

Completed SRF Project for Morgantown Utility Board (Star City WWTP)

WVDEP STATE REVOLVING FUND GOVERNOR'S SUMMER INTERNSHIP PROGRAM

Engineering Intern

The West Virginia Department of Environmental Protection's (WVDEP) State Revolving Fund (SRF) is hiring one to two full-time summer interns to work in the engineering section of the SRF. This position is based in the Charleston, WV headquarters and will work alongside SRF engineers and project managers to gain real-world experience on water and wastewater projects. This position will perform entry-level engineering work under the close supervision of a professional engineer, including reviewing project documents such as preliminary engineering reports, facilities plans, plans and specifications, design reports, and long-term control plans and performing construction inspections. Interested engineering majors can use this QR code to apply:

**Real-World
Experience**

**Observe
Construction**

**Review Planning
Documents**

**Water and
Wastewater Systems**
