

Water Management Plan Update: Oil and Gas Workshop, 05/15/2014

Presented by: Jason Harmon

west virginia department of environmental protection

Agenda items

- WMP Pad Plans
 - Overview
 - Logistics
- Questions

WMP approval per well

First well on a pad

With subsequent wells, information is often redundant

duplicated effort

Overview

There should be a way to condense all this identical information into a single, comprehensive plan...

Overview

When drilling schedules change, modifying every WMP on the pad is tedious and introduces sources of error

Program change: Well Pad WMPs

Every well work permit must be accompanied by a water management plan meeting the requirements of §22-6A-7 and §35-8-5.6.

WMP Pad Plan Application

601 57th Street SE Charleston, WV25 Office of Oil and Gas Phone: (304) 926-0450	0		~
WATER MANAGEMENT PL/ WATER ADDENDUM • Horizontal Oil and Gas We Permits • Horizontal Oil and Gas We	AN/ Use received by Oral Cost: Administratively Complete – Oral Cost: Dres – Dro: Use received by Water Use: Complete – water Use:		Remodeled application

			stipulations

WMP Pad Plan Application Terminology

• First well on the pad (singular permit submission)

• First well on the pad (singular permit submission)

• First well on the pad (singular permit submission)

• Co-pending applications (multiple permit submission)

• Co-pending applications (multiple permit submission)

• Co-pending applications (multiple permit submission)

WMP Modifications

Section II(a)- Water Management Plan Overview

Plan Type		Plan Status				
Well (individual)	New (include full application)					
Well Pad	Co-pending (include full application) Approved (include previously approved pad plan plus sections I - III) Modification* (include full application)					
*All modifications for well WMPs will be converted to Well Pad WMPs unless otherwise requested Well Pad Name (if applicable):						
		Well Pad				
		I Pad Location (decimal deg				
	Latitude: Lat		County			
		-	· · · · · ·			

WMP Modifications

Well Pad Name (for all well and well pad plans): Well Pad Name			County: County Location (decimal degrees, NAD83)	
WMP (old)	Well Number	API	Lat	Long
01000	Well 1	47-000-00001	Lat	Long
01001	Well 2	47-000-00002	Lat	Long
01002	Well 3	47-000-00003	Lat	Long
	Well 4	47-000-00004	Lat	Long

• Water use estimates and date ranges

Section III(a) - Source Water Overview

Estimated Water Needs:

Estimated Water Needs.		
	Gallons	Anticipated Withdrawal Dates
Construction (compaction)	#	Pad Construction Start:
Drilling (cement, mud systems)	#	
Hydraulic Fracturing	#	- 5/15/2014
Post-Fracturing (coil tubing, drill-outs)	#	Pad Reclamation End:
Reclamation (hydroseeding)	#	5/15/2019
Incidental Use (dust suppression)	#	
Total	#	
Onsite storage capacity	#	

The following water consumption estimates (in gallons) have been	Construction: Drilling Activities:	210,000	Est. Construction Start: Est. Reclamation End:	5/15/2014 5/15/2019
reported for this plan:	Hydraulic Fracture:	33,600,000		0, 20, 2020
	Post-Fracture:	210,000		
	Incidental Uses:	210,000		
	Reclamation Activites:	210,000		
	Total Water for Well Pad	210,000		
west virginia department of environmental	5/2	/2014 1:03:10 PM		

Summary

- Every permit application MUST be accompanied by a WMP
 - WMP = full application if a pad WMP has never been issued with an approved permit; or
 - WMP = approval + short form (sections 1-3 of WMP application)
- Withdrawal date range restrictions of 1 year have been removed
- Expanded water use estimates are required to better capture well pad water use needs
