

NOTICE OF PUBLIC COMMENT AND HEARING

The West Virginia Department of Environmental Protection (DEP) submitted a revision to the State Implementation Plan (SIP) to attain and maintain the national ambient air quality standards (NAAQS) for sulfur dioxide (SO₂) on April 25, 2016. In the revision to the SIP, *Attainment Demonstration for the 1-hour National Ambient Air Quality Standard for Sulfur Dioxide (SO₂) State Implementation Plan for the West Virginia Portion of the Steubenville-Weirton, OH-WV Nonattainment Area, Comprising the Cross Creek Tax District of Brooke County*, DEP demonstrated that the West Virginia portion of the Steubenville-Weirton, OH-WV SO₂ nonattainment area, comprised of the Cross Creek Tax District in Brooke County, West Virginia, would meet the 1-hour SO₂ NAAQS by the mandatory date of October 4, 2018. Further, DEP showed the expected air quality improvement would be achieved through federally enforceable emission reduction measures. The area was designated as nonattainment with the 2010 1-hour SO₂ NAAQS [78 FR 47191, 05APR2013], effective October 4, 2013. The DEP is proposing a supplement to the April 25, 2016 SIP revision, and is offering an opportunity for public comment, and will hold a public hearing on November 6, 2017. The supplement, Order Number CO-SIP-C-2017-9, is in response to comments by U.S. EPA on the original revision, and supersedes and replaces Order Number CO-SIP-C-2015-14.

Once finalized Order Number CO-SIP-C-2017-9 will be submitted to U.S. EPA for approval and incorporation as a revision to the SIP. Written and oral comments will be accepted until the close of the public hearing and will be made part of the formal record. Please identify the document to which the comments apply, the commenter's name, address, and telephone number.

Written comments will also be accepted for inclusion in the formal record by mail, facsimile (304-926-0479), e-mail (Tammy.L.Mowrer@wv.gov) or other delivery to the Division of Air Quality if received by the close of business on November 6, 2017. Transmit written comments to William F. Durham, Director of the Division of Air Quality at the following address:
