High Explosives; Boosters, Primers, Detonating Cord: _____ lbs

Blasting Agent: ANFO: _____ lbs

Blasting Agent: Emulsion and others: _____ lbs

TOTAL POUNDS OF EXPLOSIVES USED THIS QUARTER: _____ lbs

Indicate your company-wide rate of production below and multiply your total pounds of explosives used by the indicated rate.

More than 300,000 Tons of Coal per year- X \$.0025 = Amount due: \$ _____

Less than 300,000 Tons of Coal per year * X \$.00125= Amount due: \$ _____

- Less than 300,000 tons per year is combined production from all operations owned by the permittee including production from owners and controllers of the permittee; and the permittee must qualify for the Small Operator Assistance Program authorized under SMCRA.
- Inventory records and documents used to calculate the amount of explosives used must be maintained and you may be required to produce these records in the event of an audit.

Please remit fee by the 10th of the month following the end of each calendar quarter. Failure to comply with the fee requirements of W.Va. Code §22-3 and 199 CSR 1 by the due date may result in permit suspension or revocation in accordance with W.Va. Code §22-3-17.

I, _____ (print or type name), having been duly sworn, and deposed, attest that all the information contained in this document is true and correct that I am a principal officer (President, Vice President) of the Permittee and that this document has been executed as required by law. I further acknowledge that any information provided or omitted herein for the purpose of defrauding or misleading the West Virginia Division of Environmental Protection may result in the institution of criminal or civil charges and/or other enforcement actions pursuant to applicable state laws.
