report with the corrections specified by the Administrator, except to the extent the designated representative provides information demonstrating that a specified correction is not necessary because the quarterly report already meets the requirements of this subpart and part 75 of this chapter that are relevant to the specified correction.

(ii) Any resubmission of a quarterly report shall meet the requirements applicable to the submission of a quarterly report under this subpart and part 75 of this chapter, except for the deadline set forth in paragraph (d)(3) of this section.

(e) Compliance certification. The designated representative shall submit to the Administrator a compliance certification (in a format prescribed by the Administrator) in support of each quarterly report based on reasonable inquiry of those persons with primary responsibility for ensuring that all of the unit's emissions are correctly and fully monitored. The certification shall state that:

(1) The monitoring data submitted were recorded in accordance with the applicable requirements of this subpart and part 75 of this chapter, including the quality assurance procedures and specifications;

(2) For a unit with add-on NO\textsubscript{X} emission controls and for all hours where NO\textsubscript{X} data are substituted in accordance with §75.34(a)(1) of this chapter, the add-on emission controls were operating within the range of parameters listed in the quality assurance/quality control program under appendix B to part 75 of this chapter and the substitute data values do not systematically underestimate NO\textsubscript{X} emissions; and

(3) For a unit that is reporting on a control period basis under paragraph (d)(1)(ii)(B) of this section, the NO\textsubscript{X} emission rate and NO\textsubscript{X} concentration values substituted for missing data under subpart D of part 75 of this chapter are calculated using only values from a control period and do not systematically underestimate NO\textsubscript{X} emissions.

§97.835 Petitions for alternatives to monitoring, recordkeeping, or reporting requirements.

(a) The designated representative of a CSAPR NO\textsubscript{X} Ozone Season Group 2 unit may submit a petition under §75.66 of this chapter to the Administrator, requesting approval to apply an alternative to any requirement of §§97.830 through 97.834.

(b) A petition submitted under paragraph (a) of this section shall include sufficient information for the evaluation of the petition, including, at a minimum, the following information:

(1) Identification of each unit and source covered by the petition;

(2) A detailed explanation of why the proposed alternative is being suggested in lieu of the requirement;

(3) A description and diagram of any equipment and procedures used in the proposed alternative;

(4) A demonstration that the proposed alternative is consistent with the purposes of the requirement for which the alternative is proposed and with the purposes of this subpart and part 75 of this chapter and that any adverse effect of approving the alternative will be de minimis; and
(5) Any other relevant information that the Administrator may require.

(c) Use of an alternative to any requirement referenced in paragraph (a) of this section is in accordance with this subpart only to the extent that the petition is approved in writing by the Administrator and that such use is in accordance with such approval.
