

# IMPROPER DISPOSAL OF USED OIL WILL COST YOU

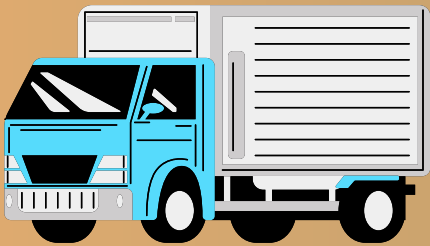

Drums and tanks must be in good condition and labeled “USED OIL”

Contain and clean up oil spill **IMMEDIATELY**

Do **NOT** dump used oil onto the ground or into waterways

Use an authorized oil transporter with an EPA ID number

Puncture used oil filters, if possible, and hot drain for 24 hours. Recycle or dispose of it in municipal trash once properly drained

**REMEMBER:** One drop of used oil contaminates a million drops of water
